## Demonstration "Gossard" Corsets by Mrs. M. A. Miller

An expert corsetiere, trained in the Gossard "new school" of corset design, will be in attendance to show the superior features of Gossard front-laced corsets. We extend a cordial invitation to every woman in this vicinity who is interested in the corset styles for Fall to meet Mrs. M. A. Miller and discuss the corset question with her. If in the past you have had any doubts as to the corset which would do the most for your figure, a fitting with one of the Gossard models will put them to rest. There is a model for YOU. Exactly right for YOU. Be fitted to it and you will be delighted with the results. Gossard Corsets give the supple figure and the long, lithe lines demanded by the season's fashions. They support instead of depressing the abdominal organs, that is why physicians recommend them. They impart the classic, sculptured back. Anyone who knows the Gossard Corset can tell the Gossard wearer by the back; at a glance. The front-lacing is convenient and sensible. You can stand before your mirror and adjust your corset while you are putting it on. Gossard Corsets are made of the finest materials. Every detail is as nearly perfect as human ingenuity will permit. The materials are selected with great care for their textile strength, and the Gossard Corset will outwear two, or three ordinary corsets. Don't fail to see them.
