LOTS SMALL, DEBTS BIG

ILLY-SECURED NOTES FIND BUYERS IN SPOKANE.

Real Estate Sharks Operate by Purchase of Properties of Trivial Value.

PORT TOWNSEND, Wash., Nov. 20.—The recent sales of county property in this city opened a way for a land shark to make some easy money by fleecing unsuspecting people at Spokane. Some months ago a few men came here from Spokane and purchased a number of lots at a county sale. These are in suburban additions to the city, and at the sale brought prices ranging from 50 cents to a few dollars apiece.

A short time after the purchases had been made the Auditor did a good business in recording mortgages on these same lots, the platters calling for from \$500 to \$4500 when the mortgages were filed. Little attention was paid beyond the fact that the transactions looked a little strange.

lots. For a considerable time interest on the mortgages would be paid promptly, giving the affair a business-like appearance. Armed with such collateral, the speculators would purchase property in and around Spokane and turn over the notes and mortgages as part payment. The unsuspecting victims later, upon making investigation, found that they had been "gold-bricked."

WOMEN "COPS" MAKE \$2000

Lewiston's Tagday Campaign Nets \$1000 More Than Needed.

LEWISTON, Idaho, Nov. 20.—(Special.)—As a result of a "Tag day" campaign and police court in the hands of the women of Lewiston today, a fund of \$2000 has been realized for the Lewiston Home of the Children's Home and Aid Association. During the day more than 100 little girls canvassed the interests of tag and candy sale, while women police officers patrolled the streets and effected approximately 300 arrests.

The campaign was inaugurated to raise \$1000 for the purpose of purchasing a site for the Lewiston Home and the returns greatly exceeded the expectations of the women.

TICKET AGENT ACCUSED

FRAUD GAME IS WORKED ON NORTHERN PACIFIC.

Walla Walla Employee Arrested and Police Search for Conductor Young.

WALLA WALLA, Wash., Nov. 20.—(Special.)—Said to have bilked the Northern Pacific Railroad out of at least \$1000 through successful manipulation of an ancient trick, Harry C. Larrabee, night ticket agent for the line in this city, is now lodged in the County Jail, while his supposed partner, John C. Young, a conductor on the road, is being sought in Spokane. It is not known how long the work of the alleged swindle has been going on. The officials of the road would not state the exact amount stolen, but it will amount to more than \$1000. Both men are charged with grand larceny. The arrest of Larrabee was made this morning, and he was at once lodged in jail. The trick was a simple one. It required the co-operation of both a ticket agent and a conductor. When tickets were given to the conductor on the train he would not punch them, but instead enclose them in an envelope and hand it, addressed to the

ticket agent, to the conductor on the train headed for Walla Walla, which Young passed at Eureka Junction every day. As the tickets were stamped to date, it was an easy matter to resell. Mrs. Baker had heard a squawking in her henhouse. She found two men transferring hens from the coop to a wagon. She cried, "Let the chickens alone. Don't take these hens; eggs are 80 cents a dozen," but the men ignored the protest and the roosters, and took only the money-making hens.

Sanndors Is Held for Arson. SAN FRANCISCO, Nov. 20.—Thomas E. Sanndors, who was arrested immediately after the fire which destroyed a wing of St. Luke's Hospital last Thursday, on suspicion that he was responsible for the origin of the blaze, was formally charged with arson today.

THREE MILES PROMISED

STREET RAILWAY WILL BUILD IN PENDLETON SOON.

Failure to Obtain Franchise in Walla Walla Causes Company to Reverse Plans.

PENDLETON, Or., Nov. 20.—(Special.)—"Three miles of street railway are to be constructed in Pendleton and immediate vicinity within the next five months." This was the statement made by D. Fitzgerald, director and general manager of the Washington & Oregon Traction Company, to which several months ago was granted a franchise by the City Council on condition that two miles of road be built within 18 months. The time is nearly up. Mr. Fitzgerald, in company with Max Baumelster, another director and prominent stockholder in the company, came over from Walla Walla last evening and have been putting in the greater part of the day in an effort to secure suitable office rooms for the company's headquarters. Mr. Fitzgerald said today that while it was the original intention of the company to establish its headquarters in Walla Walla and to build its line out from that city in this direction, the failure at the Washington city to grant a trans-

chise had caused the company to abandon its plan and move to Pendleton. The line will first be constructed to Adams and Astoria. Later it will be extended to Weston and Milton and on to Walla Walla. Electricity for light and power purposes are also to be furnished for use in this city. Existing rates are to be cut, Mr. Fitzgerald said.

DEASY DISMISSES CHARGE

Men Accused of Robbing Langdon's Office Set Free.

SAN FRANCISCO, Nov. 20.—Police Judge Deasy today dismissed the charges against Frank J. Murphy, Eugene E. Platt, W. A. Abbott, Luther G. Brown and Joseph H. Handion, who were arrested on the charge of stealing and receiving stolen documents from the office of W. H. Langdon, District Attorney. The men dismissed today are the last of the nine who were arrested last Spring.

A Chance to Make Money.

You can get a Homestead in Mexico free, and do not have to live on it. We have secured and have absolute title to a magnificent tract of land in the Rio Tonto Valley, Mexico. This land is easily accessible, is very rich, and is especially adapted to the growing of bananas. All that is required of you is to have 1,000 banana trees planted within five years, and the Improvement Department will prepare the land, supply and plant the trees and care for them until they come into bearing for about \$600. You can pay this in installments of \$5 on more a month, and in three years after your trees are planted they will bring you a profit of from \$200 to \$300 an acre. We are starting a community and want you to let us send you our Booklet telling all about it, and showing how you may participate in these profits and secure a permanent income. We invite you to visit the plantation and make a complete investigation of our company and the proposition. We make you and satisfy yourself that we offer you a square deal.
