

WEST SIDE HIGH SCHOOL IS URGED

Directors Find Pressing Need of Additional Rooms for Pupils.

BOND ISSUE TO BE ASKED

East Side Grammar Grades Already Overcrowded—Plan, When Decided Upon, to Be Submitted to Vote.

A modern High School building, to cost \$500,000, with administrative headquarters for the general staff, about 100 additional rooms for grammar grades and the acquisition of more ground for play and ornamental purposes, will constitute the large problems to be discussed by the Board of Education at its session Tuesday night. Whichever funds for these shall be raised by direct taxation or by bonds will be another important question to be decided. Recommendations for whatever the directors determine to be best will be submitted to the taxpayers at a meeting to be held in December.

Four-Story High School.

"The district must build a four-story High School building on its property in the Couch Addition, on the West Side, for administrative purposes as well as for a High School," said H. C. Campbell, chairman of the building committee. "I think this certainly will have to be done next year, and I favor using the fourth floor for administration headquarters. We must get things so arranged that our general staff can work to the best advantage, and we must have such quarters. In my judgment, we must also, I feel, build 100 additional rooms for grammar grades next year, to accommodate the rapidly-increasing population of children. I do not know whether it is best to build all of these extra rooms from direct taxation," continued Mr. Campbell, "and one of the questions to be discussed at our meeting next Tuesday night will be as to the best means of paying for this extra equipment. Probably some of the money will be paid for from bond issues, and without much doubt that is the way the district will pay for the proposed West Side High School. The time has come when we must have more ground for play and ornamental purposes also, and how best to pay for this will be discussed. At present little playground is attached to our properties, and this must be remedied."

City Superintendent Rigler has made his recommendations to the board, calling for at least 54 new rooms for grammar work and for the proposed West Side High School. Mr. Rigler does not overlook the fact, however, that the number of additional rooms stated in his report is insufficient to provide all the facilities needed, if it is desired to give plenty of room. Rooms are also needed at Mount Tabor, Rose City Park and Kenton.

East Side Schools Crowded.

It is the East Side that is demanding the extra rooms for the grammar grades. It is almost impossible for the Board of Education to keep pace with the demands for handling this increase. More than 2,000 children are now enrolled in the public schools of the city, and any more will have to be cared for next year.

The High School system is growing rapidly also. It is said by the directors that a new modern building will be necessary for the West Side next year. Lincoln High School, the first in the city, at Fourteenth and Morrison streets, is entirely out of date, and will probably be used for grade work when the new West High School building is completed. The East Side will be well equipped for High School work soon, when the Jefferson building, in North Albina, is finished. This will be done about in time for the opening of the Spring term, in February. With the Washington building, at East Fourteenth and East Stark streets, this will be ample for some time, although it will not be long before additional facilities are necessary.

It will require considerably more than \$1,000,000 to cover the operations of the school district next year, and if it is decided to purchase additional land for play and ornamental purposes, it may run into much larger figures.

INDOOR FAIR PROMISING

Institute Club Plans to Give Home Beautiful Exhibition.

Plans are rapidly approaching completion for the Home Beautiful Exhibition, to be given by the Institute Club, and the headquarters have been established by the women's committee at room 409 Merchants' Trust building. Many influential persons have become actively interested in the promotion of the indoor affair and its success is assured.

The major portion of the proceeds, after the expenses are deducted, will be given to the eleemosynary work of the Institute. Besides the educational and betterment work now sustained and under the supervision of ten paid teachers and 40 volunteer assistant instructors, the work of the Institute is to be extended by the establishment of a free dispensary at Fourth and Burnside streets.

Several amusement features are to be provided on a free stage in the center of the hall, besides band concerts and soloists. A regular musical programme will be given every afternoon and evening. Special events, are being arranged to stimulate local interest generally, such as a baby parade, in which prizes in cash are to be given; fiddlers' convention, fraternal societies' day, in which the visits of various organizations are to be encouraged; manufacturers' night and a night for commercial organizations. A limited number of high-class exhibits are to be placed in the hall. A Japanese flower-booth and "Old Heidelberg" will be conducted by the women of the Institute Club.

Costly Hospital Goes Up.

SAN FRANCISCO, Nov. 20.—The cornerstone of the new San Francisco City and County Hospital, which, when completed, will have cost \$2,000,000, was laid today by Mayor Taylor. The new structure is being erected on the site of the old one on Protrero avenue.

Diphtheria Closes School.

ASTORIA, Or., Nov. 20.—(Special.)—As the result of two new cases of diphtheria having appeared in Uniontown, it has been decided to close the Uniontown School for two weeks.

Steinway The Piano of Supreme Quality

Incomparable

- in purity of tone
- in perfection of action
- in musical worth
- in artistic beauty
- in genuine piano value

The Steinway Piano is incomparably the best instrument produced. This fact is readily demonstrated.

If you are musically informed you already know its truth. If not, careful investigation will bring it home to you. Steinway supremacy is no new thing—for generations the Steinway has been the best piano. Steinway has made musical history—has set a standard through the years that other pianos have never reached. Today, as ever, Steinway is alone, supreme in all that makes up piano value. If you want the best there is and can be but one—the incomparable Steinway.

Prices \$575 to \$1400

We will allow full value for your old piano as part payment on a Steinway.

Steinway Pianos are sold on the Pacific Coast exclusively by Sherman, Clay & Co.

BAD LAND'S END IS NEAR

MAYOR'S EDICT DOUSES RED LIGHTS TOMORROW.

Captain Moore to Enforce Order to the Letter Monday Night. Women Must Leave.

Mayor Simon's orders that all houses of ill-repute in Portland shall close to stay closed are to be rigidly enforced by the police. That he means just what he says and will not be satisfied with anything else is understood at police headquarters. The order goes into effect tomorrow night, and Captain

Moore, commanding the first night relief, will have charge of its execution for Chief Cox.

It is not the Mayor's desire to work any hardship upon the women who will be affected by his order, but he declares that they have had sufficient time in which to prepare for the change, and that he will insist upon them leaving their haunts. He will not allow the houses to reopen while he is Mayor of the city. The administration policy will be to maintain no restricted district, but to enforce the statutes regarding it. Just what means Chief Cox will take to keep the resorts closed is unknown, but he has strict instructions from the Mayor to enforce the order to the letter. At present there are about 250 women in the city who will be affected by the Mayor's order. These are divided between the old North End district and a new district that was opened in South Portland, along Front, First and Second streets. The order applies to every section of the city with equal force.
