AMATEUR MINSTRELS WILL DISPORT AT THE BAKER

Spanish War Veterans' Annual Benefit Performance to Be Better This Year Than Ever Before.

STENTS, gags, character studies, topical songs and an abundance of clever
dancing and side-splitting quips on local
political and social life is what you will
see and hear if you attend the Spanish
War Veterans' annual minstrel show at
War Veterans' annual minstrel show at War Veterans' annual minstrel show at the Baker Theater, two nights, Wednes-day and Thursday, December 1 and 2. Preparations for the show have been

going on for the past two months, and when the curtain goes up at the Baker one of the best and funniest shows ever given by local talent will be seen. There are over 60 people in the performance, and it includes the best local talent in the city and a big orchestra of 12 pieces will greatly add to the attractiveness of the

performance.

This is one of the most popular affairs of the city and is given annually for the benefit of the Spanish War Veterans' relief fund. The show at the Baker Theater will undoubtedly play to crowded houses, as over 1000 tickets have already been sold. The programme follows:

GRAND ENSEMBLE. PART FIRST. WHO IS WHO.

MUSICAL NUMBERS.

mests—Cal Simmons, Will T. Linder, orge H. Carr. Gordon A. Peel, E. E. Evans, ENGLISH BARNSTORMER IS NOW BECOME FUNNY MAN

Dallas Welford, Plaything of Fortune, Gravitated Naturally Into Glare of Calcium, and There He Sticks.

THERE'S a chap coming to town next week, who is the original provoker of mirth, without excepting Bill Nye, Solomon, Joe Miller or any other man history tells about. He's the one and only, and his name is Dallas Welford. Not so very long ago had anyone mentioned that name to you, you'd have scratched your head, stood on one foot a moment and finally wound up by admitting you were not "wise." But old Dame Fortune has a

If was only a few years ago that Dal-las Welford was a plain, ordinary barn-stormer, and a barnstormer in England

"Audiences are funny things, don't you know," said the funny man. "Every part of the world has a certain kind of a play patron and each takes its humor in a different way. English audiences are hard to play to, for it is seldom you hear a roar of spontaneous mirth go up from all over the house as you do in this country. You do or say a funny thing, and it takes a moment or two before it has a chance to percolate, and consequently the laugh comes in over the footlights in dribs.

"Again, the East and West are entirely different. A Broadway sudience will how at a joke that casts an air of sloom over a collection from Seattle." 'Audiences are funny things, don't

tirely different. A Broadway audience in 'The Girl from Rector's.' B will how at a joke that casts an air of wasn't long before I was back wit gloom over a collection from Seattle. first love again, and here I am.'

this came through oversight or design, the fact remains that a very important part of the census work, which was featured 10 years ago, will have to be omitted from the next census, unless the omission is remedied.

less the omission is remedied.

Senator Heyburn, of Idaho, whose attention has been called to the shortcoming of the census act, has prepared and will introduce next month a bill requiring the collection of very extensive data with reference to irrigation development in all parts of the West. Not only will his bill call for statistics on Government projects, but on private projects as well, and will provide for a very thorough examination and report. He wants everything that can be of material interest with reference to the subject.

Meat eating is on the increase in Japan. Its popularity is increased by the recently advanced theory that an overgreat consumption of rice is a source of beribert. The upper and middle classes, who have hitherto eaten large quantities of rice, are now slowly beginning to add meat to their dietary. Beef is the favorite dish.

Health and Beauty Advice

Cora S.; As you have so much trouble to make your hair stay up and look neat, try shampooing it twice a month with a teaspoonful of canthrox dissolved in a cup of hot water. This shampoo is the one generally used by the best hair-dressers. It produces an abundant lather, dries quickly and not only cleans the hair and scalp well, but stops all irritation and gives the scalp a feeling of pleasing freshness. Canthrox makes a delightful shampoo and will make your hair soft and fluffy. You will have little trouble then to make your hair look nice. Never use soap for shampooing, as it makes the hair brittle, harsh and takes away the glossy look.

Mrs. L. E.: No doubt plasses spoil.

Delia K.: Face powder will not help your dark face and neck to any extent. It rubs off too easily and does no permanent good. What you need is something to whiten and beautify your skin fand take away that dark, coarse look. The finest thing I have ever seen for this is a lotion made from 4 ounces of spurmax, a half-pint of hot water and 2 teaspoonfuls of glycerine. Apply a little of this lotion to your face, neck and arms, and see how wonderfully it will improve your looks. It will give you a beautiful complexion and make any sallow or oily skin look fresh and youthful. Spurmax lotion is inexpensive and I have found it splendid for pimples, tan, freekles, cold sores and a shiny skin. You can get spurmax at any drug store.

C. F.: The best tonic I have ever used is made by dissolving \(\frac{1}{2} \) is eacupful sugar and I ounce of Kardene in a half-pint of alcohol, adding enough boiling water to make a quart of tonic. Take a table-spoonful before each meal and before retiring. It will tone up your system, give you an appetite and do away with that tired feeling you speak of. It is fine for clearing up a sallow complexion, arousing the liver, removing liver blotches, pimples and other skin liver blotches, pimples and other skin liching and prove very effective if used regularly.

Read Mrs. Martyn's book, "Beauty," \$5. Read Mrs. Martyn's book, "Beauty," \$5.

Mrs. L. E.: No doubt glasses spoil your looks. Probably you would have no need to wear glasses if you would use a good eye tonic. Get an ounce of crystos from your druggist and dissolve it in a plint of water. Drop one or two drops in each eye once or twice a day. This is wonderfully strengthening to the eyes, and will not smart or burn, but makes duil-looking eyes bright and clear. It is just fine for dull, tired, inflamed er weak eyes and for granulated eye-lids.

Della K.: Face powder will not help

Sibyl H.: It is a shame for a girl of your age to have wrinkles. No wonder your sweetheart seems to be taking a fancy to your chum, who is better looking. Try this complexion jelly and you will be surprised how it will clear your skin and fill in those horrid wrinkles. This greaseless cream can be made by mixing 1 ounce of almozoin with ½ pint cold water and 2 teaspoonfuls of glycerine. Stir and let stand. This makes a splendid and inexpensive cream. It will clean the pores, keep the skin free from blackheads, and is excellent for chapped hands and face. I find it excellent for reducing the size of large pores in the skin and for removing tan, freckles and certain types of pimples. I recommend it for massage purposes; it leaves the skin soft and smooth and contains no grease or off to cause hair to grow on the face.

The Partial Plate

The Partial Plate

When a man loses most of his teeth he begins to cast about for a substitute, and his dentist will be most apt to suggest either a "bridge" or a partial plate.

In some of our previous "Talks on Teeth" we have considered the "bridge" and shown why it is at best a make-shift. Now let us consider that other makesilift—the "partial plate."

There have been cases where such a plate, having anywhere from two to a dozen teeth on it, would stick up in the roof of the mouth or would be on the lower jaw, depending on which plate it was supper or lower), with fairly good success—WHEN NEW. But not for long.

The constant shrinking of the gums changes the shape of the mouth and soon a little air is admitted under the plate, spoiling the suction, and down it comes, and the constant wobble up and down brings canker sores on the roof of the mouth and gums, so the man takes to wearing his partial plate in his pocket most of the time.

If you have ever worn one you will agree that these statements are true. The partial plate is a delusion and a snare, and no man or woman would wear one for a moment if he or she knew of a better way of supplying the vacancy in the mouth caused by the missing teeth.

The Alveolar Method

The Alveolar Method

The Alveolar Method

(Teeth WITHOUT PLATES OR BRIDGE) is the better way.

If you have two or more teeth left in either jaw, tight or loose ones, we will supply WITHOUT USING A FLATE OR BRIDGEWORK the missing teeth and tighten the loose ones. (We absolutely cure Pyorrhoea.)

This wonderful news to victims of poor teeth and poor dentistry.

We not only supply the teeth that have been lost, but we cure the cause of the loose teeth which are left, and make them strong, tight and healthy. Then with the Alveolar method we put a full set of teeth in your mouth that are beautiful to look at; that you can use with the same enjoyment you would get from nature's teeth, and that will last as long as you last. In comparison with the Alveolar Method of supplying teeth the partial plate and bridgework bear the same relation that a tallow candle dip bears to an arc light.

WE CAN REFER TO AN ARMY OF

a tallow candle dip bears to an arc light.

WE CAN REFER TO AN ARMY OF PEOPLE WHO HAVE HAD OUR WORK DONE. AND THAT IS THE BEST SORT OF PROOF.

We have risen to a point where we no longer need to ask you to take this work on faith. We show the actual results.

work on faith. We show the actual results.

Are you a partial plate victim? Don't you want to throw the plate away? Come to our offices for a diagnosis and examination. If that is not possible right now, send for our book, "ALVEOLAR DENTISTRY," which will tell you all about this work. The reading of that book will bring you, if you need teeth, no matter where you live. IT IS SENT FREE.

REMEMBER, please, that cheap dentistry is the most expensive in the end, Most of our business comes from those who have learned this from sad experience. Dental work should be artistic and beautiful as well as serviceable and insting.

A Great Artist's Tribute to

The Genuine Pianola-

Fritz Kreisler Writes:

The execution of expression one can produce in piano playing by means of the Planols is marvelous, and the Metrostyle enables one to play in the exact tempo interpreted by great planists. Fritz Kreisler is not alone in his opinion of the marked superiority of the Pianola. The world's greatest composers, the fore-most living virtuosi, the most distinguished musical critics and musical authorities everywhere have unreservedly praised the marvelous Pianola. Yet the keynote of this mass of approbation is the Metrostyle device, an exclusive fea-

ture with the genuine Pianola. There is but one Metrostyle Pianola and Pianola Piano, made only by the Acolian Co., and so marked. All others are imitations.

The genuine Metrostyle Pianola and Pianola Piano are sold exclusively in the Northwest by THE HOUSE OF HIGHEST QUALITY Pianoreliability OUT BIGGEST. BUSIEST BEST 353 WASHINGTON ST., AT PARK.

Instruments selected now will be delivered as Christmas gifts any time desired. Make reser-vations at once. Fritz Kreisler will appear in recital Thursday evening, Dec. 2d. at the Bungalow Theater, di-rection Lois Steers-Wynn Coman. Sent sale be-gins Tuesday, Nov. 30th, at the Bungalow.
