Roosevelt Ranch Scene of Gigantic Nature Fake.

CAPTIVE BRUIN IS HUNTED

Animal Is Released, Lodge Holds Feast, Next Day Trail Is Taken and Game Killed After Successive Volleys.

BISMARCK, N. D., Nov. 27. — (Special.) — The Maltese Cross ranch, near Medora, N. D., until recently the propwestern life of ex-President Theodore Rocevelt, celebrated its transfer of ownership by one of the most gigantic nature fakes connected with anything

A herd of Elks killed a big, black bear within a few hundred yards of the site upon which the ex-President first erected his cabin when he came to Medora in the early eightles to go into the cattle-raising

event had many eye-witnesses, besides the Elks themselves, there being the foreman, John Casper, and four cowboys present at the slaughter, while the towns-people of Medora naw the Elks bring their trophy into town.

### Captive Bear Released.

The bear hunt was planned by the Elks, and they wheeled into Medora prepared and singing the war cry of Dickin-son Lodge, No 1137. To add a savor of romance and thrill of the chase to the event the bear, caught in the Roughs south of Medora, was turned loose in the

The Elks feasted and congregated that hight, arose very early at 9 oclock the next morning and followed the trail, which, when picked up, led directly to the Roosevelt ranch, papers in transfer for which ground, before pre-empted of nature fakes, had been filed in Medora

### Bullets Riddle Bruin.

Bruin was followed slong the banks of the Little Missouri River to the top f a hill upon which the famous cabin once rested, and there was shot by successive volleys from the huntsmen.

Church of Seattle, Wash.

Methods That Have Made Hood not be subject to entry prior to March River Successful Can Be Followed by Others-Inspectors Alone Not Enough.

At the third meeting of the Y. M. C. A Apple Culture Club last night at the Y of the band, who at times have been very troublesome, and their proposed settlement on the land just restored to entry has been strongly opposed by the citizens of Montana.

The restoration is made subject to the selection and perfection of applications for allotments of certain members of the Turtle Mountain band of Indians, which is understood to be satisfactory to the settlers.

Apple Culture Club last night at the Y.

M. C. A., H. M. Williamson, secretary of the State Board of Horticulture, in his address on the growth of the apple raising industry in Oregon and its condition in different parts of the state spoke of the great need of creating among Willamette Valley people sentiment in favor of cutting out old and diseased fruit trees, both in the city and country, and of bettering conditions generally in regard to fruit raising. The asrally in regard to fruit raising. The as embly room was filled to overflowing.

Mr. Williamson told of the impressionade upon the minds of visitors from the Eastern States who come here look ples they have heard so much about and find only old and decaying trees. "Thou-sands of persons are turned away from the state" said Mr. Williamson, "be-cause they do not find in the Willametto Valley what they are looking for in way of orchards. We must cleanse orchards and the only way to do it is to create favorable sentiment among the

History of Industry Reviewed,

people. Inspectors can never accomplish

The speaker gave a brief history of the apple industry in Oregon and told of existing conditions in different parts of the state. He said in part: "Apples were first grown on the Coast

by missionaries and homeseekers, who brought seeds across the plains. Hen-derson, a man living in Iowa, was the first to foresee a great industry in fruitgrowing in this state. He brought graft-ed trees of several varieties across the plains in 1847 and planted them near Mil-"In 1850 he sold his first box of stand-ard varieties in Portland at a dollar per

sold 80 boxes in San Francisco at \$1 a pound. Within 10 years from this time there were enough apples grown in Ore-gon to furnish every person on the Pa-cific Coast with 50 bushels every year.

BALLINGER OPENS LAND

Montana Indian Reservation Will Be

Used by Whites.

WASHINGTON. Nov. 27.—About 1...

Out. 600.000 acres of land in Eastern Montana, heretofore withdrawn for the purpose of making allotments to the Rocky Boy band of Chippewa Indians, has been restored to settlement and entry by Secretary Ballinger. A large number of settlers already are within the restored area, and that part not spoken for will not be subject to entry prior to March not be subject to entry prior to marking allotments to the Rocky Boy band of Chippewa Indians, has been restored area, and that part not spoken for will not be subject to entry prior to March not be subject to entry prior to March not provided and used for quantities of fruit and the result was the orchards were neglected and used for pastures and meadows. The railroads furnished an outlet after a few years, but the apples had decreased in quantity and quality through neglect, and for the last 20 years apple crops throughout the Valley have amounted to little.

"There was no outlet for these large quantities of fruit and the result was the orchards were neglected and used for pastures and meadows. The railroads furnished an outlet after a few years, but the apples had decreased in quantity and quality through neglect, and for the last 20 years apple crops throughout the Valley have amounted to little.

"There was no outlet after a few years, but the orchards were neglected and used for pastures and meadows. The railroads furnished an outlet after a few years, but the orchards were neglected and used for pastures and meadows. The railroads

ceiving good care.
"Eome persons who think good apples cannot be raised in the Willamette Valley forset about the fine fruit that was raised 50 years ago.

Interest Recently Revived.

"The apple industry was revived a few years ago by the efforts of Dr. J. R. Cardwell. Professor Lake, of Corvallis, and a few others. The State Horticultural Society was organized and it secured the enactment of laws which made possible the revival of the fruitgrowing industry.

It was a hard struggle.
"The people had to be educated and it was a hard job. Fifteen years ago not more than five persons would have at tended a meeting like this tonight. In-terest was finally revived about four years ago and now the work of restora-

"The apple-growing industry in the Rogue River Valley was started by J. H. Stuart. In the Hood River a small number of men of little means, headed by E. L. Smith, by using correct methods built my the most successful ample-raising built up the most successful apple-raising industry in the country, and organized the Applegrowers' Union. Hood River has shown the way and other districts in the state are following. The Hood River crop has established the Oregon apple as the standard of excellence throughout the

world today.

"We can raise good apples in any part of Oregon with the right depth of soil and by using correct methods. In the Willamette Valley, however, there are eglected orchards and trees must all be cut down and now trees planted. The old trees cannot be revived properly by

epraying. cleanee the country and the cities and villages of the old and diseased trees. We must have favorable public senti-ment. In Portland there are 40,000 pieces of property bearing fruit and 400 inspec could not properly look after them."

Alabama to Vote on Drastic Liquor Law.

STRONGEST EVER PUT UP

Bill Prohibits Manufacture, Sale of Keeping for Sale Alcoholic or Malt Beverages, and Bitter Campaign Has Been Waged.

MONTGOMERY, Ala., Nov. 27.-Voters of Alabama will decide Monday whether they will make prohibition and sale or manufacture of intoxicating liquors a part of the organic law

of the state. The question of whether the state constitution is to be thus amended was submitted at a special session of the and James O'Connell, vice-president of the Legislature called by Governor the American Federation of Labor. State Legislature called by Governor Comer last August. That session was one of the most bitter in the history of the commonwealth, and the campaign which followed and which closed tonight was no more peaceful.

ing feature of the most drastic anti-liquor legislation ever introduced in any state. The bill prohibits the manufacture, sale and keeping for sale of alcoholic and malt liquors and other intexicating liquors and beverages, with the exception that alcohol may be sold for medical, scientific and mechanical pur-

An amendment which would forever

bar liquor from the state is the crown-

poses and wine for sacrament purposes under such regulations as the Legislaold | ture may prescribe. Another provision would give to the Legislature the power to prohibit citizens from keeping liquor in their homes. This is put forth to meet the recent Supreme Court ruling that liquor is a commodity which can be possessed and stored where and in what quantities its owner may see fit, so long as he does not offer it for sale.
