Local Market Goes Up 15 Cents a Barrel.

## ALL CEREALS VERY STRONG

Wheat, Oats and Barley Have an Upward Tendency-Rise in Sugar Prices-Foreign Hop Mar-

ket Is Stronger.

In line with the steady advance in wheat prices, flour quotations were again lifted yesterday. The advance was 15 cents on patents and 25 cents on exports. The new price of local patents is \$6.15 per barrel.

The wheat market continued strong here and in the country. Trading in the Portland market was light and prices were more or less nominal. In the Interior buyers are forced to come up to sellers' views before they can

and the former price of feed barley was fully maintained. Rolled barley was quoted higher at \$31@32 per ton.
With Hight receipts of hay this week the market has become firmer. Two shipments of California alfalfa have oeen brought up by steamer and more s coming. This Southern alfalfa sells from \$1 to \$1.50 per ton less than the Oregon and Washington article, as it is not so well cured and is in heavier The so-called hay corner at Ellensburg has no effect whatever on the local market. The only outlet for Yakima hay is on the Sound, owing to the higher freight rates from Portland. Eastern Oregon hay is of better quality than Yakima hay and there is said to be enough of it to last through out the season, though hay dealers say the crop will be well cleaned up. Foreign shipments of wheat for the

### POTATOES CONTINUE TO WEAKEN. Jobbing Prices Will Be Back to \$1 Monday.

Shipping Demand Good.

There was a further drop in the obbing prices of potatoes vesterday. Front-street dealers quoting \$1.15@ 1.25 per hundred. The market Monday will probably be back to \$1, where it started from. The shipping demand is good, but weather conditions prevent much being done in this line. Shippers offer 60@ 65c for Valley stock and 70@

75c for Eastern Multnomah potatoes. There was not much stir in the fresh produce trade. Four cars of bananas are due today and a car of celery is due Monday. The last car of celery was unbleached and sold at lower prices, \$2.75@3 per crate. The best bleached celery is worth \$3.25@3.50.

### FLURRY IN FOREIGN HOP MARKETS Cables From Nuremburg Are Decidedly A boom has developed in the foreign hop markets, according to two cables

received by Isaac Pincus & Sons yes-terday. Barth & Sons, of Nuremburg, cabled as follows: "Market improving. Market firmer. Demand increasing. Firmer and up-ward tendency. The demand is chiefly to fill short sales."

Bernhard Eing, of Nuremburg, cabled:
"The trade is very active and high
prices are being paid."

No sales in the Oregon market came to light yesterday. The demand was good, but there were practically no sellerg'on the market.

### LIVE POULTRY MARKET IS SLOW. Dressed Turkeys Still Command Good Prices.

The week closed with a very easy feeling in the live poultry market. Chicken receipts were liberal and the demand slow, with the result that a good many coops were carried over. There were some sales of chickens at 14 cents, and 14% cents was the top Live turkeys were weak at 21@22c, but good dressed turkeys were in demand at 25 to 27 cents, according to quality. There were no new developments in the egg market. Oregons were secure

and firm at 45 cents and Easterns active at the former range. Butter and cheese were firm and un-

being quoted at the same price as fruit and berry, \$5.95 per hundred. The advance has been expected for some time. Linseed Oil Advances

REAL ESTATE TRANSFERS BUT MINOR STOCKS ARE ACTIVE AT NEW YORK.

> No Fear of a Money Stringency at the End of the Year-Bonds Irregular.

NEW YORK, Dec. 11.—The stock market was marked by the quiescence of the usually active stocks of the great corporations and the wide movements in shares of minor companies. A transaction in United States Steel was a comparative rarity. There were heavy deallings in Western Maryland certificates, Utah Copper, National Enameling and other stocks.

tilicates, Utah Copper, National Enameling and other stocks.

The netton of the market was but little responsive to news developments. The approach of the year-end money requirements had some restraining effect on speculation, although fears of a stringency have passed. London discounts were inclined to harden today and prospects of further gold exports from London caused some renewal of solicitude there.

Yesterday's rumors of harmful action involving Reading and the Department of Justice were explained by the contents of the amunal report of the Attornsy-General. The survey given therein of pending anti-trust legislation and its prospects served to bring the subject to the attention of the stock market and to recall the number and extent of these measures and the widespread issues concerned.

extent of these measures and the widespread issues concerned.

The verdict in the New York court against the legality of the American Ice Company increased the attention given to the subject. Its impression was not materially modified by the assertion that the Presidential recommendations on the subject would be deferred until after the Supreme Court decisions on the appeal of the American Tobacco and Standard Oil cases.

The low prices realized on the sale yesterday of New York City 4 per cent honds was not considered a hopeful prognostic for coming flotations of corporation securities.

Wheat in Demand at All Grain Centers.

CHICAGO MARKET STRONG

Coarse Cereals Show Great Firmness. Immense Volume of Business Is Transacted in the Corn Pit.

CHICAGO Day 11.-High premiums paid for cash wheat at the leading grain centers held the wheat market firm today, despite considerable realizing sales. The strength of coarse grains helped to maintain prices at a moderate advance during the first part of the session, but later the selling pressure on December caused a recession all around. During the day May sold between \$1.08%@1.08% and \$1.09%@1.09%. Final figures on May were \$1.08.

An immense volume of business was transacted in the corn pit and prices advanced to new high marks, May selling up to 64%c, or %c above the previous best price touched yesterday. The range for the day on May was between 64@64%c. Other deliveries were equally as strong and the market closed at almost the best price for the day, final figures on May

being 64%,66%c.
Oats shared in the strength of wheat and corn. Prices closed 1/2 to 1/2%c above yesterday's finals. Provisions were strong. Lard for Jan-uary delivery advanced to the highest point reached in the present bull cam-

SEATTLE, Wash., Dec. 11.—(Special.)—
The reported cornering of the timothy hay crop in the Kittitas Valley by Henry Kelinberg does not alarm dealers here, inasmuch as large quantities of Montana bluejoint and hay from Wyoming, Oregon and California are arriving daily. Neverthelers, the price of timothy was advanced to as high as \$25. It was freely stated today that a corner in oats existed with one group of dealers holding 50,000 bushels and exerting enough influence among farmers to force the price up \$5 a ton to \$35, which was offered here to-day. day.

Six carloads of Eastern poultry, largely turkeys, have been purchased for shipment here in time for the Christmas trade. This poultry is expected to play an important part in the holiday trade, Buying prices on live poultry were advanced to 22 cents for next week. Dressed stock is in slow demand.

The pointo market is slightly weaker, owing to the large offerings of the last few days. Track prices did not go above \$17 to-day.
