MRS. SAGE GIVES \$650,000 TO YALE

Money Will Be Devoted to Purchase of Thirty-Acre Property.

NO CONDITION IS MADE

Purchase Originally Made by Graduates, Who Undertook to Carry It Until Public-Spirited Donor Could Be Found.

NEW HAVEN, Conn., Jan. 1.—Announcement was made last night of an offer by Mrs. Russell Sage to Yale University of a gift of \$650,000 to meet the entire cost of securing the 30-acre park at the end of Hillhouse avenue, known as the Sachem Wood estate, or Hillhouse property. The offer will be accepted.

Mrs. Sage's letter of gift, under date of December 28, 1909, says: "As a descendant of Abraham Pierson, the first president of Yale, I have an ancestral interest in that university. I have known for some time of the effort to obtain for the Sachem Wood, or Hillhouse estate, as a new campus, and I know how important it seems to many members of the corporation and faculty to do so at this particular time, for needed development on broad university lines. I understand that this property was bought about four years ago, subject to a large mortgage, by a group of public-spirited graduates, who undertook to carry it until a donor could be found who would transfer it without debt to the university. It will be pleased, if agreeable to the corporation, to pay its cost, which I understand to amount, with interest and carrying charges, to \$650,000, and to present it to the university as a gift from me without condition or restriction, payment to be made on or before February 1, next."

The three New York graduates who made the temporary purchase—Otto M. Hannard, William M. Barnum and Clarence H. Kelsey—are temporary trustees, Clifford Pinchot and his associates advanced the necessary money.

SCHOOL TAXES ARE LEVIED

One District Makes No Levy and Another Votes Down Tax.

County Clerk Fields has received word from the clerks of nearly all the school districts in the county the amounts of the tax levies for the year. The following districts found it unnecessary to make levies: Nos. 3, 7, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100. District No. 11 and 12 were not heard from, three letters to the clerks failing to bring responses. In School District No. 30, on Columbia slough, no meeting was held, and in District No. 34, on Sauvie's Island, the levy was voted down. County School Superintendent Robinson believes it will be necessary for the County Court to make an arbitrary levy for that dis-

trict, however, the amount from the state not being sufficient. According to the law, the state school tax must not be less in each county than \$7 for each child of school age, and must not be less than the amount of the tax in 1907. Multnomah County's tax in 1907 was \$9.96 for each pupil, there being 23,158 pupils, which would mean a total tax of \$232,191. The 1909 census shows that there were 28,483 pupils, so that at least \$284,830 must be raised by taxation. School districts needing more than \$9.96 per pupil, which would be the case in districts having but few pupils between 4 and 20 years of age, must make a levy to meet the expense. The districts and levies made this year follow:

COLONIST RATES UNKNOWN

At Least No Reductions Have Been Announced for New Year.

CHICAGO, Jan. 1.—(Special.)—Western railroads are engaged in an energetic dispute regarding reduced rates

of all kinds during 1910 and the first of the year finds the policy of the roads undeviated. Today it was announced by the chairman of the Western Passenger Association that the proposition to increase the homeseekers' rates had been lost by a letter vote which was being taken.

Notwithstanding this fact, the proposition with respect to a general increase in these rates will be resubmitted to the roads immediately in the hope of obtaining a unanimous agreement.

A general meeting of the Western Passenger Association is to be held soon, at which will be considered reduced rates for summer tourists, and reduced rates for fairs, expositions, merchants' meetings and other special occasions.

Suspicion of Whitewash of Interior Department to Be Avoided.

OREGONIAN NEWS BUREAU, Washington, Jan. 1.—It has been decided to have no partisans on the special congressional committee that is to investigate the conduct of the forest service and Interior Department. It is understood that men of national reputation, from all parts of the country, will be chosen for this duty, and that the committee will be such as to give no ground for the allegation that its work is to be in the nature of whitewash.

The Secretary today restored to the public domain 378,466 acres of land in California, as a result of information furnished by the Geological Survey, the land having previously been withdrawn as probably valuable as oil lands.

OPIUM SMUGGLERS CAUGHT

Ability of Detectives to Speak Spanish Lands Four Behind Bars.

VANCOUVER, B. C., Jan. 1.—(Special.)—Through his ability to speak and understand Spanish fluently, Detective Welch, of this city, yesterday afternoon rounded up a band of four Spaniards who are accused today of being opium smugglers.

The meeting place of the men and the name of the chief conspirator was learned by Welch accidentally as he was passing the men in conversation on the street. A visit to their hang-out revealed the presence of seven cases of opium. The men are being held for investigation into a series of crimes.

CAMP HAS NOVEL PLAN

Football Expert Proposes Changes in Rules.

Yale Authority Would Compel All Players to Stand Within Limited Space.

NEW HAVEN, Conn., Jan. 1.—Walter Camp, of Yale, issued a statement last night in which he makes suggestions for conditions in the football playing code for next year. He advocates a rather novel provision in a rule that would compel all players to stand in a space only ten yards wide. The changes favored by him are:

Let no player on the attack or defense line up outside two lines running parallel to the side lines, each of these lines being five yards from the ball, thus making the scrimmage line ten yards in width.

Back field men on the attack and defense also must keep within these lines until the ball is put in play.

If it is desired to increase the power of the attack, let one man line up a specific distance to be determined outside this space.

Mark the distance to be gained 10 yards on four downs up to the 25-yard line. Then make it ten yards in four downs up to the 15-yard line and then five yards in four downs thereafter.

Remove the five-yard restriction for a quarterback run.

Forbid the forward pass crossing the line of scrimmage, but let anyone get the ball on a forward pass after it strikes the ground.

If it is desired still further to favor the attack, double distance might be given for any run that crosses the line of scrimmage more than ten yards out from center.

RIFLE SHOTS SAVE MINER

Californian Breaks Leg; Can't Move Five Days; Shoots; Rescued.

REDDING, Cal., Jan. 1.—Patrick J. Fitzgerald, a prospector, was rescued from his cabin today after lying five days with a broken leg, unable to do anything to help himself or to attract attention.

While at work on his claim last Monday he fell and broke his leg. It took him six hours to crawl to his cabin, 200 yards away.

Unable to move about enough to get himself food, he lay on the floor in a half-conscious condition. Driven almost out of his mind by pain and hunger, he succeeded in dragging himself to his rifle today and fired several shots, which attracted the attention of some section men on the railroad nearby.

Mr. Collins seized the office following his reinstatement by the courts and announced his determination to hold the fort until New Year's, believing that thus he would be able to collect \$40,000 back

PURSE SNATCHER ACTIVE

Thief Pockets Coin and Hurls Case Back to Owner.

A purse snatcher was at large in the crowd of merry-makers in the downtown streets Friday night. The police received reports that two women fell victims of the thief. In each instance his operations were identical. After snatching the purse carried by Mrs. F. S. Skiff, at Thirteenth and Washington streets, the thief hastily dumped the contents into his hands. He then threw the empty purse back to the owner and escaped in the crowd before Mrs. Skiff could make an outcry.

A woman who refused to give her name to the police, encountered the same experience at Eleventh and Clay streets an hour later. The snatcher grabbed her handbag. Deftly selecting the small purse inside he hurled the bag toward the woman and escaped in the darkness. The police are on his trail.

The Joys Of Christmas

Many People Are Unable to Enjoy the Pleasures of the Holidays, Owing to Chronic Dyspepsia.

A Trial Package of Stuart's Dyspepsia Tablets Sent Free

During the holiday season the stomach is called upon to bear a much greater strain than at any other time of the year, for not only do the majority of people eat considerably more on Christmas and New Year's days, and during the intervening week, but also indulge in a much greater variety of rich and often indigestible foods.

Turkey, partridge, pheasant, canvas-back duck, diamond-back terrapin, deviled oysters, mince pie, rich candies, cakes, nuts and other deliciously palatable and delectable foods are eaten, almost without limit, and even persons who are moderate in eating the rest of the year, "throw discretion to the winds" during this joyous festive season, and indulge their palates and stomachs to their hearts' content, while "professional Epicureans," accustomed to indulge moderately all the year around, simply go beyond all limits.

During this season of joy and gladness the chronic dyspeptic has occasion to envy everyone who possesses a strong and normal digestion, for while others are enjoying themselves, he must exist on his meager "prescribed diet," because his stomach is no longer capable of digesting foods as it once could.

It is during this happiest time of all the year when nearly everyone is eating his heartiest, that the great indigestion remedy, STUART'S DYSPEPSIA TABLETS, gets in its fine work, and saves many thousands of people from suffering

This is the first time the Government has applied the name of a minister not connected with the Army to any military post or reservation, and is done in recognition of Whitman's work in the Northwest.

WHISKY CABINET'S TOPIC

Taft's Views Will Be Drafted Into Regulation Form.

WASHINGTON, Jan. 1.—"Real whisky" was one of the themes for discussion at today's Cabinet meeting. In order to decide what constitutes the genuine article, a committee has been partly selected to draft into regulation form, President Taft's views on the subject.

Secretary MacVeagh has appointed Commissioner of Internal Revenue Cabell and Secretary of Agriculture Wilson has appointed Solicitor McCabe of his department, as the members of the committee to represent those two departments.
