# RENEWED RIOTING ENDS QUIET DAY

Philadelphia Police Use Clubs Freely to Disperse Strikers and Spectators.

LABOR LEADER ARRESTED

Head of Central Union Released on Bail-General Walk-out May Be Voted at Union Meeting That Will Be Held Today.

PHILADELPHIA, Feb. 26.-After a day of almost unbroken tranquility several small riots broke out in Kensington late today, when young men attacked cars run by nonunion men. In one of the affrays passengers were attacked by strike sympathizers. A motorman was dragged from his car and badly beaten and several policemen were roughly handled, but no one seriously injured.

The most serious affair occurred at 6 o'clock at Front street and Susquehanna The crowd got beyond control of the Philadelphia police force and stopped a car at the intersection of the preets. The crowd tried to reach the non-union crew, and though the line policeman who was protecting the crew fought bravely, several men dragged him into the street. His revolver was taken from him and he was given a severe beating. The conductor managed to get away, but the motorman was not so fortunate. He fired several shots, but all went wild, and he was pulled from the car and

Other policemen waded into the mob, but, reluctant to draw their revolvers because of the women and children caught in the crowd, fought with their clubs. "Here come the state cops," some one called, and there was a movement to

break away.

A half dozen mounted police galloped up and charged into the crowds. They drove upon the sidewalk, smashed right and left with their hickory sticks and gradually forced the mob back. Men, women and children were treated allke. No revolvers were drawn by the troopers, but they made good use of their riot sticks, and the rioters, realizing the troopers were not to be trifled with, soon were on the run.

were on the run.
In the fight a woman passenger, Mrs.
J. C. Ehler, was struck with a brick and rendered unconscious. Walter Graham, another passenger, who tried to carry her from the car, was attacked by the mob and roughly handled, but man-aged to carry the woman into a drug-

The first trouble in the negro section occurred today, when a crowd threw missiles at cars. Policemen quickly scattered the crowd.

Murphy's Threats Cause Arrest.

The arrest and arraignment of John J. Murphy, president of the Central Labor Union, on a charge of inciting to riot, and the disorders noted, marked the eighth day of the strike.

Whether a strike of all organized labor in Philadelphia will be declared next week probably will be decided at tomorrow's meeting of the Central La-

The arrest of Murphy has added to warrant for Murphy's arrest was issued by direction of Director of Public Safety Clay following the publication in the afternoon papers of the following statement, said to have been made by

"You can depend on it, that by Sunday's meeting a general strike will be called. If one man is shot in Kensing-ton there will follow a carnival of rlot and bloodshed which will startle the

entire country.

"I should not care to be responsible for such an outbreak. The State Police would be helpless; I want it understood that there are men in the Northeast who can shoot as straight as any trooper who ever drew breath aust wait a er who ever drew breath, Just walt a little while for developments and you will see something which will open your eyes." Murphy denied that he had made such

a statement for publication. He says he merely expressed an opinion as to what might develop if the strike con-

All Chicago Records Broken in Scramble to Buy.

CHOICE BID UP TO \$9.80

Receipts of Only 10,000 Head, Less Than Half Average Day, Cause Frenzy Among Buyers-Next Week Will Open at \$10.

CHICAGO, Feb. 26 .- (Special.) -All Chicago market price records went by the board today when choice shipping hogs soared to \$9.80 in a mad bidding war at the stock-yards, in which speculators and packers' buyers tumbled over each other in an effort to buy up the whole supply. Men in their shirtsleeves, regardless of the weather, rushed anywhere and everywhere in the fight to secure even one carload. The announcement that receipts were

not more than 10,000 head only served to fan to a frenzy the eagerness to get on the market before the expected rise above \$10 next week. With a 'carry-over" of 6000, the total supply at the yards was less than half ah average yards was less than hair ah average day's receipts. Mixed hogs sold at \$9.70, the highest ever chronicled for this class. Unless receipts are above 39,000, and this is regarded as impossible, hogs

are expected to open at \$10 Monday. There was a wild rush to get every carload. Packers are far under the number needed for packing purposes.
Packers said the February supply
had been sold in January and the farmers' supplies usually looked for to fill in March shipments from the Far West had all come in February. A near-panic followed this statement and the packers in their eagerness to obtain stock for packing fought a battle of prices with speculators who were anxious to get hogs against the ex pected rise to \$10 and above next

and biting snow that covered the city on Friday night.

The fishing club is occupied by many members in the Summer time, but Mr. Grasteo is the only one who lives there the year round. For a long time he has been taking his meals regularly in Watson's chophouse in Canarsie. Last Monday he falled to appear for his usual meals and when he had not appeared up to Friday night, Mrs. Watson, knowing how the man lived, decided he must be ill.

Though it is a long walk from the restaurant to the fishing club, Mrs. Watson walked the distance with the snow and wind buffeting her around. Getting no answers to repeated knocks and hearing a low moan from within, Mrs. Watson entered and found Mr. Grasteo nearly dead, with all the available.

# ABERDEEN PLANS ROAD

LINE TO RUN FROM SOUND TO GRAYS HARBOR.

C. C. Quackenbush Secures Right of Way and Enlists New York Capital in Project.

ABERDEEN, Wash., Feb. 26 .- (Special.)—Cutting down the distance be-tween Aberdeen and Seattle 46 miles and educing the running time now taken by trains by at least two hours, plans for an interurban railway between the two cities were announced today.

C. Quackenbush, President of the City Council of this city, who heads the project, let the cat out of the bag when he stated his intention of appearing be-fore the meeting of the associated commercial organizations whose representa-tives meet tomorrow afternoon here to consider the pending application of the Grays Harbor Interurban Company for a franchise for the use of county roads for right of way and ask the business men to defer final action on all interurban matters for 30 days so that he may put his proposal in concrete form. Associated with Mr. Quackenbush is

W. B. Sammons, an engineer, and the two have been working on the plan for several months. The road will star from a point on Puget Sound, near Seat tle, and run almost an air line to Elma and from there to Aberdeen. Gas or electric engines will be used. Seventy per cent of the right of way has already been secured and is in all cases private. The road can be built on a 1 per cent grade. The company is preparing to place three parties of engineers in the field.

With local capital will be New York money to the extent of \$1,500,000. A fund for preliminary work amounting to \$35,000 has already been raised. The company will probably be known as "The Western Washington Railway & Naviga-tion Company," although this detail has not yet been settled. Aberdeen will the headquarters of the road and operating and other business will conducted from this city.

# CARDINAL IS FINED

Urged Public Schools Not to Use State Text Books.

INTENSE FEELING AROUSED

Teachers in Rural Communities Are Subject to Grave Indignities Because of Message Sent Out by Church Official.

RHEIMS, France, Feb. 26 .- The text of the judgment rendered by the civil tribunal against Cardinal Ludovig Lucon, archbishop of Rheims, who was condemned to pay \$100 damages to the Public School Teachers' Association for having signed an episcopal letter for-

ance approaches fanaticism, the episco-pal letter aroused such hate against the public school teachers as to cause them to be subjected to veritable bru-tality.

The court cites an instance where an

attempt was made to starve a woman teacher, and another case where gar-bage was thrown into the well from which the school obtained its water

supply.

The judgment asserts that the letter failed of the sympathy of many priests and of some bishops. In conclusion the judgment explains the wide publicity given the litigation has afforded the teachers the moral satisfaction demanded, and that as Cardinal Lucon's high character freed him from the imputa-tion that his action had been inspired base motives, material damages of \$100 only were assessed.

"Drys" Plan to Win San Francisco. SAN FRANCISCO, Feb. 26 .- A 30-day crusade against liquor and saloon inter-ests will be conducted in this city. Plans for beginning the prohibition war March 20 were made yesterday at a meeting of the State Anti-Salcon League, the Wo-men's Christian Temperance Union and the Good Templars. Bishop E. H. Hughes addressed the faceting. Miss Marie Baehm, of Chicago, a well-known temperance advocate, will be one of the leaders in the fight.

### **Surgical Operations**

They Failed to Cure Painful Ulcers. H. E. Boardman, Yonkers, N. Y.,

"I suffered from severe pains in my eyes, caused by ulcers, and doctored a great deal and underwent three operations, but failed to get permanent relief till I tried Hood's Sarsaparilla. I can not too highly praise this remedy. I recommend it heartily to all who are roubled with impure blood."

Hood's Sarsaparilla effects its won-

derful cures, not simply because it contains sarsaparilla, but because it com-bines the utmost remedial values of more than twenty different ingredients. There is no real substitute for it. If urged to buy any preparation said to be "just as good" you may be sure it is inferior, costs less to make and yields the dealer a larger profit.

Labor Omnia Vincit Labor Conquers All Things.

Labor Conquers All Things.

In our new booklet entitied, "Alveolar Dentistry," a treatise on the teeth and dentistry generally and more particularly the Alveolar method which will be ready for distribution about April I. We will reproduce in its entirety an article on the cause, treatment and cure of Pyorrhea (loose teeth), which will edify both the public as well as the dental profession. The article has just been published in Items of Interest, one of the leading dental journals, (Jan., 1810, Issue). While we do not accuse nor do we believe that the author, Dr. Hutchinson, plagiarized or even knew of our articles, which were published three years ago, his article in substance is almost verbatim a reproduction of the ones written by me in serial then, with some additions, deductions and changes of technical terms. Some of these articles were published by us in the daily press of this city last Summer. They show and we are confirmed in our claim by one of the most eminent scientists and dental savants in the world, that Pyorrhea is curable and will stay cured. We can also show hundreds of cases sbsolutely cured by us years ago and they are still well. The disease positively will not recur if treated properly. Many of these people we will refer you to are among the very best known people of this city and state. Remember, please, that while our specialty is the great Alveolar method of replacing missing teeth without resorting to those unsanitary makeshifts, the antiquated bridgework and partial plates, and the curing of pyorrhea (loose teeth), we are experts in every branch of dentistry, from the simple filling up, and what we do you may rest assured will be the very highest of high class. If you cannot call, send for our booklet on Alveolar dentistry. It is free.
