smartest and choicest styles from the fashion centers of Europe and America. Never in our history, however, have we been able to show such an extensive and magnificent array of wearing apparel as this, to which we cordially invite your inspection.

STRICTLY MAN MADE

An entire section devoted exclusively to strictly man-made suits-the choicest models from the suit kings of New York-the largest and most comprehensive variety in the city. These suits are vastly superior to ordinary tailored suits, for they were modeled by the most famous designers, made by man tailors, and are fitted and altered by experts, bringing out the beauty and perfection in each line and curve.

It is with pardonable pride that we say: If ever there was collected together a most wonderful assortment of choice millinery, it is in our cases today. The best French manufacturers are represented in our stock. The variety is so great that we find difficulty to adequately show the entire line in a manner worthy of the goods.

A TREMENDOUS VARIETY

The best clothes-makers in America have given us "first pick." We naturally selected what we believed to be the best in each line-these were confined exclusively to us. Added to this great gathering is the famous "Bradbury System, "the best clothes made yet," which have reached the highest standard of perfection, presenting the greatest aggregation of fine clothing ever assembled under one roof.

### Men's and Women's Shoes

The arrival of Spring finds us prepared, as always-To show the modish innovations of the season in Portland as soon as they are shown in any other city. To show, not a few styles, but a complete range of the new creations, so an intelligent judgment may be formed on the season's trend. To offer the more conservative, as well as the radical style departures, so every whim may be pleased. To sell the most seasonable footwear at the lowest prices consistent with the quality we insist on maintaining in all our merchandise.
