**Our Second Spring Opening and Exhibit—Tuesday, March Eighth**

Just to announce in good time that we have set apart this day in which to present our selections in Spring Apparel for Women—to invite your inspection of what genius and skill at home and abroad has conceived and contributed to the realm of fashion—an exhibit of the modes that have been accepted by fashion critics of the world's fashion centers. And this day is to mark also the opening of our new Section of Neckwear and Veilings—and such a charming collection of artistic and exclusive handiwork—it will fascinate and delight all who attend this event.

All through the store, in the departments of furniture, carpets, draperies, etc., we're preparing for this occasion.

From 2 o'clock to 6 o'clock on Tuesday afternoon, pleasing musical programmes will be rendered on first, third and sixth floors. See Monday's announcement. We extend a special invitation to our out-of-town friends to enjoy this exhibition.

They are here with all the fashion, charm and distinctiveness that command instant admiration.

It's a most interesting and fascinating collection—this remarkably fine showing of beautiful new Spring and Summer Dresses—all the new things that Portland women will like. **The Goodness of Leather-Upholstered Furniture**

Places it in permanent favor with those who appreciate furniture of the most trustworthy construction. We've always featured leather-upholstered furniture as one of the most important sections of our displays—the kind in which one quickly recognizes honest workmanship, sterling quality materials, individuality and style in design—pieces that bear the shopmark of the best makers. And right now our showing is most complete—there's the variety that makes it interesting. There are those large, luxuriously upholstered Turkish Rockers that are an embodiment of comfort and style. They're welcome pieces in any home. You could not wish to choose from a better line than ours—as low as \$36.00.

And the Leather Couches—they also are most desirable pieces for living-room or library. Some of them are covered entirely in leather—others show plain and carved frames of golden oak, of mahogany and of fumed oak. One covered in black leather with frame in golden oak finish—at \$43.00.

And then there are the Davenport and Davenport Beds—the mechanical features of the latter so well hidden that it is almost impossible to distinguish them from the ordinary Davenport.

**The Kaba Rugs embody durability and artistic merit at little cost**

They are a combination of wool and fiber, possessing the tensile strength of one and the softness of the other, and woven into patterns and color combinations that surpass many rugs that cost twice as much. Whether you want a plain color with ribbon or key border, conventional or "art moderne" designs in modern colors, the Kaba will appeal by virtue of its supreme merit. Its adaptability to general use has made it one of the most popular low-priced rugs on the market. The possibilities for completing distinctive modern decorative schemes with these rugs are almost unlimited. Before selecting your new Spring floor coverings, let us show you through our line. The Kaba Rugs are shown in all the CARPETS AND RUGS standard stock sizes up to 12 feet by 15 feet. —Sixth Floor
