

# OUTLET SALE

**GEVURTZ**

*C. Masray, Dowling*

## Opens the Gates of Opportunity

### Enormous Purchases Must Find an Outlet

To secure the exclusive agency of certain lines of furniture, our Eastern buyers were forced to contract for more carloads than the ordinary yearly business done by this house would warrant. For instance, to HOLD a certain line of STEEL RANGES from GOING OVER to the largest department store in the city, we were forced to agree to sell TWELVE CARLOADS of these ranges this year. It was the same way with a splendid line of Dressers, of which we are still exclusive agents, and again with a line of iron beds, and dining tables, and again with chairs.

### We Were Compelled to Take the Entire Factory Output

In some cases. These goods are arriving daily. The best furniture made in America today—exclusive lines that every furniture dealer is hungry for, but we secure it because

### We Need Enormous Quantities for Our Hotel and Apartment House Trade

Obtaining the lowest possible quantity price, shipping our freight by the trainload, we can make prices lower than any other Portland dealer. We must SELL—if we do have to sacrifice even reasonable profits. What a great opportunity for the home-builder. We open the flood gates of these great bargains to all the people. You do not need much capital to furnish your home during this great sale.
