Great Sale of Beautiful Pongee Silks for Easter

PLACED ON SALE AT MARVELOUS REDUCTIONS FOR EASTER WEEK
It is really putting it mild to say "marvelous reductions," when you consider that pongee silks are sold on a very close margin of profit, and that they are the most popular silks on the market today. We mean the real imported pongees, which are made on hand looms. They are stronger and better than other silks, because those Oriental people use the raw silk, twist it into threads, and weave it on hand looms. Even the shuttle is passed by hand. There is no "loading" used to give the cloth more body. It's as pure as silk can be. Comes in natural color only.
