This Advertisement Was Written and Illustrated by
Mrs. G. H. Muldorfer, 328 14th St., Portland, Or.

The advertisement published today is one of the most interesting which were
submitted by the great number of contestants in the OTHÉLLO PRIZE AD-
VERTISING CONTEST, recently closed in this city.

The only reason we can see why the judges in their wisdom did not see fit to
award your advertisement a higher prize than it received is, that it does not
give sufficient details concerning the wonderful advantages of OTHÉLLO
from a commercial, manufacturing and agricultural standpoint, and the opportu-
nities the young city on the Chicago, Milwaukee & Puget Sound offers for the investment of money in any amount, in city lots.

Everyone who has lived in this section for any length of time knows most of the great fortunes of the West have been made out of
land, and particularly city property, purchased at low prices in the beginning of the city's growth in the different commercial
centers. OTHÉLLO right now has better prospects than North Yakima had ten years ago. OTHÉLLO's growth will be more
rapid than North Yakima's growth was, for the reason that North Yakima was ten years improving what OTHÉLLO can be.

OTHÉLLO is the division point on the greatest of all trans-continental railroads, the Chicago, Milwaukee & Puget Sound. It is
also the junctional point for the main lines of this road running east and west, and the trackage lines to run north and south
onto the Mosier Lake, Big Bend and Columbia River Countries. City lots which may be purchased in OTHÉLLO now and paid
for upon installments so small that one will never even miss the money, means prosperity and independence for those who
are shrewd enough to grasp what the most promising city in the State of Washington offers today.

For further information and fully illustrated booklet, describing OTHÉLLO, call or write
