Coming Tennis Season Here Promises to Be Liveliest of Court Record.

Multnomah to Extend Grounds, Irvdugton Also to Improve-Golf Club May Join Tournament. Experts to Visit Portland.

Tennis enthusiasts of Portland are already active sin planning for the coming season. The season this year is earlier than usual and the prospects are that this will be the biggest tennis year that Portland has ever known.

The first tournament of the season in the city will be the Irvington meet during the first two weeks in June. The state tournament will be held on Multnomah field July 18, and the Fall tournament of the Irvington Club will be held in September. The Breakers meet will occur August 22.

The Irvington people this year were anxious to secure the state meet, as it was held last season on the Mult-nomah courts. The National tennis committee, however, gives the tourna-ments to the same club every year as a rule, and the Multnomah Club gives the Oregon state tournament to another organization only when the M. A. A. C. sanctions it. The state tournament two years ago was held at Irvington only because Multnomah re-

requested it.

Tennis is becoming so popular among both the young and old members that the Multnomah Club is in need of several new courts. There are four asphalt courts now and in good warther these are four asphalt courts now and in good warther these are inconsistent. weather these are in constant use.

It is proposed to build on the newly purchased ground at least three new clay courts and two asphalt courts. The board of directors practically has decided upon the construction of two courts immediately and it is planned to have them ready for use by the first of June.

The Irvington Club is also planning the construction of one or two new courts on its new ground. Irvington courts have a decided advantage in situation, as they are in a locality which is open to the cool west wind during the hot weather in the Sum-

The Y. M. C. A. has organized a tennis club with a charter membership of 20. The officers elected last week were: President, Charles S. Loeding; vice-president, H. S. Neal; secretary, W. C. Moore; treasurer, G. B. Mitchell. The club has two excellent courts

Miss Hotchkiss and Miss Ryan, of Cali-fornia, will be hore for the state tourna-ment, and it is also expected that the international champion, Miss May Sutton, will be on hand. SILVERTON, Or. March 25.—(Special.)—The Silverton High School basketball team is in trim now to secure the championship of the Pacific Northwest, and has accepted the challenge of the champion team at Payette, Idaho. It is expected the conest will come off in Silverton some time this week. Silverton has lost to no high school team in the state this senson, and has detested the Vancouver, Wash, team on two different occasions. The last defeat was met Friday evening in a game played on the home team's floor, which resulted in a score of 56 to 8. The same evening the Silverton girls' team defeated the Vancouver girls for the second time at the rate of 18 to 3.
