TAFT SPOKESMAN DEFINES 'TREASON'

Insurgents Read Out by Wickersham.

TIME FOR VACCINATION PAST

Storm Attests Work Done by Administration.

TARIFF RESULT DEFENDED

Attorney-General Aggressive in Re-counting Acts of His Chief. Economies Greatest Known in History, He Says.

WICKERSHAM DEFIES INSURGENTS

I speak to an assembly of loyal Republicans. I am sure I voice your thoughts when I say that the time of running with the hare and hunting with the hounds is over and everyone must choose whether or not he is for the President and the Republican party.

CHICAGO, April 9.—(Special.)—Attorney-General Wickersham read the insurgents out of the Republican party in a speech tonight before the Hamilton Club at its Anniversary dinner.

President Taft is doing exactly what the Republican party and platform promised before his election, and the new tariff laws fulfill the pledges made in that particular," he said.

Campaign Pledges Recounted.

It was the general feeling that the Attorney-General was speaking for his chief as he recalled the campaign pledges one by one and pointed to the executive's action upon them after taking office.

The Administration's determination to enforce the Sherman law against trusts and monopolies he reiterated in his speech tonight, the tariff he defended and declared that as a revenue-producer it had no equal, while its maximum and minimum provisions provided a powerful weapon for the protection of American commerce.

Time for Treason Past.

"He that hath no stomach for the fight, let him depart," quoted Mr. Wickersham in a shout which emphasized the sentiment. "The time of running with the hare and the hounds is over. Treason has ever consisted in giving aid and comfort to the enemy. If anyone wishes to join the Democratic party, let him do so; but let him not claim to be a Republican and work in and out of season to defeat Republican measures and to subvert the influence of the Republican President."

Attributing his argument to follow the sequence of events, Mr. Wickersham be-

MISS ANNA MORGAN TAKES EARLY RIDE AT PASADENA.

Mounted on Mustang, She Gives Guide Merry Chase About Foothills for Three Hours.

PASADENA, Cal., April 9.—(Special.)—Miss Anna Morgan, daughter of J. Pierpont Morgan, who is at the Hotel Raymond, accompanied by her mother and two young women friends, today showed her fondness for outdoor life.

Promptly at 7:30 A. M. she donned her riding habit, patterned after the "pants suit" of Miss Eleanor Sears, mounted a wiry little buckskin mustang and started down the winding path leading from the hotel, accompanied by a guide from the livery stable, at breakneck speed.

As in the case of Miss Sears, her costume attracted much attention. She led her guide a merry chase about the foothills surrounding Pasadena for three hours. On returning to the hotel she rushed to her apartments, only to appear in a few moments in street dress, ready to join a man from Los Angeles who was waiting in a big red Packard touring car. Miss Morgan took one of her women traveling companions and went for a long motor ride through the orange groves.

The party did not get back to the hotel until after dark.

The Morgan party occupies the same suite of 10 rooms occupied by the Carnegie party, at the rate of \$1000 a week.

PANTAGES LEASES GROUND

Quarter Block Is Secured at Corner of Sixth and Yamhill Streets.

The Pantages Amusement Company has taken a 30-year lease on the quarter block at the southwest corner of Sixth and Yamhill streets owned by J. C. Alnsworth. The lease has been determined by a valuation of \$25,000 for the ground. The rental for the first six months of the lease, while the building is being erected, is nothing; for the entire period it is \$1000 a month, and for the last 29 years of the lease is \$1250 a month, or 6 per cent on a valuation of \$225,000.

Emil Schuch & Son, architects, were instructed yesterday, after the signing of the papers for the lease, to prepare plans for a steel theater building to cover the entire property, 100x100 feet. The details of the cost of the building or the number of stories to be placed in its construction have not as yet been determined. The building, when completed by April, 1911, when the ordinance relating to fire-proof theaters goes into effect.

"GROUCH" CARRIED TO SEA

Mary Garden Sails With Artistic Temperament Ruffled.

NEW YORK, April 9.—(Special.)—Mary Garden sailed for Europe today with 13 pieces of baggage, a bouquet of flowers and a "grouch." She blamed her admirers for the flowers and hinted that Oscar Hammerstein was responsible for the "grouch."

Of course, there were other elements contributing to her distress of mind besides operative impressions, but as Mary herself said, "It's as good a one to blame things on as anybody." A retail shop-keeper today lauds Mr. Roosevelt's energy, versatility, democracy and honesty and at the same time prints a review of his visit to Rome, in which the opinion is expressed that his conduct offered a striking proof of his tolerance and high sense of honor.

MAN SAVED FROM FALLS

Boat Dashed to Pieces by 60-Foot Drop; Occupant Lives.

FALL RIVER MILLS, Cal., April 9.—After being whirled down Hat Creek in a small skiff, G. Magerstadt was carried over Hat Creek Falls and dashed into the foaming waters 60 feet below yesterday morning.

The boat was dashed to pieces on the rocks and Magerstadt managed to grab a boulder, from which he was rescued by two of his assistants.

VATICAN TIFF MAY REMOVE DEL VAL

Roosevelt Incident Is Weapon for Foes.

ACT INEXCUSABLE, THEY SAY

Spanish Secretary of Pope Accused of Lack of Tact.

STEP BLASTS AMBITION

Fremdenblatt Declares Experience Should Have Taught Cardinal Diplomacy—Pope Not Blamed by Influential Press.

ROME, April 9.—(Special.)—Apparently the only vitally serious result of the unfortunate failure of Pope Pius and Mr. Roosevelt to have the interview both would have enjoyed is the weapon thus placed in the hands of the opponents of Cardinal Merry del Val, chief adviser of the Pontiff in secular concerns.

It is predicted that Cardinal del Val's tenure of office will not be prolonged indefinitely. The Spanish secretary is accused by his foes of inexcusable misunderstanding of the American type, and particularly with misreading the character of Mr. Roosevelt.

Lack of Tact Shown.

Regarding each, as they see the incident, Cardinal del Val should have been informed long ago in the ordinary course of Vatican business not to mention the hundred and one sources of knowledge that a professional diplomat is supposed to lay under tribute. His enemies twist the papal secretary of state's not only with lack of tact, but with lack of indispensable inquiry, "the two high crimes and misdemeanors of a Vatican statesman overshadowing all others," according to the Fremdenblatt. This paper expresses the opinion that "his latest faux pas of Cardinal del Val renders it inconceivable that he ever shall reach the goal of his ambition, the chair of Peter."

Amiable Pope Not Blamed.

Influential German, Austrian and French journals having strong Roman Catholic sympathies declare it a great misfortune that a man of the far-sweeping policy of Rampolla is not now the responsible adviser of the amiable Pope. Cardinal del Val, when, as Leo Roy Beaulieu says, every progressive Catholic in the world desires the Vatican to lead the way in a broadminded statesmanship.

NEWSPAPERS LAUD ROOSEVELT

French Publications Give Much Space to American.

PARIS, April 9.—As the date of Mr. Roosevelt's visit to France draws nearer, the leading newspapers devote much space to the former President's personality and movements. The Figaro today lauds Mr. Roosevelt's energy, versatility, democracy and honesty and at the same time prints a review of his visit to Rome, in which the opinion is expressed that his conduct offered a striking proof of his tolerance and high sense of honor.

"It is easy to understand," says the paper, "that many American Catholics feel the attitude of the Vatican, which prevented their great patriot from doing any act of courtesy to the Pontiff, as an offense against their patriotism and their country."

The Matin, pursuing an investigation of what it terms "the inside of papal transactions," says some ecclesiastics feel that Cardinal Merry del Val acted in accord with Cardinal Gibbons and prominent American Catholics with the secret object of preventing Mr. Roosevelt from winning new prestige in the eyes of American Catholics through a papal audience.

Emperor Plans Entertainment. VIENNA, April 9.—Emperor Francis Joseph is interesting himself actively in Mr. Roosevelt's coming visit to the capital, with a view to making sure

MANIAC BATTLES WITH RESCUERS

MAN IS DETERMINED TO DIE IN FRONT OF TRAIN.

Conductor Gets Help Just in Time to Save Serious Injury by Powerful Assault.

AUBURN, Cal., April 9.—(Special.)—After a desperate struggle with a maniac, who was determined to be killed by being run over by a freight train in the snowdrifts a few miles east of Blue Canyon, Conductor Lindsay and Engineer Starbuck succeeded in overpowering the man. This was not accomplished until the insane man had torn Lindsay's shirt in pieces and had inflicted other injuries on the men who tried to save him.

The maniac was identified as Albert Quinn. The engineer managed by a narrow margin to stop the train in time to prevent running over him as he stood in the center of the track, wildly waving his arms. When the conductor endeavored to persuade him to get on the train he made a furious attack. Others of the crew arrived just in time to prevent serious injury to the conductor.

Quinn, who is a powerful man, weighing more than 300 pounds, was bound with straps and turned over to the authorities at Blue Canyon. He was committed today to the asylum for the insane at Stockton.

MAN, 95, IMITATES WESTON

He Walks From Mississippi to Portland, and Back, 4000 Miles.

BILOXI, Miss., April 9.—(Special.)—showing no indications of hardship, Dennis Kane, almost 96 years old, a Confederate soldier, who had been away five months, returned to the Soldiers Home at Beauvoir this morning, after having walked almost all the way to Portland, Or., and back, nearly 4000 miles.

Kane, who was in Company C, 19th Mississippi Regiment, of the Confederate Army, made the long walk to Oregon to visit two friends in the Northwest. At Portland he learned they had died a month before his arrival there. Then he started to walk back to Beauvoir Home, and frequently he was forced to walk all day. He generally slept by the railroad tracks, but in some places he could not do so and had to walk all night and at the next day, sleeping only at night. His best average was 35 miles a day.

After re-entering the Beauvoir Home today he said he would remain there until he died.

BOY IN LOVE SHOOTS SELF

Affection for 15-Year-Old Girl Not Returned and He Will Die.

MINNIVILLE, Or., April 9.—(Special.)—Worried because his parents had separated and because the girl he loved did not love him, Fred Bradley, aged 21, tried to kill himself sensationally on the street here tonight. He fired three shots into his body, and surgeons say he cannot possibly live.

In a statement made shortly after he was picked up he said it was because of his love for a 15-year-old girl named Rafael that seemed in vain that he wanted to die. His mother secured a divorce from R. F. Bradley, a local liverman, recently, and went to Hood River to live.

No intimation had been given of his passion for the girl, who is of a prominent family.

CUDAHYS ARE RECONCILED

Man Who Slashed Lillis Will Return to His Wife.

PASADENA, Cal., April 9.—(Special.)—Jack Cudahy left Pasadena secretly last night and is on his way to Kansas City, where a reconciliation with his wife has been arranged by Michael Cudahy, the young millionaire's father. This information was given out by friends of the Cudahy family tonight.

Michael Cudahy returned a few days ago and it was reported that he had failed in effecting a reconciliation, but the information given by friends tonight is said to be with his authority.

Train and Streetcar in Collision. SPRINGFIELD, Ill., April 9.—In a collision between a streetcar and a Chicago & Alton freight here last night, a brakeman was killed and 15 passengers were injured.

PRESIDENT ROUSES DINERS TO CHEERS

Deeds by Congress Are Demanded.

TIME HAS COME FOR DOING

No One Is Being Read Out of Republican Party.

EXECUTIVE POUNDS TABLE

Guests of Republican Club League Wildly Cheer Taft's Declaration That Party Members Shall Be Known by Their Deeds.

WASHINGTON, April 9.—W. H. Taft spoke tonight before the League of Republican Clubs of the District of Columbia, not so much as President of the United States as in his capacity as titular leader of the Republican party.

Mr. Taft said he was "glad the Republican party still lives," that he did not want to read any man out of the party, but that "by their deeds they should be known."

"Tonight," he said, "we are reading nobody out of the party. We want all of them in the ranks and they have the opportunity to establish their claim to Republicanism by that which they shall do in both houses of Congress by helping to enact the legislation which is now before them."

The 500 guests from all parts of the United States stood up and cheered. The President was in a mood to "talk turkey," but he said he had not come to them to make a "keynote speech."

Time Come to Do Things.

"With all due deference to the distinguished members of the Senate and the House who surround me," the President continued, "I want to say that I think this is not exactly the time for speaking except in the two houses of the Legislature. This is the time for doing things."

Here the President, who spoke with more vehemence than usually characterizes his after-dinner speeches, was again interrupted by a roar of cheers and shouts.

"Great!" "Bully for you!" "Now you're ridding!" "That's what we want to hear!" were among the comments shouted from the floor of the banquet hall.

"The time has come," said President Taft, "for doing and voting and passing the measures which have been placed before this Congress. It is time for doing things, and after Congress has adjourned the Republican party will have formed its lines of attack. Then will it be furnished with the weapons with which we are going into the next contest."

Read Nobody Out of Party.

"Tonight we are reading nobody out of the Republican party."

"We want all in the ranks and all have the opportunity to establish their claims to Republicanism by that which they shall do in both houses of Congress in helping to enact the legislation before them. By their fruits ye shall know them."

Here the President pounded the table and looked defiance, which he assured his hearers he did not feel.

"Those," he continued, "in the Senate and House who stand for the legislation we seek in order to redeem the pledges of the party have the right to stand with the party as Republicans."

"If they don't, we won't quarrel with them. They have a right to their opinions. But we desire their aid as Republicans, and I don't wish to assume that they are any sincere as I hope I am myself in Republicanism."

"The Republican party is not rigid in its demands. It is so broad and liberal that it permits differences of opinion."

President Taft chuckled in his inimitable way as he spoke of the differences of opinion in the party. After the tumult of shouting had subsided the President continued:

Short Time to Prove Identity. "But when the evidence is shown that

SOLE LEATHER IS HOOKWORM'S BANE

INFECTION IS THROUGH FEET, SAYS SCIENTIST.

Disease, Unless Far Advanced, Can Be Cured and Infection Prevented by Wearing Shoes.

CHICAGO, April 9.—(Special.)—The hookworm, according to Dr. Hollis B. Frissell, of the Rockefeller Sanitary Commission, who has completed a tour of Southern states and is in Chicago today, will soon be a thing of the past.

"There is no doubt the hookworm can be destroyed," said Dr. Frissell. "In advanced cases, in which the worm has done its worst, nothing can be done to save the victim, but in all ordinary cases proper treatment will cure in a year or two. Infection is largely through the feet, and if the poor whites and negroes can be made to wear shoes, the principal source of the infection and re-infection will be removed. In some parts of the South, particularly where there is sandy soil, fully 75 per cent of the poorer classes are infected."

"Agriculture will be the salvation of the negro," said Dr. Frissell. "Keep him on land and teach him to cultivate it properly."

LORD MAY VISIT CADETS

Kitchener Likely to Inspect West Point Before Heading Home.

WEST POINT, N. Y., April 9.—General Lord Kitchener, of Khartoum, who landed on the Pacific Coast on Thursday, will probably visit New York and West Point before he sails for England. It is known that Lord Kitchener has long desired an opportunity to visit the military academy, and in coming is eagerly looked forward to by officers and cadets as an event in West Point history.

It was Lord Kitchener who advised the government of Australia to establish there a military academy patterned after West Point, and in pursuance of this suggestion, Colonel Bridges, of the British army, recently visited the academy and spent a week studying the organization and administration.

Lord Kitchener probably will go first to New York, where plans are being made for his entertainment by officers on Governor's Island, and the other harbor fortifications. At West Point he will be given every opportunity to study and inspect the institution from every viewpoint.

CITY ELECTION POSTPONED

Recorder at Lostine Makes Error in Announcing Date.

WALLOWA, Or., April 9.—(Special.)—Lostine's city election, which should have been held Monday, was postponed by an error on the part of the Recorder in issuing the call for the election, he having dated the election for Tuesday, the 15th day of April. This error brings to light a provision in the charter that such an error makes it impossible to hold an election this year unless the members of the old Council resign.

Another peculiarity of the charter was also brought to light when the name of a prominent business man was near being held Monday, was postponed by a dog tax for the past year. His refusal to pay the dog tax was not long to him. The Council took the matter under advisement and secured legal counsel. Their decision was that the charter provides that any person harboring a dog and refusing to pay the required tax is disqualified from holding any office or voting in the city election.

HILL FREIGHT CUT IS MET

Harriman Grants Cheaper Rate on Canned Salmon to East.

ASTORIA, Or., April 9.—(Special.)—A few days ago the Hill lines announced a reduction in the freight rates on canned salmon from Oregon, and Washington points to Chicago from 55 cents to 65 cents per 100 pounds, but increased the minimum shipment from 40,000 to 50,000 pounds.

The Harriman lines have now announced the same reduction in the rate, but have left the minimum shipment at 40,000 pounds, which is quite an advantage to the small dealers, who are accustomed to purchase fish in lots of 500 cases.

Huge Potato Exhibited.

VANCOUVER, Wash., April 9.—(Special.)—A potato 11 1/2 inches long and 1 1/2 inches in circumference, was grown by T. M. Wilson, of Sara and was taken to Ridgefield today for exhibition purposes yesterday.

JACKLIN WILL BUY HARRIMAN RESORT

Pelican Lodge Goes to Copper Magnate.

DEAL PRACTICALLY CLOSED

Utah Capitalist Says Terms Satisfy Both Sides.

400 ACRES IN PROPERTY

Widow of Railroad Wizard Finds Herself Unable to Carry Out Improvements Planned—Terms of Sale Are Withheld.

SAN FRANCISCO, April 9.—(Special.)—Pelican Lodge, the head of Klamath Lake, in Southern Oregon, which the late E. H. Harriman purchased three years ago with a view to making it a summer outing resort, is to be sold. Its prospective purchaser is D. C. Jacklin, of Salt Lake City, millionaire vice-president and manager of the Utah Copper Company, and the Ray Consolidated Copper Companies.

Mr. Jacklin arrived here yesterday from Salt Lake City in his private car. Accompanying him were Governor and Mrs. William Spry, of Utah, who will be his guests on a trip to Arizona. He and his party spent the greater part of the day at the Palace Hotel, where Mr. Jacklin met H. A. Holabird, of Los Angeles, through whose father Mr. Harriman purchased Pelican Lodge. Accompanying him were Governor and Mrs. William Spry, of Utah, who will be his guests on a trip to Arizona. He and his party spent the greater part of the day at the Palace Hotel, where Mr. Jacklin met H. A. Holabird, of Los Angeles, through whose father Mr. Harriman purchased Pelican Lodge.

After the meeting yesterday it was admitted by Mr. Jacklin that the deal was practically finished. He would not discuss the terms or other conditions of the sale, further than to say that they were satisfactory to both sides.

Mr. Jacklin first began negotiations for Pelican Lodge two months ago. He received from Mr. Harriman the deed of the late railroad magnate, word that she and her children were willing to part with the grounds, for they felt that they could never carry out the plans of Mr. Harriman. Harry Holabird, who was familiar with the former deal, was delegated to represent Mrs. Harriman in the negotiations.

Property Held Three Years.

E. H. Harriman was enraptured over Pelican Lodge during a trip down from Portland three years ago, and promptly bought the property, which consists of 400 acres. Originally the place was a summer resort. It was the intention of Mr. Harriman to clear the place of all but the principal buildings on the property and expend several hundred thousand dollars in improvements. He had the lodge connected with telegraph and telephone wires from Weed, a station on the Shasta route, and a branch to connect it with the Southern Pacific.

Before Mr. Harriman left for New York he had two launches sent to Pelican Lodge for use on Klamath Lake. He had also planned to bring a party of Eastern friends out here the following year, to spend two weeks or so with him at the lodge.

Millionaire Jacklin proposes to carry out many of the plans for improvements at the lodge.

Hand Mangled in Chopper.

WALLOWA, Or., April 9.—(Special.)—F. A. Rachow, a farmer living near Lostine, was brought to the hospital here today, suffering from a badly lacerated arm. While assisting J. F. Haun in running a feed chopper, Rachow's left hand became entangled in the belt connecting the chopper with the gasoline engine. The hand was torn off and the arm so badly twisted and torn that amputation was necessary a few inches below the shoulder.
