

CAMERAS GET JEFFRIES' VARIED POSES

Big Fighter Doesn't Like to Face Lens, but Can't Avoid Publicity.

SUMMER HOME IS IDEAL

Pugilist Says He Does Not Underestimate Ability of Colored Man, but Will Be in Shape by July 4 and Is Going In to Win.

BY HARRY B. SMITH. JEFFRIES' TRAINING CAMP, Rowardennan, Cal., April 9.—(Special)—The settling down in his new training at Rowardennan, in the Santa Cruz Mountains by James J. Jeffries and the first of his actual training for his coming fight with Jack Johnson, has, naturally enough, been the chief news of the week in sporting circles in this part of the country.

To tell the truth, Jeffries did little actual work the first few days, but the eyes of the world have been upon him and practically everything that he has undertaken has been commented upon by the newspaper writers who have been detailed to be with him.

Jeffries, his wife and two nephews, Russell Klesler and Tod Boyer, arrived in San Francisco last Monday, and as the fighter was anxious to be settled at once, plans were made to go to Rowardennan the next day.

Jeffries has never been an easy subject for photographers, as he doesn't like that sort of thing, and his friends remarked upon the good nature that he displayed when the men pestering him for various poses.

Unquestionably the programme for the first day was somewhat colorless, but just the thing that Jeffries needed to get him into the groove.

There is no question, however, but that he is going in for a hard siege of training. He evidently realizes that he has a big fight on his hands, and he is not going to underestimate the ability of the colored man.

I had a short talk with him, and this is part of what he said: "I have given out no statement that Johnson will be easy for me. He may be easy and he may be tough. But it will be in good shape for him. I have been training for a year practically, looking ahead to this fight, and I don't think, but I know that I will beat him. It may be when I step into the ring on the Fourth of July."

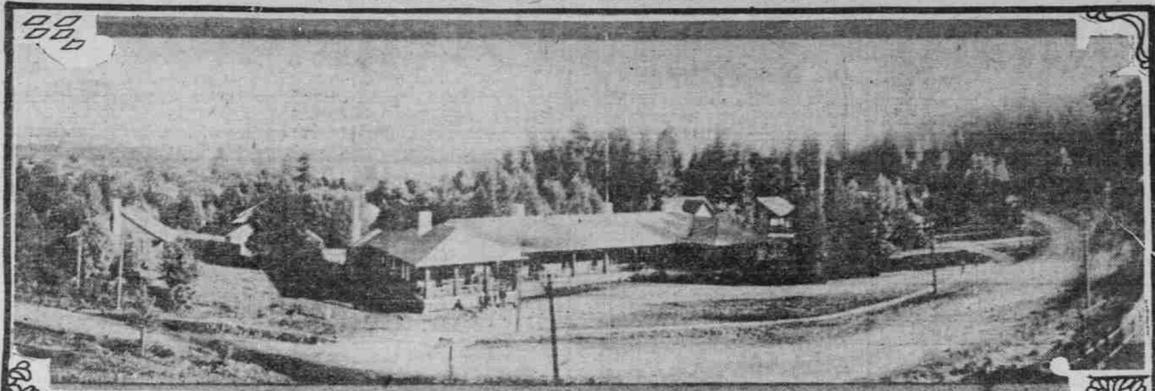

Summer Home is Ideal. And now, perhaps, you will like to know just a little about the place that Jeffries will call home for the summer months.

The San Lorenzo River is close at hand, and will afford facilities for swimming and rowing. Of course there is mountain climbing in abundance and at this time of year excellent trout fishing.

Jeffries Due in April. So far as can be learned, Jack Johnson will be in San Francisco about the 15th of the month, and will settle down at the Seal Rock House at the beach.

Last week, Sam Fitzpatrick, former manager for Johnson, was responsible for a statement in which he said that if Jeffries could get into condition he would have no trouble beating the negro. He explained as his reason for

such an argument that Johnson could not hit. Johnson had a come-back the following day and said that the reason Fitzpatrick made such a statement was because he was sore.

The advance sale of seats opened this week in San Francisco. According to the announcement that has been issued, only seats ranging from \$15 to \$50 will be sold at the present time.

Tom Williams has decided to run the races right up to the list of July, but it is not expected that this will interfere with the construction of the arena.

Just at present writing, both Tex Rickard and Jack Gleason are expected to arrive in San Francisco, but they are expected to arrive in the middle of June.

Report it is the effect that the advance reservations are unusually heavy, so that there is every indication for a bumper crowd on the day of the Fourth.

Jeff to Do Much Boxing. Sam Berger gave out a mighty logical statement one afternoon this week regarding Jeffries' training.

"When Jeffries starts boxing," said Sam, "there will be no let up. He will box every day. The only element against him that has been out of training is the lack of judgment, distance and time in boxing."

Stanford Crews Win Twice. Berkeley Loses Both Freshman and Varsity Scull Events.

OAKLAND, Cal., April 9.—Stanford University won both the freshman and varsity races in the eighth annual regatta held with the University of California on the Oakland Estuary today.

SEATTLE, Wash., April 9.—Through Stanford's victory over the University of California in rowing today the race between the University of Washington and the Stanford crew on Lake Washington, May 25, is now assured.

Chelsea rose from 8 cents a pound in 1857 to 15 cents a pound in 1908, and potatoes from 15 to 10 cents a bushel during the same period.

Athletic Tournament on Saturday Promises to Be Attractive Feature in Sporting Fraternity.

With the interscholastic cross-country run out of the way and all the tryouts for the various school and college track teams completed, there is nothing left to claim the attention of local track men.

The "Aggies" expect to show up particularly strong this year. All of the local prep schools are entering teams as well as the Multnomah Club, the Y. M. C. A. and the Catholic Young Men's Club.

ALBANY, Or., April 9.—(Special)—The Albany team of the Willamette Valley League lined up for the first time last Sunday afternoon in a practice game with a team of the Albany Twilight League.

Spring contest in the state and brings into competition all of the big college and school teams. The event has been growing in importance for several years and the indications are that this year's meet will be the largest ever held.

The entry lists were nearly all in last night, and will be published tomorrow. An unexpectedly large number of entries have been turned in for the two-mile course.

Strong Men Entered. The two strongest distance men entered thus far are George Burns, winner of last year's mile event, and Chester Higgins, of Hood River, winner of the mile run at Corvallis last Spring.

Brooklyn and Chicago Trade. NEW YORK, April 9.—Announcement was made today of a trade by the Brooklyn Club to Chicago of McIntyre for Tony Smith, Harry Smith and Davidson.

Bantamweight Title Up April 30. LOS ANGELES, April 9.—Promoter Tom McCarey has selected the afternoon of April 30 as the date for the Frankie Conley-Danny Webster fight in the Vernon arena.

Sam Holbrook has announced that he will take part in all the Multnomah Club's social functions hereafter.

The big things at the club just now are the preparations for the annual exhibition of the club at the Armory on April 21.

Ralph Knight, a professional clown, will be one of the features of the exhibition.

Cass Campbell is working hard with his baseball team and expects to turn out a winning aggregation.

Taft Warriner and M. B. James, two of Multnomah's prominent members, recently married, are expected back shortly from California, where they are honeymooning.

Park Meyers, who has just won the novice handball tournament, is a comer. He gave permanent possession of the beautiful E. E. Merges trophy.

E. E. Merges, one of Multnomah's most enthusiastic supporters, has given three handsome silver trophy cups for novice events.

Tennis enthusiasts crowd the four courts every afternoon when the weather is good. When the two new asphalt courts are completed there will be considerable rejoicing among the tennis fans.

T. Morris Dunne, secretary and treasurer of the P. N. A., is the busiest man around the club. P. N. A. business has made it necessary for him to resign his chairmanship of the Finocchio Club.

Superintendent Walker reports the Armory will not be adequate to accommodate all the crowds at the women's exhibitions. Some are requesting two performances already. This is the first time the gen-

eral public has ever been invited to attend the annual exhibition.

The big hit of the evening will be the "Dutch Kidnappers." Bert Allen says wooden shoes will not cure corns.

There is talk of putting in a squash court between the handball court and the main building.

A number of boxers and wrestlers will be entered by the club in the Armory meet January 15.

Considerable interest is being taken by club members in the bowling contests which are held every week with the Catholic Young Men's Club. There are six more games to play.

Eddie Sammons is one of the promising candidates for this year's baseball team. Eddie is a husky youth and goes in for everything.

Superintendent Walker says he finds it hard to keep busy. Thompson complains similarly.

The young man who overshadows all others when it comes to gracefulness in the fencing drill, which will be staged in the annual exhibition, is Edgar Frank.

It is hoped that more interest will be taken by the members in the baseball team this year and that they will turn out for the big games.

Petrain's Talks on Current Sporting Topics

JAMES J. JEFFRIES has lived up to all the promises he has made thus far. The big white fighter announced when he accepted the deft of the Galveston black that he would return to the ring and defend the supremacy of the white race.

For the past several days he has been installed at his training quarters at Rowardennan, a pretty place in the hills, about 12 miles from Santa Cruz, Cal.

During the coming Summer there will be more activity shown in aquatic sports in Portland and vicinity than ever before in the history of this city.

Portland's baseball prospects for the coming season loom up brighter each day. For McCredie's ballplayers are playing in first-class fashion.

Last Tuesday night the fight fans of Portland were treated to a good card of exhibition boxing matches staged by the Oregon Athletic Club.

The success enjoyed by the professional matches lends added interest to the amateur boxing performances, which brings to mind the fact that the Armory Amateur Athletic Association, a National Guard organization, intend to present an amateur show Tuesday night next.

J. Cal Ewing says that Seattle will never be admitted into the Pacific Coast League as long as Dugdale has anything to do with the team at the Elliott Bay burg. As J. Cal is something of a factor in Pacific Coast baseball circles, Seattle may do well to observe his assertion.

The total attendance at San Francisco opening day was 7300, including passes. Last season Portland turned out 5700 paid admissions. Will somebody kindly inform us whether San Francisco is the best baseball town on the coast?

JEFFRIES' 'GROUCH' TURNS TO SMILES

Big Fighter Gets Over First Hurdle Toward Condition.

MUSCLE SORENESS GONE

Training Camp Chirks Up With Dispellling of Dark Cloud—White Champion Works Like Harvest Hand; Is Hard to Restrain.

BEN LOMOND, Cal., April 9.—Jim Jeffries joined the sunshine society today after several days of gloom which had led his trainers to fear that he would not readily get back into his old-time form.

Jeffries is working at his training routine like a hired man in harvest time, but today he found a few moments to chat pleasantly with visitors and chaffed his trainers who were delighted with the change for the better.

First Days Were Tough. "It simply means," his chief trainer said, "that Jeffries has gotten over the first hurdle toward good condition. When an athlete has been out of the game as long as Jeffries, the first few days of work are pretty tough on him."

Despite his having been cautioned, Jeffries put in the hardest day of the first week's schedule today. Early in the morning he started on a ten-mile road trip, returning to the camp by a difficult mountain trail.

The afternoon's work consisted of rope-skipping, shadow-boxing, exercises with light dumb-bells, three fast games of handball, and tugging and hauling four rounds with Burns and Armstrong.

Jeffries will do his first boxing Monday. Two sets of especially-made gloves reached here today.

Tex Rickard Grows Nervous. McKeon Ordered to Tow Johnson to Training Camp.

NEW YORK, April 9.—The course of big things pugilistic took its way rapidly today at Ben Lomond, the luck of the Jeffries-Johnson fight managers, en route to San Francisco, and John McKeon, who has been representing the Glenside-Rickard interests here, on his way to Chicago.

McKeon will stay in Chicago until next Friday, and the fight enthusiasts will watch the war West with Johnson in tow. The New York agent has been instructed not to leave Chicago for the Coast without being sure that Johnson is on the same train.

Gleason before leaving expressed himself as confident on this point. "There is no occasion for worry over Johnson," assured Gleason. "Rickard has only conducted one big fight, the Gans-Nelson battle at Goldfield, and he may be a trifle nervous. Johnson has assured me that he will begin training near San Francisco May 1, and I believe him."

Gossip Turned Loose at the M. A. A. C.
