Coaches of the Portland Inter-scholastic League baseball teams have only 10 more days to work before the opening of the scason, and this week aspiring candidates will be given the last opportunity to show their caliber. The first game will be between Wash-ington high and Lincoln High on April 20, a week from next Wednesday, and on the following Friday Portland the following Friday on the following Filiasy rotation Academy and Jefferson High will clash.

The winning team this season will be awarded a beautiful \$50 solid silver trophy cup, offered by George W. Dilworth. A second prize trophy will be given by the Honeyman Hardware

Washington High School, the champion last Spring, has an even stronger team this season. The old batting order is practically intact, with the exception of two of the field positions exception of two of the field positions and the backstop. Joe Jones, at short, and Houck in the pitcher's box, are two unusually fast and clever players who have proved themselves.

Professor Norman C. Thorne, coach of the Portland Academy squad, is having trouble in getting a suitable man for pitcher. Cobb will be used if no one else can be found, but as there is also a dearth of good catchers, and also a dearth of good catchers, and Cobb is better at backstop than any-where else, it is desired to use him in that capacity. Coach "Dolly" Gray is optimistic regarding the prospects for a winning buseball team at Corumbia University. "The boys are doing nobly," said "Dolly" yesterday, "and I think they will be able to clean up the other prep teams of this city without much difficulty, and take a number of outside games besides."

# Morgan May Replace Arthur.

There is a possibility that Morgan may replace "Chubby" Arthur as cap-tain of the team, because Arthur has about all he can attend to in the pitcher's box, and Morgan is considered fully as good a general. Arthur's strongest point is his speed. He has a good spit hall and a good in, but not a very great assortment of curves. The team is yet somewhat weak in batting, but with hard and constant practice is improving slowly in this practice is improving slowly in this respect. In the fielding department the Jefferson players are strong.

The Lincoln High boys look better than the other teams in the preliminary practice grames, and have strong

In some cases visitors had a narrow escape from be-ing knocked down by the officer's horse. These difficulties will be eliminated, it is hoped, with a building especially constructed for the purposes of the fair.

The matter of holding the fair six or eight weeks later in the season has been suggested, and the idea has met with some favor. Not only would the weather be more settled but it is be-lieved there would be a much larger showing, owing to the fact that many good roadsters cannot be gotten in Walter Day, the premier third sacker for the Frakes in 1908, will be seen in a Peninsula uniform this season.
