Robertson Wins Sensational Ten-Mile Free-for-All Auto Race in 6:35.6.

SPEEDWAY MARK IS SET

Endecott, in 50-Mile Event for Stock Chassis, Clips Off Seven Seconds From Atlanta Time and Finishes in 43:49.69.

LOS ANGELES, April 9.-One world's stock car mark were the extent of the record-breaking on the Loe Angeles ing him for the law Motordrome today.

the behavioral event of the day was the battle betwen George Robertson in the Simplex and Caleb Bragg in the Flat 30 in the ten-mile free-for-all. These racing monsters reeled off mile after mile under the 40-second mark and completed the ten in 6:36.6, the Simplex winning by 100 feet and establishing a new world's mark.

mark.

For seven miles the cars were lapped and it was difficult to tell which led at the wire for the first five miles. Time after time Robertson, who was on the outside, would run high on the track in an effort to swoop down into the lead, but Bragg held on and refused to give an inch.

Tires Fly to Pieces.

In the seventh mile Robertson forged a yard into the lead. This was increased to a length in another half mile and at the end of the eighth circuit the gap was steadily widening. Pieces of the tread were seen flying from the Piat's tires and from then on it was easy for the Simplex.

the Simplex.

In the record trials of the day not a mark was lowered, Oldfield coming within 9-100ths of a second of beating De-Palma's five-mile mark made yesterday. Palma's five-mile mark made yesterday. (The Benz made five circuits in \$15.71. Had not a tire gone bad within 1-16 of a mile from the wire, the record would surely have been broken. This was Oldfield's second trial. On the first he retired on account of trouble after making two miles in the senzational time of 1:13.72.

Speedway Record Made.

A National speedway record was established by Endecott in a Cole in the 50-mile race for stock chassis measuring 161-230 cubic inches piston displacement. The 50 miles were made

In 43:49.69.

The former record, made at Atlanta, was 50:36. The race was between the Cole and the Buick all the way. These cars alternated in the lead until the last five miles, when Endecott opened up a gap of 100 feet.

The five-mile class C, 451-600 cubic makes distance of the cole.

The five-mile class C, 451-500 cubic inches piston displacement, was won by Oldfield in the Knox, after Hanshue, in the Apperson, had held the lead for a mile.

The stock handleap was won by the Ford with a handleap of 3:10, with the Stoddard-Dayton second the Knox third.

Leader of Organized Gang Known to Be in North Arranging for Disposal of Orientals Brought Across Border Against Law.

LOS ANGELES, April 9,—(Special.)— Driven from Los Angeles by the activ-tity of Federal slenths aided by the lo-cal authorities, the band of opium and ity of Federal sienths aided by the local authorities, the band of opium and Chinese smugglers that has been operating along the Pacific Coast and the Mexican border has transferred lits scene of operations to the northern ports in Washington and Oregon. According to Deputy United States Marshal Durlin, who has had a large part in the two-years' warfare on this particular breed of lawbreakers, the head-quarters of the band has been transferred to Seattle with branches at Portland, Tacoma and Spokane. At the latter place arrangements are made for disposing of the contraband Chinese and opium that is successfully brought in by Pacific liners and across the Canadian border.

"Chick" Wallace, the leader of the band, is now in the northern cities arranging for the disposition of the smuggled Orientals and drug. He is the brains of the band, and is the only preminent one of the original gang that has escaped arrest by the Federal authorities. Three of his confederates, including Larmon Gonzales, next to Wallace the cleverest of all are in jall in this city, held as Federal prisoners.
