Draperies and Curtain Goods For the Home

The Anniversary and Wonder Day Sales have strong values to offer in Furniture—It means this new department, only created a short time ago, has the newest and best, fresh and direct from the manufacturers and of unquestioned quality—The opportunity is the best of its kind known in this part of the country—This is the way we are going to celebrate in the entire Fourth Floor, main building and annex, beginning tomorrow.

A New Department for Public Convenience

For the convenience of the people of Portland we have added to our many departments a REALTY AND RENTAL BUREAU, where our many friends and patrons can find the choicest selections of houses, flats and apartments either for sale or rent. We have the combined lists of all the principal real estate agents in the city, from which you can choose a home for yourself to suit your fancy in location and architecture, and your convenience in regards to price. We propose in the near future to be able to supply information on anything from the costliest to the humblest home. This department is located on the sixth floor of our new building, and will be in charge of those thoroughly trained in this special work. As we are working in conjunction with all agents, we will thereby be a clearing-house for all information pertaining to sales and rentals of homes. The public is cordially invited to take advantage of this department, which will possess the reliability for which the Meier & Frank Company has been noted for the past two generations. Our list of unfurnished homes for sale or rent will be found in the classified advertisements. Read the list.

The bloom of Springtime is all over our Upholstery Store—Here, there and everywhere are new suggestions for home bedeckment—Floral cretonnes that carry brightness and cheer to the home are here in vast yardages—Among the special offerings in this Third Floor section of the Meier & Frank Store we offer Scrim Curtains very special.
