CLACKAMAS VOTES

Oregon City to Be Rendezvous of Republicans on Saturday, July 16.

U'REN LOSES PROXY VOTE

In Lively Tilt With Chairman Stipp at Meeting, Tables Turn and Denonneer Apologizes and Admits He Was in Wrong,

OREGON CITY, Or., June 18.—(Special.)—Clackamas County, Republicans will hold an assembly in Oregon City Saturday, July 16, to elect 55 delegates to the State Assembly and transact such other business as may legally and regularly come before the delegates. There probably will be a determined effort made by the friends of the assembly plan to recommend candidates for county offices, but in the interests of harmony this but in the interests of harmony this question was not touched upon in the res-olution that was adopted by the Repub-Rean County Central Committee here this afternoon after an oratorical contest last-

ing three hours.

Hardy had Chairman Livy Stipp called the central committee to order at 11 o'clock this morning, when W. S. U'Ren demanded a right to a voice in the proceedings, holding the proxy of Max Schneider, the committeeman of Damascus precinct. The chairman promptly which that overless would not be permitted. ruled that proxies would not be permitted and Mr. U'Ren secured the floor and de-nounced the meeting as a starchamber

"It might be well to see if the chairman is entitled to a seat in this meeting," said U'Ren, and he proceeded to read section 21 of the corrupt practices act, which forbids an appointive officer to be a member of a political committee. Chairman Stipp is Deputy District Attorney for Clackamas County.

"We will arrange that matter later," said Stipp, but no further reference was made to it during the entire meet-

was made to it during the entire meeting. The county chairman was not pleased at Mr. U'Ren's reference to . s

eligibility, and he said so.
"How far Mr. U'Ren represents this committee, I don't know," he declared. "Mr. U'Hen has assumed there is crit-leism at the manner in which this meeting was called, and it may be so. I don't know that it is the duty of the chairman to go to the newspapers and give them information. No member of this committee has complained to me that he had not received due notice of this meeting. I don't know if we had to ask Mr. URen, or anyone else, if we should call this committee together. So far as the central commit-tee is concerned, there should be no one represented by proxies and one of the worst features of the system is the giving of proxies of this sort. It is a dangerous practice and not warranted by law.

Advance Information Sought.

Before the vote was taken there was oratory spilled all around the courthouse. Mr. Gibson, who fathered the resolution, declared it is necessary to have an organization of some kind to be succe in any undertaking. He said he fa-vored the direct primary, but that the only practical way to have an organiza-tion is through an assembly. He was followed by G. A. Schnebel, who opposed the assembly, and by John R. Cole, who accused the "Portland ring" of promoting a state assembly to dictate the candi-dates. Charles A. Miller, of West Oregon

"I am somewhat of a Republican my-self, but I am an assembly Republican. The party is losing its prestige in the state and Nation entirely under our present system of handling affairs. The di-rect primary disintegrates any majority party, and we are eliminating ourselves as the Republican party of the state of Oregon by allowing this condition to con-tinue, and here is Oregon, with a heavy Republican majority, with two Democratic Senators."

Mass meetings will be held in the several precincts of the county on Saturday, July 9. to select delegates to the county assembly. Each precinct will be allowed one delegate-at-large and one for every 59 votes or major fraction thereof cast. 50 votes or major fraction thereof cast for the Republican Presidential Electors in 1908. No proxies will be permitted at the county assembly, but in case of ab-sence, the delegation present is entitled to cast the ballot of the precinct. SEATTLE, Wash., June 18 .- (Special.)-To obtain protection for its laborers and property, the United States Lumber Company, through its attorney, M. M. Lyter, will appeal to the United States District Court Monday for an injunction restrain-ing the Darrington rioters, who not only refuse to allow the company's Japanese laborers to remain in the town, but even threaten to burn the mill and other property belonging to the corporation. The Snohomish County Superior Court at Everett has refused to take action until Tuesday, and may then decline to grant the injunction sought. By obtaingrant the injunction sought. By obtaining one in the Federal court Monday, however, the company will be able to

LITIGATION IS IMPORTANT

Ex-Governor Gooding and Associates Accused of Collusion With Weverhaeusers in Complaint-Case Goes Back Far.

BOISE, Idaho, June 18.—Charged with bartering away the birthright of the state in entering into an alleged conspiracy with the Weyerhaeuser Lumber Syndicate, in order that the latter might secure title to valuable timber lands located in Northern Idaho, ex-Governor Frank R. Gooding and the members of his State Land Board will be haled before the Department of the Interior to explain their actions in con-

nection with this new state scandal that has developed in the capital city. The airting to be given the facts surrounding the alleged illegal deal by which the Land Board endeavored to defraud the Government comes up at this time through the activity of H. W. Rich, an attorney of Spokane, who has filed suit against the board and the Weyerhaeuser syndicate, implicating both, and asking that the Interior De-partment make an investigation.

One Present Office Involved. The case dates back into the first term of the Gooding administration. At that time J. J. Guheen was Attorney-General, W. H. Gibson, Secretary of State and Miss Belle Chamberlain. Superintendent of Public Instruction. They are all involved in the suit. The other member of the board was the present Secretary of State, Robert Lansdon, who succeeded Gibson during ex-Governor Gooding's second, term.

The present litigation arose out of

ex-Governor Gooding's second, term.

The present litigation arose out of the deal alleged to have been put through by the Weyerhaeuser people with the State Land Board whereby lands in the Marble Creek country were withdrawn from entry by state selections. The United States Government had set aside approximately 3,500,000 acres of land for the use of the schools and other purposes. In turn the state relinquished a part of the land, including portions of the Coeur d'Alene Indian Reservation and the Bitter Root forest reserve, selectthe Bitter Root forest reserve, select-ing instead a large tract of timber land in the Marble Creek district.

Settlers Ask Title.

Having placed the land within the jurisdiction of the State Land Board, it is alleged the conspiracy was further promoted by the board giving title to the company, when in fact the land had been settled upon by homesteaders who were entitled to their rights. The Spokene attorney ways he has authorized kane attorney says he has sufficient evidence to support his allegations, and will lay it before the Interior Department. He asks that the titles of the settlers to the land be confirmed and that criminal proceedings be instituted against the lumber interests and former State Land Board. former State Land Board. Similar charges were hinted at when

the recent state scandal developed over the transactions of Register M. L. Church, who, while secretary and con-fidential agent of the Land Board, rendered legal service for Carey act pro-moting companies, and it was charged demanded certain sums of money to use his influence towards having the can appeal for the injunction and there is no doubt but that it will be granted and protection gparanteed.

Il is openly declared here that board matters may be reopened at any moment and aired, for Governor Brady, while on record as opposed to public meetings of the board, declares that if he knows that irregularities exist he will expose the officials implicated.

\$10,000 Puzzle Contest

The Above Amount in Prizes Will Be Given Away ABSOLUTELY FREE to the Successful Contestants in This, Our Greatest Advertising Campaign.

We are Coast distributers for fifteen of the largest and best Eastern plano factories, and in order to familiarize every individual in Portland and vicinity with our name and planos, we have adopted this method of advertising, and to the neatest 100 solutions of our puzzle we will give a plano credit check on the purchase of any new plano, as follows:

CAN YOU SOLVE IT?

The Celebrated 26 Puzzle. How To Solve It.

The puzzle is to take the numbers running from 1 to 12, inclusive, and so arrange them in the squares that each column of figures up and down and crosswise will total 26. To point the way we have set down the figures from the correct solution in one of the columns. The other numerals—not using a figure more than once—are to be placed so that they will total 26 in each column. Few will get all four columns; some will possibly get but one or two in addition to the column already given.

Bear in mind, neatness counts as well as correctness, and will be left to disinterested parties. Our planes are sold direct from factory to the home.

Our recent advertising contest, in which we featured the APOLLO PLAYER PIANO, demonstrated to us that this means of advertising is the most satisfactory and cheapest, besides it makes it possible for a large number to possess a plano that could not otherwise do so. With this end in view, we have concluded to give another opportunity in which all may share in the above distribution.

Replies should be sent in at once, as this contest closes Wednesday, June 22, 6 o'clock P. M.

Time and again he has taken cases pronounced eyesight after three weeks' treatment. hopelessly incurable by the medical profession and restored the patients to health in a most phenomenal manner.

There is considerable mystery attached to Professor Samuels' methods of accomplishing these marvels, and it is known that he does not use the drastic drogs and medicines that doctors depend upon. And it is a matter of proof that with the system this discovery gives him, he has made the blind see and the lame walk. trouble and was pronounced incurable by He has revived the flickering spark of all. of his assertions that the court had not convicted him.

Professor Samuels is a remarkable man. Bright, alert, progressive and, although one the impression that he is much younger. He talks with such an earnest conviction and enthusiasm of his work believe in his work.

"What is the nature of your treat-

Strange as 4t may seem, so-called incura, ble cases of consumption, Bright's disease, dropsy epileptic fits, nervous prostration are treated in this apparently miraculous way. My system is based absolutely on scientific principles. The eye is the window of the soul. I have evolved a system of treating other bodily ills based on the relation of the eye to the system as a whole. This may seem strange, but here are the proofs."

Thereupon the professor placed before his interviewer his "Message of Facts." affidavits and letters in great numbers, many of them from responsible and wellknown people, all bearing on his statements.

This proved that Mr. Frank Hoff, now ess at 249 North Main street, Wichita, Kan., had been given up to die of consumption. He had been treated by the greatest specialist in Brooklyn, N. Y.
