Clay Court Honors Due This Week.

Also this week, a tennis tournament particular interest to the West is of particular interest to the west is that for the clay court championship of the United States at Omaha, which will open at the courts of the Omaha Field Club tomorrow, with several Western men entered.

Despite the fact that they have not been playing sensational tennis, by en-tering every tournament in the East, Hackett and Alexander, the champion double team, still are playing a fast game. Recently in the Westchester, N. V., tournament these two veteran players carried off the honors with young N. W. Niles, of Boston, and A. S. Dabney, the Harvard expert, run-

Speaking of Niles and Dabney, the play in singles which these clever ten-nis cracks put up in the Seabright, N. J., tournament a week ago yesterday his chacks put up in the Seabright, N. J., tournament a week ago yesterday was one of the best seen for many a moon. Niles won from his doubles' partner, by a beautiful smashing net-game, taking the victory by the scores of 6-8, 6-3, 7-5. On the same day G. F. Touchard, of New York, met and de-feated Theodore Roosevelt Pell, a scion of the house of Roosevelt, in straight sets 6-3, 6-2. Then followed the play for the Acheles cup in singles between Larned, National champion, and Niles, the former suffering a strained muscle in his left leg. But Larned won, following it last week with a victory at Longwood Cricket Club courts, at Brookline, Mass., where he defeated Maurice E. Loughlin, the California expert. California expert.

Bundy Showing Form.

Of interest to Portland tennis players Of interest to Portland tennie players and the West particularly is the work of T. C. Bundy, the California boy, who yesterday won the West-ern championship at Lake Forest, III, where he had waded through some of the best players of the Middle West. In a smashing exhibition of hard-fought clever play on Tuesday, Bundy defeated Walter Hayes, the Illinois state champion Hayes taking the first defeated Waiter Hayes, the Illinois state champion, Hayes taking the first set, the score being, for the match, 3-6, 6-4, 6-2. Then the Facific Coast star kept pushing right along until he met Harry Waidner, fresh from his laurels of winning the Northwestern cham-plonship, on the Deephaven courts at Minneapolis, handily defeating the well-known Chicago southpaw racket wielder in straight sets, after a hard fight by the scores 6-2, 6-2, 6-1. Frederick C. Inman, of New York City, last week won the New York State championship, when he defeated Lawrence Woodbury, of Orange, N. J., 6-2, 6-2, 6-2.

HILLSBORO MAN, DESPONDENT OVER DIVORCE, ENDS LIFE.

Thomas Caudle Drinks Carbolic Acid Under Window of ex-Wife. Deed Carefully Planned.

HILLSBORO, Or., July 20 .- (Special.) -Thomas B. Caudle, aged 46 years, committed suicide about 5 o'clock this morning by taking several ounces of carbolic acid. The tragedy was en-acted underneath the window of the Caudle cottage, where Caudle had carried a cot.

drugstore and asked for carbolic acid, saying he wished to put some of the chemical in bath water. He was re-fused, but later succeeded in getting an eight-ounce bottle of the acid. Ever since the divorce was granted Caudle has been despondent, and his friends thought that he was mentally unbalanced. Yesterday forenoon he spent several hours prostrate on the grave of his late son, Willis, who died several years ago from an accident. BROOKLINE, Mass., July 30 .- (Spe cial.)-Probably no tennis tournament outside of the annual National championship play at Newport has ever created so much interest as the play this week for the Longwood trophies here when William A. Larned. National champion, easily carried off the honors in the singles play, defeating Maurice E. McLoughlin, the California boy, three out of four sets.

of four sets. The West was particularly interested in the Longwood play as the style put up by the Western lad all through the tourney was such as to lead many to believe that he might defeat Larned, who had won the Longwood trophy twice. Winning it three times in suc-cession has given him permanent possession

cleverest tennis cracks in the county. The match went in three straight sets, 6-4, 6-3, 6-3. Another surprise, and to many most regretful, was the defeat of Benis C. Wright, at one time National champion. Since his defeat in England by A. F. Wilding, of Australia, it appears that the American has reached his zenith at the tennis game. To complete the chain of surprises, Wright and Raymond D. Little were put out of the doubles tour-ney by the two youngsters from New York, G. F. Touchard and C. R. Gard-ner. But it was a five-set match and nobody's till the last point had been

Easterday to Examine Lawyers.

OLYMPIA, Wash., July 30 .- (Special.)-The State Supreme Court has entered an order appointing J. H. Easterday, of Ta-coma, as member for three years be-ginning August 1 of the committee to examine candidates for admission to the bar. He succeeds President J. B. Bridges of the State Bar Association, whose term expires.

Outside of Larned and McLoughiin Outside of Larned and McLoughiin the most interesting player of the week was Touchard, whose game at times was a revelation. Several times during his matches he was the bright, particu-lar star against his opponents. He used perfect judgment and timed his strokes to a nicety. His volleying cross-court left nothing to be desired. Wright was far from being in the form he had shown hitherto in cham-plonship contests.
