HOP-PICKERS WILL MAKE MONEY. Clean Crop and Few Leaves in the Oregon Yards—Market Outlook,

this year has the cleanest and case crop of hope I have over seen. and I believe the pickers will make more money than they have for five years," said Conrad Krebs yesterday at his office in the Worcester building, where he is signing up

ciean and the indications of quality so fine, and taking into consideration the fact that he growers will pick clean this season, the narket will surely open up around 15 cents.

"My estimate of the American crop is 225,-200 bales, allowing \$5,000 for Oregon, \$0,-200 for California, 25,000 for Washington nd 35,000 for New York. The requirements of the United States are, on the basis of a beer production of 64,800,000 barrels, 169,bales for other purposes. Assuming that so, soo bales will be exported and 20,000 nerican bales imported, this will leave a nertage of 75,000 bales."

WEAKER FEELING IN WHEAT MARKET.

There was an easier feeling in the local market and on the round yesterday. Buyers held back and when they made offers, they were generally at lower prices. While some farmers are disposed to offer more freely, others are maintaining a firm front. On the whole the market is decidedly quiet for this time of year.

There were no new devicements in the market for coarse grains. The local flour market was good, but the export demand was duit.

The Northern Pacific Railway submitted its figures for the fiscal year, showing large increases in freight and passenger revenues, which were largely offset by an increase of \$8.000.000 in total operating expenses, the whole leaving a decrease in total net revenues of \$1.755.206, and an operating income of \$1.755.206, and an operating increase of \$1.755.202. Lehigh Valley's yearly report was rather more satisfactory, its total net revenue increasing \$1.925.000.

The bank statement showed large increases in loans, both in the average and the actual tables.

As the statement further shows an expansion of over \$10.000,000 in the loan account, it is evident that a point has been reached where the banks believe they can safely begin to take care of approaching seasonable requirements. The statement more nearly reflected the previously known currency movements, showing a gain of over \$1.000,000.

Seawanhaka Yacht Club's boathouse here.
Gostell had been acting as watchman of the boathouse during the Summer, while he was recuperating from a bullet wound, an attempt having been made to assassinate him in New York last Spring while he was arresting a robbery suspect. His assailant at that time fled, leaving him for dead.

Haff a dozen of them went to the boathouse last night and Gostell drove them away. They returned in a few minutes, one of them carrying a shot sum. Three shots were fired, two from the detective's revolver and one from the shotgun. Gostell fell dead on the wharf.

DEADLIEST SHIP FLOATED Orion Launched at Portsmouth for British Navy.

PORTSMOUTH, England, Aug. 20,-The Orion, Great Britain's newest and great est battleship, was launched here today in the presence of King Alfonso and Queen Victoris of Spain. Compared with the armored cruiser Lion, of 26,55 tons, just launched, the Orion will displace only 22.500 tons, but her ten IL5-inch guns and her new, deadly equipment of torpedoes render her by far the most powerful bat-ticship afloat. The new torpedo-boat carried by the Orion weighs nearly a ton, and its range will exceed 17.000 yards at a speed of 40 knots. The torpedo car-ries a charge of guncotton weighing 250 pounds. The Orion will have a speed of 21 knots and will carry 4000 tone of fuel, giving her an unusually wide steaming radius.
