**Modart Corsets "The Mould of Fashion"**

Distinction in dress is not a matter of fabric, but of figure. Figure elegance is obtainable—at once—in a Modart Corset.

The Modart lends its wearer individuality which commands the complete admiration of every person.

It gives a perfect contour to any figure. Ten models and forty-eight styles make possible the comfort women desire, with the elegance Fashion demands.

In a Modart you have perfect ease and absolute confidence—ease, because your body-poise and graceful carriage are unrestricted in any way; confidence, because your figure is matchless in its symmetry; your gown perfect in its draping.

Thousands of satisfied women are today wearing Modart Corsets, because it brings to them that elegance of figure, that ease of bearing, that graceful poise which only unusual bodily comfort and confidence in the correctness of one's dress can give to them.
