Army Inspection Board Arrives This Evening.

PROJECTS

Engineers Will Meet Portland Business Men to Learn What Irrigation Projects Are Needed. Report Will Be Late.

Reaching Portland in advance of the emmining members of the Board of Army Engineers sent out by the War Department to inspect the various Govment irrigation projects of the coun-Lieutenant-Colonel William C. Langfitt said last evening that he was glad to be in the Rose City and to enjoy a rest after the hard trip through Central Washington. He arrived yesterday afternoon and is a guest at the home of Theodore B. Wilcox.

Colonel Langfitt said that the board colonel Langfitt said that the board

and been making an extensive series of examinations of the reclamation projects in Nebraska, North and South Dakota, Montana and Washington. The ork demands thorough investigation each project, so that the board will able to embody in its report special edutions for each

#### Report Complete November 1.

It is probable that it will not be able complete its inspection of all of the portant projects before November 1. is desired to have the report ready submission to the Department of clency. he Interior and President Taft by De-ember I, so that the matter will be cell in hand by the time of reconven-

ng of Congress. The personnel of the board is: rigndier-General W. L. Marshall, Lieunt-Colonel John Biddle, Lieutenant olonel William C. Langfitt, Major Wil-am W. Harts, Major Charles W. Kutz and Major Harry Burgess. All of the tembers are expected to be in Port-ind tomorrow evening. On Wednes-ay they will leave for Eastern Oregon. ere they will inspect the Umatilia igation project. It is probable that a Klamath irrigation project will be

What impression the engineers gather less.

of the Oregon projects is likely to re-main problematical, even with them-selves, until the inspection is complet-ed. The people of this state will not be able to learn definitely what part of the \$20,000,000 authorized by the recent Congress for the development of the reclamation projects will be assigned to carry on the work in Ore-

Club to Meet Members.

Before the engineers leave Portland they will be met by members of the Portland Commercial Club, when auggestions will be made as to what Ore-

gon expects.
Lieutenant-Colonel Langfitt was formerly in charge of the rivers and barbors improvements on the Columbia
River and within the State of Oregon.
He made his beadquarters in Portland. and has many close friends and acquaintances in the city.

### POLICE SCHOOL OUTLINED

Chicago Chief Plans Thorough System of Instruction.

CHICAGO, Sept. 3 .- With a special school of instruction for probationary patrolmen. Chief of Police Steward plans to provide Chicago with the most thoroughly trained, excellently equipped and splendidly capable constabu-lar; in the world.

lary in the world.

His plans in detail were announced yesterday, and contemplate a thorough course in discipline, police duties, demeanor toward the public and in the city and state laws relating to the police department, and such a military training as will make the additions to the force, Chief Steward hopes, an ornament as well as efficient guardians of the peace.

of the peace.
In addition, they are to be trained in the preparation of their cases against prisoners, and taught how and

when to shoot straight.

Chief Steward detailed Lieutenant
Duthar as chief instructor. His aseistants will be two sergeants selected
by the Chief on their record for effi-

As soon as a probationary patrol-man is appointed, he will be assigned to the school and will be instructed there in the subjects outlined. At the end of the six months' probation, the instructor will report to the Chief the probationer's efficiency, and if it is up to the grade decided upon, the probationer will be regularly appointed to the force.

#### Steamer Is Burned at Sca.

BOSTON, Sept. 3.-Sixteen members of the crew of the British steamer West Point have been rescued at sea by the steamer Devoulan, due here from Liverthe board in this state.

After completing the work in Oregon the board will inspect the various projects in Southern Idaho and will terwards foundered. The news of the then continue their journey into Utah and the south.

## GRAVITY TO BE DEFIED

FUTURE MAN WILL OVERCOME IT, SAYS SPIRITUALIST.

Little Thing Like Fall From Airship Won't Hurt if Developed Spirit Is Working Right.

Such little things as tumbling out of an aeroplane 2000 feet or so to eart or casually dropping from the tent or easually dropping from the tenty story of a big building will come to be regarded as mere every-day pleasant ries if the man of the future ever at tains the spiritual development pic-tured by E. E. De Young, secretary of the Spiritualists' Association of Oregon by address to felerates to the un-

the Spirifualists Association of Oregon in his address to delegates to the annual convention of the association which began its sessions at 501 Yamhilistreet yesterday.

De Young told the spiritualist delegates present that the new age would witness the suspension of the law of gravitation by the operation of a spiritual law that would attract a falling person away from the earth instead of towards it and thus save him from injury. Several persons, declared De jury. Several persons, declared D. Young, have already proved the trut of his prophecy by falling from grea heights without serious injury. The spiritual law, he explained, is still only in an experimental stage. The preser vation of a person through the actio of the spirit he declared to be depend

ent upon the spiritual quality of h being. Mrs. Sophis B. Seip presided. Deli gates from the Mediums and Minister Association, a Spiritualist society of Portland, and from several out-of-town societies, attended the convention. These officers were elected by the Spiritualists for the ensuing year: Mrs. Spiritualists for the ensuing year: Mrs. Sophia R Selp, president; Rev. J. H. Lucas, vice-president: I. Taylor, treasurer; Dr. L. W. Myers, Mr. and Mrs. Stanley, Mrs. Belcher and E. E. De Young, directors. The closing session of the convention, which will be open to the public, will be held in the east hall of the Selling-Hirsch building at Tenth and Washington streets at \$ 0'clock tonight. Mrs. Elizabeth Ducker Lyness, of Spokane, and Mrs. Cornelius will give addresses.

river, will be made by the cancelsts.

This will be the second cance cruise of the year. The former one held was over the Fourth of July and a pleasant outing was experienced by about 50 people. Large bonfires were built and singing and general galety participated in until late at night. These stunts are expected to be one attraction. Doubles will be another race. the year. The former one held was over the Fourth of July and a pleasant outing bonfires were built and singing and general gaiety participated in until late at night. These stunts are expected to be duplicated at this cruise. This is another means of advancing interest in the doings at the club employed by the present pro-gressive club officers. Mr. and Mrs. H.

was placed and touched off by an electric battery 800 feet away. It is estimated that the blast made accessible 200,000 carloads of clay for cement nanufacturing purposes.

### Mexico Greets Americans.

EL PASO, Texas, Sept. 3.—The American delegation to the Mexican Centennial was officially received at Nuevo Laredo this afternoon by the Mexican commission. A band and military escort greeted the American visitors and there was a reception, with addresses of welcome at the custom house. The special train which bore the American delegates away to Mexico City was decorated with the colors of both nations. Railroad buildings and public buildings generally throughout Mexico are decorated for the centennial celebration.

Pellagra Claims Walla Walla Man. WALLA WALLA, Wash, Sept 1.—
J. P. Potts, of Weston, died here
this morning, of pellagra. He was a
native of Oregon. This is said to be
the only case in which the disease was
contracted in the Northwest, and the
only death recorded from this ailment
in this section.

#### CLASSIFIED ADVERTISING RATE Daily or Sunday.
