ROSENBERG NOW

Doctor Is Charged With Murdering Vera Hall, 18-Year-Old Girl.

DEATH OCCURRED JULY 24

Dr. W. S. Armstrong Is Accused of Manslaughter in Case of Bessle Richmond, Who Died May, 1309-Trials in November.

Dr. J. J. Rosenberg, a young physidan of Portland, is to be placed on frial for his life during the November fury session of the Circuit Court to swer to the charge of murdering Yora Hall, who died while being prepured for a criminal operation at his office at 592% First street, July 24. The Circuit Court grand jury returned the indictment against Rosenberg yesterday morning, charging him murder in the first degree. The text of the indictment is that "Rosenberg being purposely and of deliberate and premeditated malice, killed one Vera Hall by administering to her poison, to-

it, chloroform." At 1:15 o'clock yesterday afternoon osenber# was arraigned before Judge Beland and pleaded not guilty of the gime as charged in the indictment. Ball was fixed at \$5000 and Rosenberg remanded to the custody of the

The prisoner was granted the privige of remaining in the office of the periff until he could arrange for seuring bondsmen. Later in the after-soon H. H. Holzman and M. L. Holz-man, who conduct a loan office at b. Third street, went on his bonds d upon being approved by the court, senberg was released from custody. While Rosenberg is charged with mur-er in the first degree and it is an un-sual procedure to grant ball to per-ions so charged, Judge Cleland exerfield his discretion in this case from viewpoint that the facts so far adhan the full crime charged.

immediate Trial Is Denied.

Attorney Ralph Moody and G. W. Stapleton appeared for Rosenberg when he was arraigned before Judge Cle-land and they requested the court to get the case for immediate trial. est was denied and the court said the date for the trial would be totermined when the calandar for the ovember jury session was completed. The indictment against Rosenbers brought in connection death of Vera Hall, 18-year-daughter of Mra Nettle Hall, Oregon City which resulted the girl was on the operting table in Rosenberg's office. The amediate cause of death was from imediate cause of death was from loroform. Following the alleged ime, the girl's body was hurried by tomobile to the Hall home in Ore-n City. In the effort to cover up the case reports were given out that the girl died on the way home. Upon hivestigation of the case, circumstances were brought out that an unlawful peration had been performed and that the case reports were given out that the girl died on the way home. Upon hivestigation of the case, circumstances were brought out that an unlawful peration had been performed and that e girl had died in Rosenberg's of-

to the grand jury relative to the case were Nettie Hall, mother of the girl. Vera Hall's sweetheart.

The grand jury yesterday returned in Indictment against another physician, Dr. W. S. Armstrong, charging film with manslaughter. This charge was brought in connection with the case of Bessie Richmond, upon whom Armstrong is alleged to have performed ruining her criminal operation May 23, 1909. The juring her. Richmond girl was the only prosecuting priness before the grand jury. Arm-strong was placed under \$2000 bonds to insure his appearance before the November jury session of the Circuit

With the disposition of the Rosenberg and Armstrong cases, the June grand Jury completed its work yesterday marning. The members were: Emmet E. Eller, foreman, C. J. Sager, C. A. Wood and F. H. Huddeson. The grand jury for the September term will be impaneled on Tuesday.

MANAGER SUED FOR \$2614

Pacific Grain Company Alleges F. B.

Thorn Overdrew Account. B. Thorn, as manager of the Pa-Grain Company, is charged in a complaint filed yesterday in the Circuit

Court with having overdrawn and ap-plied to his own use \$2514.67 of the company's funds. It is alleged that Thorn was em-It is alleged that Thorn was employed as manager of the company July 1, 1908, and was to enjoy half of the profits of the grain business and ptorage warehouse at the frying dock. For the first year, it is said, the profits were \$28,000, half of which was paid to Thorn. He continued to act as manager until July 1, 1910, when it was discovered, says the complaint, that the amount of \$2514.57 was overdrawn. The profits of the last year's business. The profits of the last year's business

are not given in the complaint.

The complaint was filed by Gay Lombard, to whom assignment of the claim was made by the company.

Court Notes.

H. C. Hardman has brought against E. F. Bennett to collect \$106.28. illeged to be due for merchandise.

Joseph Justice received an absolute decree of divorce resterday from Judge Cleland from Mand Grace Justice, on the ground of desertion. Robert J. Upton and E. S. J. Me-

Allister have brought proceedings against Herbert Booth King and C. L. Geodrich to collect a note of \$450, aleged to have been due October 3, 1909. Haas & Ringler yesterday began suit against M. Barde & Son to collect a commission of \$250 which plaintiffs allege they earned in securing a lessee of defendants' four-story building in Couch's Addition.

A decree of divorce was granted yesterday to Leila Dietz from Bancham Dietz by Judge Cleland on the ground of cruel treatment. The mismated couple were married at Eugene, Oc-toher 13, 1307. They had no children. Because her husband wilfully de-serted her and left her on her own resources, Florence McDonald yester/ay received a decree of absolute divorce from Fred McDonald. The maiden name of Coffin was restored to the

articles of incorporation were filed Clark for the Western Saddla Tree

Company. The incorporators are Theo-dore Hendrichsen, J. L. Carawell and A. A. Seekatz. The object of the com-pany is to manufacture saddle trees. The place of business is to be in Port-and. The capital stock is \$10,000.

Organization of the Columbian-Pa-fic Corporation has been formed in ortland, with a capital stock of \$100,-600, by Agnes Bradiey, L. P. Horn-berger and William L. Webster. The purposes of the corporation are to carry on a general real estate and brokerage business. Articles of incorpora-tion were filed with the County Clerk yesterday.

T. M. Rogers is plaintiff in a sult started yesterday against Fannie M. Wilbur and the O'Brien Realty Company for the collection of a commis sion of \$1087.50. Rogers alleges that he was instrumental in selling Wilburton Addition for the defendants to the Northwestern Trust Company for \$85,-069, and that he has never been paid, in any part for his services.

Potland Man Weds.

RAINIER Or., Sept. 2.—Miss Wema Brengh, daughter of Mrs. Elizabeth Lowe, was quietly married to Joseph Thompson, of Portland, yesterday even-ing at 6 o'clock, at the family residence, Rev. Mr. Cook officiating. Miss Brongh has lived in Rainier all her life and has many friends. Mr. Thompson is the family were present. The young cou-ple left on the evening train for Port-land, where they will at once begin housekeeping.

tendant, had touched the lever. Ger-dynamite badly were a position to do so, as he was opening the door on the north side of the ele-No one was injured.

Forest Fire Sufferers Are in Attorney Sam White was present on behalf of the family of the dead girl. Destitute Condition.

CHILDREN GOING HUNGRY

Of \$5000 Relief Fund Asked, Only \$700 Has Been Subscribed So Far-More Clothes and Food Are Urgently Requested.

Although an appeal to Portland cititens was made early in the week for \$5000 to be used in helping the forest fire victims in the Northwest, to date only

about \$700 has been subscribed. In the burned districts are found many cases of pitiful destitution. Men, women and little children are going with scant food and clothing. Scores whose little all was wiped out by the fires have only such shelter as they can improvise from the limbs of fallen and burned trees. Especially are these conditions found back of Vancouver, Wash., within a few miles of Portland. There children in the burned districts are said to be almost without clothing and nearly starved. This is the season of year when the nights begin to get cold again, and the homeless folk endure much suffering as

Pertland people have given old clothing, groceries, cooking utensils and household goods, but the demand has far exceeded the supply. In the vicinity of Yacolt, where the fire took its heaviest toll, about 60 families were made absojutely destitute. Among them are about 200 children, many of whom are yet without sufficient clothing. Enough wear-ing apparel for about half the number been sent into the fire-swept region the Portland relief committee, but ore clothing and supplies are urgently

Nearly half the fund so far received by the Chamber of Commerce, which started the relief fund, came in yesterday. With two holidays, Sunday and Monday coming together it is thought that by Tuesday morning the mail will bring enough money to raise the fund to more than \$1000. Secretary Edmund C. Giltner will be at his office for a while today and Labor day, prepared to re-ceive contributions there. Thus far the appeal for funds has been

made only to business men, no general canvass having been made. If better success is not had by Tuesday morning. such a canvass will probably be made in an endeavor to raise the \$5000 originally asked. Mayor Joseph Simon yesterday matled a check for \$10 to the fund. The money already collected will probably be ent to the fire sufferers on Tuesday

BAND OF SHEEP IN DANGER

Party Goes to Relief of Herder Sur--rounded by Forest Fires.

GOLDENDALE, Wash., Sept. (Special.)—Word has been received here from a sheep herder who has his flock in the direction of Mount Adams, say-ing that if aid were not sent at once his entire band would perish in the forest fires, and that they were virtually surrounded, and that he was unable to get them out alone.

A party including the owners of the sheep, left for that vicinity and noth-ing has been heard from them since. The Indians who have been in town selling berries report large fires around Mount Adams. The fires just north of Goldendale are under control and no

DEATH BLAME NOT PLACED

Coroner's Jury Can't Agree in Case of Mabel Putnam.

After hearing the testimony of three elevator experts and the elevator at-tendant, the Coroner's jury empaneled to investigate the death of Mabel Putnam in the Pacific Monthly building Friday morning brought in a verdict that on "account of the conflicting statements it was unable to determine the culpability of the parties involved

in the accident."

Lute Pease, editor, and C. N. Foulk. cashier, of the Pacific Monthly, testifled that on different occasions the ele-vator had dropped a distance of four feet or more when they were on it s many friends. Mr. Thompson is experts united in declaring that it was okkeeper for Shipp & Clark, of Portion. Only the immediate relatives of dropped unless J. P. Gerardi, the at-

ator at the time of the accident, while the starting lever was at the east door, several feet out of his reach. The jury was unable to reconcile these stateents and brought in an open verdict. The body of the dead girl was sent to Ashland under convoy of Fred Lock-ley, manager of the Pacific Monthly.

OREGON INVENTORS MANY

27 Patents Are Issued to Them in Month of August.

Patents to 27 Oregon inventors were granted in the month of August. The list as compiled by the Northpacific Patent Bureau is as follows:

Patent Bureau is as follows:

To residents of Portland—Albert J. Bauman, grain huller, Albert V. Smith, tail stock for lathes; James D. Taylor, truck; Gertrude Baker, saleswoman's pocket; Harry H. Carney, drum fightener; Theodore C. Adams, feed bag; Thomas Bilyeu, collapsible pile case; Anton Blaha, lock Joint for stovepipes; James T. Stoddard, saw shifter for gang edgers.

To inventors outside the city—Addie M. Limpus, of Carlton, book holder; James B. Kirk, of The Dalles, water elevator; Joseph V. Robinson, of Salem, automatic air and steam coupling; Thomas J. Thorp, assignor to Thorpe Manufacturing Co.), of Corvallis, motor vehicle; James H. Dunstan, of Susanville, combination tool; Albert C. That Judge Stewart is in a very serious condition is recognized by his friends who are familiar with the pro-gress which the disease has made. Judge Stewart is suffering from a con traction of the muscles of the neck and throat, due to overstudy and hard work. His attending physician states that he as suffered a number of relapses. The

Judge Stewart came to Portland from his home in Boise about the first of July. He is 52 years of age and has spent a large part of his mature life on the bench in his state.

PLANS ARE NOT AFFECTED

Inland Irrigation Company Will Float Bond Issue.

David Emerson, secretary of the In-land Irrigation Company, said yester-day that the plans for financing the project are being rapidly carried out. The temporary absence of Dr. H. W. Coc. selling agent, he says will not affect the progress of floating the \$400, 000 bond issue and the financing of the project as well as going ahead with general improvements.

The holdings of the company are located in the west end of Umatilla County and comprise approximately 10,000 acres. The project was formerly known as the Columbia Canal Company and was promoted by W. J. Furnish. Mr. Furnish is not connected with the management of the Inland Irrigation Company but holds the majority of the bonds issued to cover the company's

BEER PARTY IN TROUBLE Willis Boulevard Residents Make

Complaint to Police.

A houseful of riotous foreigners, at 694 Willis boulevard, after being dispersed into the surrounding underbrush, late Friday night, returned to their home yesterday morning and again proceeded to terrorize the neighborhood. Upon complaint being made to the police station. Patrolman Burstow was sent to the

He found the floor awash with spilled beer, migled with broken glass. Thirteen bottles of beer were open and partially emptied. Six men and one woman were found in the house. As Burstow approached, one of the rioters fired a revolver twice. He was arrested and taken to the Police Station, where he gave the name of Proko Petkovich.

Explosion Wrecks Opera-House.

BURLINGTON, Ia., Sept. 2.-A mya-terious explosion thought to have been dynamite badly wrecked the interior of the Grand Opera-House here last night.

THE NEAL THREE-DAY DRINK HABIT CURE

Portland, Or., August 12, 1916.

F. N. Freer, Mgr.,

Neal Institute, Portland, Or.

My Dear Sir:—I learned about the Neal Cure through an advertisement in the paper, and like everyone eise, I was skeptical to believe that a man's life could be practically regenerated in three days. I thoroughly investigated your company and your particular institute, and found both to be exactly as represented. A very dear friend of mine had been a drinking man all of his life, and his family and relatives had suffered greatly as a result of this terrible habit. He lost excellent opportunities financially, and seemed doomed to fill a drunkard's grave. We persuaded him to take your three-day treatment, and it cured him of the drink habit, leaving him phosolutely without appetite for liquor, his mental condition wonderfully improved, and his general health much better.

I take great pleasure in giving you this testimonial, and any one who doubts the foregoing statement may call on me personally, or write me a letter. With best wishes for the continued success of the Neal Institute, and kind personal regards to yourself, I am Most sincerely.

RTY CAN BE HAD BY WEITING,

THE NAME OF THE ABOVE PARTY CAN BE HAD BY WRITING, PHONING OR CALL AT THE INSTITUTE, AS WE DO NOT PUBLISH ANY NAMES, PATIENTS OR OTHERWISE.

This Is What the Neal Institute Does

It restores his nerve, restores his will power, destroys his craving for everything alcoholic, clears his brain, brightens his eye and sends him back home or to business with a feeling of manhood restored, which in itself is a boon to the victim of the drink habit. The Neal Institute is located at No. 354 Hall street, corner of Park street. All the environments are comfortable and homelike. There is just as much privacy as one would find in a home, club or hotel.

The Institute has been the scene of the reincarnation of happiness in a good many homes in Portland.

The treatment is taken integnally, there being no hypodermic injections, and no prolonged treatment, as required by many other treatments.

The Neal plan is really a builder of the nerve tissues.

The Neal Institute guarantees a cure, of refunds the money, and the management always says: "Satisfy us of your ability to pay, then pay us when you or your friends are satisfied."

The Neal Institute treats all communications and its patients in the strictest confidence. Names of guests are never divulged. Write to the Institute and they will give you unquestionable references as to their ability to do as they promise, and as to their responsibility. One thing remarkable in the history of the Neal Institute is that during the seven years that the cure has been a demonstrable success, many who have had friends who possessed the craving for drink have put these friends in the way of certain and permanent relief. If you have a friend or relative whom you would like to have rid himself of the drink habit, write or wire the Neal Institute.

Telephone Marshall 2400. The Neal Institute is open day and night.

The Neal Institute 354 Hall St., Cor. Park, Portland, Or.

REMEMBER, we give a guaranteed bond and contract to cure the mor habit in three days without any harmful effects whatever. You can take this freatment at the institute, or at home, and your money will be refunded if a perfect cure is not effected.

LARGE DEEP-SEA CATCH IS MADE BY LOCAL PEOPLE.

PART OF HAUL MADE OFF CAPE MEARS. The accompanying illustration shows a part of a deep-sea catch made by J. T. and B. F. Amend, of this city, who, in company with Mr. and Mrs. E. H. Collis, have been enjoying an outing of five weeks at Bay City and Bayocean. The catch was made from the launch Henrietta No. 2, which, in charge of Captain Emmett Jenkins, on

favorable occasions goes out over Tillamook Bar to the fishing banks off Cape Mears and Netarts.

The brothers caught 600 pounds of fish in about two hours of actual fishing, but gave away a large portion of their catch, the remainder shown in the picture requiring the services of a handcart to bring to camp. The largest cod weighed 50 pounds and was more than four feet long. Others aboard the Henrietta were also fortunate and the deck of the little vessel was piled high with the trophies. The catch was also interesting in its variety. Cod. red groupers and bass predominated. The fish are caught by means of a strong hand-line attached to a lead sinker, into which the shank of a large hook is imbedded. No bait is used. The l'ne is manipulated by an up-and-down movement of the arm. The fish being fitted by nature with broad, capacious mouths are attracted by the lead and like some mortals swallow first and do their thinking after it is too late.

W. H. Fear Secretary.
