CANDIDATE FOR JUDGE GRILLS GEORGE W. STAPLETON.

He Denounces Legislative Candidate for Being Attorney for Casualty Companies.

George W. Stapleton, assembly candidate for Representative, who on Thursday night grilled Henry E. McGinn, antiassembly candidate for Circuit Judge in District No. 3, was in his turn grilled by Mr. McGinn Friday night at a largely attended meeting of voters in Monia-

villa.

"Let us see just what sort of a man this is who dissected me at the meeting of last night," said the speaker. "I know of no better way of designating him than hy a repetition of his own words when he stood before that meeting and said unbushingly, 'Yes, I am a corporation lawyer. I represent not one corporation but many; so many that if I stood here and talked all night I could not enumerate them all."

"George W. Stapleton a few years ago was a farmer boy, but now we find him so puffed up with pride and vanity be-cause he represents a few corporations that he is boasting about it. He has become so color-blind as to right that we find him defending such decisions as that made in the celebrated Marquam

"When I first branded him, it was as a representative of the timber corpora-tions. That was putting him in the mildest class possible. I could have applied to him the vilest name one man can apply to another and remained within the truth. I could have shown him to be the representative of the casualty insurance companies. He has a number of them, of these vilest of corporation creatures which properly belong with the devil in hell. And I hope that the antiassembly legislative ticket, when elected, will put them out of business. Hereafter I want this man Stapleton to be known not as a timberman's lawyer but as a casualty insurance company lawyer.

"Mr. Stapleton's address at the Armory, and I wish all of you could have beard it, was characteristic of the man. There was not a human note in it. It was all property, property, and olled to him the vilest name one man There was not a human note in it. It was all property, property, property and retainer fees. I accused him of being a creature of the corporations—did be deny it or answer me? No, he said I was temperamentally unfit to be on the bench. He replies to my arguments by saying I haven't a balance wheel.

"And he is one of the men that the assembly turned loose on us for public office. So I say beat the assembly! Beat It had! Let there never be another."

Announcement was made at the close

Announcement was made at the close of the meeting that Mr. McGinn would speak tonight on the street at the corner of Sixth and Morrison streets, "in the shadow of the Marquam building." His subject will be the Marquam case.

## FAMILY ABSOLUTELY **CURED OF ECZEMA**

Father, Mother and Chi'd Had It For Eight Months. Heads Mass of Sores. Itching Terrible. Friend Told About Cuticura Remedies.

### USED TWO SETS - CURED IN TWO MONTHS

The Cuticura treatment has absolutely cured me and family of eezema which I, my wife and two-year-old child had for eight months. It started with small pimples on the head of my child, which gradually broke out in sores, and it was not long before I and my wife got the same. Our heads were one mass of sores, we could not sleep and the itching was terrible. We suffered for eight months. We tried different kinds of ointments and medicines, but it did us no good and soon it began to break out on our bodies until a friend who had the same trouble told me about Cuticura, of which I used two sets of Cutieura Soap, Cutieura Ointment and Cutieura Resolvent. and I was surprised. After the first few days our heads began to heal and in two months we were absolutely cured of this EUGENE POTTHOFF. (Signed) terrible eczema. February 18, 1910. 581 Ralph Street, Brooklyn, N. Y.

No stronger evidence than this could be given of the success and economy of the Cuticuda Remedies in the treatment of torturing, disfiguring humors of the skin and scalp, of infants, children and adults. A single hot bath with Cuticura Soap and a gentle anointing with Cuticura Ointment are often sufficient to afford immediate relief in the most distressing cases and permit rest and sleep when all else fails. A 32-page booklet giving description and treatment of skin affections will be sent free, on application, by Potter Drug & Chem. Corp., 131 Columbus Ave., Boston.
