Fashion's Favored Fall Styles and Materials Find Expression in What We Are Showing in New Tailored Suits for Women

In popular-priced as well as the higher-priced Suits we are now showing many different models—the new shapes in coats being conspicuous among them—cut almost on the same lines as the men's garments, with semi-fitted square-back effect. The lengths are 28, 30 and 32 inches; in the sizes for stout and larger women as long as 36 inches.

Little Women's and Misses' Tailored Suits will be shown in larger assortment than ever this season, and those who view our selections will recognize in them the best of the Fall creations, from the fancy to the very plainest tailored styles, and in very large variety of materials. Rough suitings of every weave, as well as the serviceable serges and broadcloths—in every favored Fall shade. Brown is to be very popular this Fall and it's shown here in the lightest to the real dark seal brown. Dark blue, King's blue, Copenhagen blue, greens, grays and the plum colors will be in favor this season. Black is more in demand than for some seasons past.

One model, at \$25 is a hard-finished, gray manish material, with narrow stripe, and lined with guaranteed satin. Has plain coat sleeve and plain circular skirt.

Carpet Comment OF INTEREST TO HOMEFURNISHERS and HOMEBUILDERS

The basis of all artistic housefurnishing is the floor treatment. Whether it be in the cheaper fabrics or the highest grade of Wilton, our stock will afford a selection of colors and patterns that simplifies the choosing of correct floor coverings.

The popular Axminster affords a range of quality, color and design that will surely meet all requirements.

For halls and stairs the various grades of velvet are the most practical fabrics, as they stand the wear and tear incidental to stairs better than hard-finished carpets. Ours is a good selection of hall and stair patterns, in popular colorings and in three different grades.

For the bedroom the dainty Body Brussels holds sway. A splendid showing this season of pretty chintz effects with narrow borders to match, in blues, tans and browns.

Plain carpets are much in vogue in modern decorative schemes. For living-room, dining-room or hall and stair they lend a richness and dignity hard to obtain with figured fabrics. The Velvet and Wilton carpets offer a line of fine colorings, especially tans, browns and greens, ranging in price from \$1.35 per yard up.

The Bumdar Wilton Carpet is here this season in all the glory of Autumnal brown—the popular color. Combined with green and tan and in plain colors also. This fabric is so well known in Portland as to need little or no mention—it's merely made here to note the Fall arrivals.

A full line of Linoleum in 9-ft. and 12-ft. widths.

Inlaid Linoleum, from \$1.35 square yard to \$2 square yard.

And the matter of workmanship in the measuring for and the sewing and laying of carpets—are all important. Ours is an efficient service, worthy of your consideration.

Your Floors Can be made as beautiful as your furniture, and easily so, with "Old English" Floor Wax, which shows neither scratches nor heel marks, never becomes sticky and is economical. Your interior woodwork, too, requires the least attention after having been treated with it. Comes in cans, several sizes. One pound covers 300 sq. ft. For sale in the Carpet Dept.

A Little Talk on Home Interior Decoration

"How it will look" is the forethought of those who are building or contemplating building or redecorating the interior of their homes. It's an immense advantage to know what the finished effect will be—to know that there will be harmony in this and that room. We make this realistic by assembling all that is essential in decorative harmony—the floor coverings, the wall coverings and the hangings, and upholstery if there be any. Correct schemes are possible only where a thorough knowledge of what is practical and artistic is applied to this or that particular room. Before decorating consult with our advising decorator—it will be worth while.

Look over our Full line of Wall Papers, Drapery and Upholstery Fabrics; you'll find the choicest things of the season. Decorative Department—Sixth Floor.
