Money for Locks at Oregon City Obtained by Work of Representative.

CLACKAMAS VOTERS TOLD

Large Audience Hears Candidate Reply to Attack of Senator Chamberlain — House Record Shown; Issues Defined.

OREGON CITY, Nov. 5.—(Special.)—The Republican rally at Shiloh's Opera House last night was well attended and enthusiastic. George C. Brown, Chairman of the Clackamas County, presided. He and Representative Hawley were the speakers. Senator Brown made an able presentation of the great services rendered by the Republican party to the state and Nation and strongly urged its claims upon the voters. In introducing Mr. Hawley he called attention to some misrepresentations made by Senator Chamberlain on the previous evening, when he attempted to deny to Mr. Hawley credit for work done for securing the appropriation of \$300,000 for the Oregon City locks. He read the following telegram from the chairman of the committee on rivers and harbors of the House of Representatives: "Buffalo, N. Y., Sept. 23.—Hon. W. C. Hawley, M. C.: The appropriations made in the last river and harbor bill for Oregon City locks, and improvement at Muslaw are certainly due to your efforts. D. S. ALEXANDER, Chairman."

Mr. Brown called attention to the large amount of good work done by Mr. Hawley both as a National Legislator, and for the First Congressional district of Oregon.

Reception Is Cordial.

Congressman Hawley was cordially received, and frequently applauded. His speech is regarded as one of the ablest political talks made here in recent years. He said in part:

All the great progressive measures for the regulation of transportation and other corporations, passed in recent years, were written in the law by Republican votes. At the recent session of Congress we amended the railroad rate regulation act in many important particulars. We provided that changes in rates must receive the approval of the Interstate Commerce Commission before going into effect, and gave it authority over classifications of freight, and to begin suits against offending companies for the protection of the public. We created a commission to investigate the issuance of railroad securities, which will include the question of physical valuation, in order that the public be protected from the sale of securities having a false value.

Increased Authority Given.

"We gave the Government, by several provisions of law, increased authority in regulating the great interstate corporations that their ill-timed and harmful activities may be prevented and all their useful and beneficial services retained. Every legitimate business enterprise is conducted as to be for and not against the public interest, is entitled to encouragement, and to a reasonable return for enterprise and services rendered.

The attitude of the two great parties upon these matters is clearly shown by the votes upon an amendment to the Constitution of the United States, recently voted on in the House, to give Congress power to regulate, control, prohibit or dissolve trusts, monopolies or other combinations, whether in the form of corporations or otherwise; every Republican but two voting to submit the amendment to the people for ratification, and every Democrat but one voting against it.

Postal Bill Passed.

"I believe that party is entitled to support which is willing to give the people greater power to protect their interests rather than the party which by its votes refuses to do so.

Postal Bill Passed.

"We passed the postal savings bank act, demanded by the people, which will afford them a place to deposit money and receive interest thereon, will increase the circulating medium in each locality, and in the country generally by a vast sum, and will protect the Government in the sale of bonds, for the construction of the Panama Canal, for instance, from any possible combination of capital.

Much Is Accomplished.

"This is only a small part of the beneficial and progressive legislation enacted at the last session of Congress, and in the passage of which I had a very active part.

"We passed an act providing for the issuance of \$20,000,000 reclamation certificates to complete projects already undertaken. When the bill left the House, Section 9 of the Reclamation act was still intact, and the loss of many millions of dollars to the country was due to the indifference or ineffectiveness of her Senators.

Much Money Secured.

"For the district I have the honor to serve, I succeeded in obtaining over \$300,000 for river and harbor improvement, over \$47,000 for public buildings and other improvements in the district, and the payment of Oregon's Civil War claim of over \$132,000. Of the river and harbor appropriation \$200,000 was for the Oregon City locks, to which Senator Brownell has referred, and \$60,000 for the Willamette River above the locks.

"I succeeded in defeating, with the co-operation of the fruitgrowers of the Northwest, the Lafan apple box bill, though it was backed by a powerful interest. This bill would have been a disaster to this young industry, which is exceedingly valuable to this state. It would have deprived us of all ad-

22 YEARS SPENT IN OREGON BEFORE TAKING PAPERS.

WEST ATTACKS NEWSPAPERS

Candidate at Salem Threatens to Sue Three for Libel.

SALEM, Or., Nov. 5.—(Special.)—In a speech here last night Oswald West in referring to newspapers, said: "Now there is Bob Hendricks, editor and manager of the Statesman, deacon of my mother's church and teaches a Sunday school class which my little daughter attends, and takes up a collection and takes her nickel. Now how is he going to look that little girl in the face after printing feeling such as about me? No man can call me a crook, no man can pass my wife and child on the street and say I am a crook. I am a chance to print the truth, and if he does it, all right, we will forget it; and if he does not, I am going to sue him for libel. I am going to sue the Oregonian and the Telegram, and it is not that I want the money, for when I get it I am going to turn it over to the Baby Home. All I want is for the law to be wiped out by law, and if this fails I will have justice if the use of a shot-gun is necessary."

Asked His Politics, Candidate Falters, Army Officer Scores Him.

Oswald West, Democratic nominee who has forsaken his party and set out to pose as a factional Republican, has a number of rebuffs from Democrats as well as Republicans in his campaign rounds.
