

ROOSEVELT CALLS LEADERS LAGGARD

Tariff Plank Makers Behind People in Ohio and New York, Says Colonel.

IOWA ARGUMENT REPEATED

Pleading for Harding, Speaker Promises That Public Utilities Bill Will Be Enacted—Harmon's Motives Attacked.

CLEVELAND, Nov. 5.—Theodore Roosevelt came to the aid today of the Republican party in President Taft's state, where it is having one of its hardest fights. He made a campaign trip over the state, severely attacking Ohio's Democratic Governor, Judson Harmon, and defending the policies of the Republican party.

He made his first speech in Ohio at Toledo, after briefly speaking in several points in Indiana in behalf of Senator Beveridge. From Toledo he came to Cleveland, stopping at several places for talks from the platform of his car.

In speaking today in Ohio, where the so-called insurgent wing of the Republican party was defeated in the struggle to control the party, Colonel Roosevelt used much the same arguments as those which he advanced yesterday in Iowa, where the "progressives" are in control.

Utilities Bill Promised.

Of Warren G. Harding, Republican candidate for Governor, he said: "If Mr. Harding is elected you will have a Governor who will put through a public utilities bill."

The Republican state platform, which endorsed President Taft for re-nomination in 1912, received little attention from Colonel Roosevelt. He spoke of it long enough to criticize the tariff plank, which contains a strong endorsement of Payne-Aldrich tariff bill, saying that the party leaders who framed it had lagged behind the people.

Ballinger's Name Mentioned.

In the midst of an attack upon Governor Harmon, Roosevelt was interrupted by repeated calls from the audience, "How about Ballinger?" The Colonel stopped his speech abruptly and shouted: "He is not running for office in Ohio." This answer did not satisfy his audience, and he calls were repeated. Roosevelt stopped again, and after waiting a moment for quiet, he said, waving his arm emphatically: "If I ever ask you to vote for him you can come and ask me questions."

Popular Rights Come First.

"We are for both the rights of the Nation and the rights of the states, but we do not wish either the cry of National rights or the cry of states' rights to be used for the purpose of subverting the cause of popular rights. Above all, we are for the executive, legislative and judicial action, it should be made clear that the National and state governments, taken jointly, cover the whole field of government, so that there shall not be left any debatable land, any neutral ground, in which wrongdoers sufficiently wealthy to be able to hire the best legal counsel, can dwell in security, and enjoy the fruits of their wrong doing without interference by either state or Nation."

Tariff Differences Are Details.

"Do not forget that the differences among Republicans have not been with reference to the principle of protection, but with reference to the proper method of applying that principle. East and West, we are all agreed on the principle laid down in the last National Republican platform."

Harmon's Purpose "Sinister."

"The Democratic party in Ohio and New York was criticized, following which the Colonel said: "Throughout the Nation as a whole, taking all the states together, we Republicans have shown and are showing that we can and will clean our own house and set our faces resolutely toward the future. Our opponents have shown no such capacity. Their acts show the insincerity of their promises. Many of the rank and file among them are sincerely progressive, but these men are betrayed by their leadership, and for them to give victory to this leadership would be to work far-reaching harm to the progressive cause."

After the rally here, Colonel Roosevelt went to his train to return to New York, where he is due at 9:45 o'clock tomorrow morning.

Heirs Sued on \$50,000 Bond.

SEATTLE, Wash., Nov. 5.—Notice that a claim would be filed against the estate of George W. Dickinson, under a \$50,000 bond which Dickinson signed as a surety for the Pacific Engineering Company, was filed in the Superior Court today by the Sweeney Construction Company of Portland. The notice sets forth that the Sweeney Company took a contract for certain construction work on the new railroad now building for the Pacific Railway & Navigation Company in Oregon, and sublet a part of the contract to the engineering company, a Seattle concern, of which Dickinson was at that time, in May, 1909, was president. The notice sets forth that on October 19, of the present year, 11 months after the death of Dickinson in this city, the Pacific Engineering Company notified the Sweeney concern it would not be able to carry out its contract. The notice states that the Sweeney Company thereupon assumed the task of completing the work and will look to the executors of Dickinson's estate for reimbursement under the bond.

RIGHT TO OFFICE DISPUTED

Baker City in Political Fight on Campaign of George Henry.

BAKER CITY, Or., Nov. 5.—(Special.)—As the campaign for election to city offices under the new charter of the commission form of government draws to a close, the race is becoming hotter and every method known in politics is being employed by the contestants, and especially those in the race for Commissioner of Public Utilities, the right to the office on the grounds that he is not a tax payer, while Henry, citing the opinion of two local attorneys, says it is an indirect tax payer.

The Herald wired to Attorney-General Crawford yesterday for an opinion in the case, where, when received, was published as conclusive evidence that Henry was ineligible for the office. In this morning's Democrat Henry came out with a statement in which he gave the weight of the Attorney-General's decision, as accepted by the Herald, was questioned, and the situation is evolving into a question of legal right of Mr. Henry to be a candidate. His opponents say that, if he is elected, his election will be protested and that the city will be involved in a legal case which will cost the taxpayers a large sum to straighten up. The voters are all at sea as to the true situation, and as election day draws near a situation unusual in that it is likely to make a contest in the first election held under the new charter, is stirring up the city to an unusual pitch.

Black Hand Victims Dying.

NEW YORK, Nov. 5.—Four Italians are dying as a result of mysterious Black Hand attacks in three widely separated sections of New York city today. Dominick Totoni, a wealthy Harlem saloonkeeper, was halted by three masked men on his way to his home and blackjacked into unconsciousness. Vincent Vilano, a merchant, was pushed beneath a streetcar in the West Side Italian colony after a quarrel with two unidentified companions and received fatal injuries. Antonio Ringino and Gattano Porto, small contractors, were walking together on the lower East Side when they were surrounded by a gang of young Italians and shot down. Both will die. The assailants of all four men evidently are leaving any clue as to their identity.

Biplane Wrecked on "Joy Ride."

STERLING, Ill., Nov. 5.—Craig Parvin, a young inventor of Lanark, Ill., after having worked three months building a biplane planned to take the first flight on election day. When he awoke yesterday, he found his airship missing. Parvin began investigating and in his search he discovered a building, two miles from his home. The ship was somewhat damaged but the motor uninjured. It is believed that friends who watched the progress of building the ship, stole a march on him, got out the ship and endeavored to run it. It is not known whether or not they flew the two miles.

Mural Painter Decorates Prison.

WINSTED, Conn., Nov. 5.—Miss Genevieve Cowles, of Farmington, an artist and a relative of ex-President Roosevelt, has entered upon a year's work in the state prison at Wetherfield, decorating the walls of the chapel. Warden Garvin suggested to Miss Cowles that she undertake the task. Miss Cowles after a summer spent in Jerusalem, in all parts of the world, is not expected that the whole picture, showing Christ and his disciples, will be completed for a year.
