kana, Wash., for the alleged forgery of \$100 from the Old National Bank and who is in the parish prison awaiting extradition to Washington, wrote a pathetic letter to one of the newspapers here today, asking them "in the name of God" to try and see that his wife, whom he asserts is about to be operated on, is looked after and saved from death.

Converse, in the letter, says he is a 22d degree Mason and an ex-officer of the Royal Arch Masons. "I am not asking you to do this for me," said Converse in his letter, "but for my wife. She is ill and will be operated on any day and I fear she will die, because she will not receive the proper medical attention. I ask you to try to take this up with the Masons or any other charitable people and see that my wife gets the right treatment, no matter what I have done."

This letter was sent to the Masons, but what action they will take is not known. His wife is sick, so far as can be learned, but what her ailment is no one knows. He has prepared to fight extradition to Spokane and will probably be here a week or more. Two officers are here to take Converse back to Spokane.

MINING CREW IS SAVED

ALMOST SUFFLED BY SMOKE, FIVE RESCUED IN TIME.

After Five Hours of Desperate Fighting Against Great Odds, Men Brought Out Alive.

SAN BERNARDINO, Cal., Nov. 19.—After five hours of desperate battling on the part of the entire crew of the Frisco mine, 16 miles west of Dobbs, in the San Bernardino Mountains, Shift Boss Bob Stokes and four miners were finally rescued from death.

Stokes and his men were at work in a 40-foot tunnel yesterday afternoon when a big cave-in near the entrance of the tunnel, shut out the light and air. To add to the danger the fall of stone and dirt had upset a torch, which communicated flame to the shattered timbers of the mine.

The imprisoned men desperately attacked the barrier which shut them off from the outside. Their energies were renewed when the scent of smoke reached them, bringing knowledge of a new danger, for near the entrance to the shaft a large quantity of powder had been buried. While those on the inside were working with all haste, a large force of men attacked the wall which filled the entrance from the outside.

When the prisoners were nearly sufficed with smoke they were pulled through a small hole which had at last been driven through the debris.

NEGRO TESTS RIGHTS

"GRANDFATHER CLAUSE" IN OKLAHOMA LAWS UP.

Denial of State Courts to Enjoin Election Officials From Refusing Vote Is Appealed.

WASHINGTON, Nov. 19.—Eleven days after the election, Joseph Atwater, an Oklahoma negro, filed today in the Supreme Court of the United States his appeal from the decision of the Oklahoma courts, which had refused to enjoin election officials in Oklahoma City from denying them the right to vote on November 5.

The petition for injunction was based on the claim that the "grandfather clause" placed in the Oklahoma constitution by amendment was invalid because it would deny the right to vote to a large number of negroes in the state solely because of color and previous conditions of servitude.

The clause complained of denied the right to vote to those who could not read or write a section of the constitution. It provided, however, that no person should be denied the right to vote if either he or his ancestors had the right to vote in any form of government on January 1, 1866.

Autumn Chills

Caused by the wet and changeable weather, are especially dangerous this year, because of the debilitating effects of an uncommonly trying summer.

It is produced or aggravated by the stomach and liver are deranged, indigestion and constipation occur, there are the chills of malaria, twinges of neuralgia and rheumatism, and liability to blood diseases like the grip, diphtheria, typhoid, scarlet fever, etc.

It is important to take a reliable blood medicine now to nourish and enrich the blood, cure or prevent Autumn diseases and protect general health. The best is

Hood's Sarsaparilla

which makes rich, red, warm blood, benefiting the whole system.
