

# NEW STANDARD SET FOR APPLE BELT

Districts Widely Separated Attain Excellence Never Achieved Before.

## ASHLAND EXHIBIT COSTLY

More Than \$1500 Expended to Prepare and Transport Carload of Fine Fruit, Which Will Enter Chicago Competition.

SPOKANE, Wash., Nov. 19.—(Special.)—When the Third National Apple Show closes tonight a new page in horticultural history will have been recorded and the most striking feature will be the extremely high average established from five widely separated sections of the great Northwest's apple belt.

"There never has been in the history of the apple show," said H. O. Probach, secretary of the Ashland, Or., Commercial Club, who has had charge of one of the high scoring carloads at the local show, "an exhibit which produced so many high averages, or such a vast number of apples so near perfection."

### Higher Standard Attained.

The highest rating last year was that of all Spitzbergs from the Rogue River Valley, with 90. This year five cars exceeded that record by a liberal margin, the highest, on Hood River Spitzbergs, which took the sweepstakes, being 97, or only 2,000 short of absolute perfection. Wenzelows Spitzbergs with a rating of 95.4; Hood River Newtowns, 95.1; Yakima Spitzbergs, 95.9; and Yellow Newtowns from the Ashland district of 94.1.

The Ashland exhibit from the extreme Southern corner of the section traveled farther than any other to reach the show here, the carload coming 750 miles. It was accompanied by Mr. Probach, A. D. Helms, the owner; W. E. Pierson, Harry Fellet and Mr. Hadfield and others from different sections of the Ashland district. All take particular pride in the excellence of their pack, the fruit despite the long journey showing no bruises.

### Exhibit Is Costly.

"We expended between \$1500 and \$2000 to bring the car to Spokane," said Mr. Probach, "but we consider it well worth the money. Our expenses for cotton baling alone exceeded \$50. Every apple was sorted and wiped four times before it went into the car and we are quite confident that at the Chicago show we will carry off the premium offered by the Chicago Association of Commerce for the best packed exhibit."

"The carload of high-scoring Newtowns which we exhibited here came from an eight-acre tract, one of the best in the region. The crop this year totaled 8000 boxes. In 11 years the same tract has produced 22 carloads and is an especially good showing and not an average of all the orchard land in the district."

## HOOD RIVER VOICES ITS JOY

Delegates Returning From Spokane Received With Demonstration.

HOOD RIVER, Or., Nov. 19.—(Special.)—Five hundred enthusiastic Hood River residents assembled at the railroad station here today to welcome the members of the Commercial Club returning from the National Apple Show at Spokane. Their arrival was greeted with the striking of locomotive whistles, exploding firecrackers, cow bells, tin horns and cheering. In the height of the din a porter on the train ran over to Charles T. Early, superintendent of the Mount Hood Railroad, and shouted: "Say boss, what's all this noise for? Is the Governor on the train?" "No, it's all on account of a few Hood River apples," replied Mr. Early.

When the noise subsided the delegation was welcomed by the gate keepers and the street corners were blocked by enthusiastic apple growers congratulating each other on the victory.

Among those who returned today were Charles Hall, president of the Commercial Club, under whose management the exhibits were taken to the show, and E. H. Shepard, who had charge of the decorations. "The people of Hood River and the state at large are very interested in the significance of the awards made to Oregon apples at the National Apple Show," said Mr. Hall, "as Hood River has received honors never before taken at an apple show in the United States. It not only took the grand sweepstakes prize, but first prize on the carload of Spitzbergs and first prize on the carload of Newton Pippins. It also got first prize on the best three box exhibit."

"On all of these exhibits it received the awards by the highest number of points ever given by the judges at a National Apple Show. We are naturally highly pleased with the success locally but even more so in that we have won for Oregon with an apple exhibit the highest honors that it or any other state has ever received. All of the Spokane exhibits will be sent to Chicago, where they will be displayed in conjunction with other states. Hood River people will be there to tell the crowds about the state and a painting of the valley will be exhibited with the apples. We have nothing but good feeling for our treatment by the National Apple Show officials and the Spokane people in general. The exhibits from Ashland, Wenatchee and other sections were fine, but according to the judges we had the best."

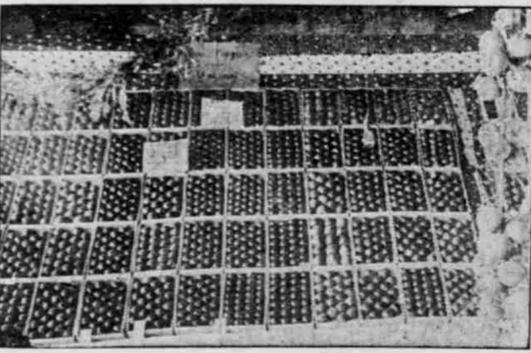

"Hood River will have an apple show of its own here next week that will not be anything like the National Apple Show in magnitude but in pack and quality will not be surpassed by any apple show on the coast."

E. H. Shepard, editor of Better Fruit, considered an expert on apple culture, said that the exhibits at the Spokane show this year were of better quality and pack than at any preceding show and that growers all over the Northwest are improving vastly in both growing and packing fruit. The competition at the big show each year, he said, is proving an incentive to greater perfection.

Henry Avery, who grew the car of Newtowns that took first prize, and C. H. Sprent, the grower of the prize car of Spitzbergs, have given their permission to have the fruit exhibited in Chicago and have received offers from several big fruit houses to buy them at a large increase over the current price.

Recent experiments have proved conclusively that root dust which has been ground to a state so fine that it will pass a 20-mesh sieve, will exclude from contact with electric current.

## WINNING APPLE EXHIBIT SHOWS POSSIBILITIES OF OREGON STUMP LAND.

ABOVE—ELGIN'S DISPLAY, WHICH WAS A SWEEPSTAKES PRIZE. BELOW—UNION COUNTY EXHIBIT, WHICH TOOK SECOND PRIZE.

The accompanying picture is that of the Elgin exhibit, which took the sweepstakes prize at the Eastern Oregon Apple Show. This exhibit represented all of the better-known varieties grown in the Northwest and thoroughly showed the possibilities of Elgin's \$10 and \$20 an acre stump land.

The picture below shows Union's exhibit, which captured second money. This exhibit came with five points of the Elgin exhibit. One of the greatest features of the show was the large delegation of Union "boomers" who accompanied their exhibit, wearing badge-bearing the words, "We're Pippins from Union," fastened to their lapels by small red cheek pippin apples.

## CROP OF 1911 CONTRACTED

Growers Will Pay Cost of Picking, Packing and Freight and Allow 10 Per Cent on Gross Sales to Marketing Company.

ROSEBURG, Or., Nov. 19.—(Special.)—At a meeting of the Douglas County Fruitgrowers' Union here today, the Producers' Fruit Company of Sacramento was vested with power to handle and dispose of the fruit grown in Douglas County during the year 1911. E. M. McKeany, who managed this season's picking and shipping, was present in behalf of the Sacramento concern and offered to handle the product of the Douglas County Fruitgrowers, dried prunes excepted, for a commission of 10 per cent on gross sales, or a commission of 7 per cent where no cash advance is made on the crop. According to the agreement the growers are obliged to pay the expenses incurred in picking, packing and the freight.

A. H. Carlson, Horticultural Commissioner of Grants Pass, was present and declared it would be necessary for the fruitgrowers of Douglas County to ship their fruit hereafter under a distinct brand, in the event they wished to realize the best possible prices. He said that the more important buyers were skeptical of purchasing fruit without a label to protect its quality. The fruitgrowers concurred with Mr. Carlson, and will establish a special label for future shipments.

## OREGON CITY BOY SHOT

ABBIE WOODFIN INJURED IN SENSATIONAL CHASE.

Assailant, Frank Stewart, Is Captured Near Hawley Paper Mill. Little Known of Him.

OREGON CITY, Or., Nov. 19.—(Special.)—Abbie Woodfin, of this place, was shot twice tonight by Frank Stewart after a sensational chase on Main street from the Cliff House, between Second and Third streets, to Andersen's barber shop, two blocks north. The assailant was captured near the Hawley paper mill. It is believed he is determined to realize the best possible prices.

Woodfin sustained two injuries, one finger being shot through, while he received a flesh wound in the back of the neck. The cause of the trouble is not known. The fracas began in the kitchen of the Cliff House, where Stewart fired twice at the youth, Woodfin, without hitting him.

Both men ran through the front part of the hotel and down Main street, Stewart firing four times. Woodfin entered the barbershop, closely followed by Stewart. Believing that perhaps Woodfin had shot at Stewart, Harry Trembath took the gun from Stewart but did not detain him. Stewart then returned to his hotel, got his hat and left unmolested, as those in the hotel believed he had his gun with him.

Stewart has boarded at the Cliff House for about five weeks, and he has been employed in the paper mills. Little is known of him here.

## Health Officer Frank, State Food Inspector Hansen, of Seattle, arrived last night to make a thorough inspection of the city's dairies, butcher shops, restaurants and every industry connected with the sale of foodstuffs.

Dr. Frank recently closed a local dairy, finding that the milk was bottled in the same room in which the cows were stabled. He states that he believes the unsanitary conditions under which the food sold in this county is put up is the chief cause of a number of the fever cases reported. "Our dairy and voyage are attracting more attention than any other 17-year-old lad. Summoned home from Yokohama, he found the return trip different."

"It didn't seem like the same old ship," he said on landing in San Francisco yesterday. The cabin boy, young Vilas, received at the Japanese port told of his mother's death and that he had become heir to an estate said to be valued at \$7,000,000. The fact of herowment and inheritance became known aboard ship and the youth found himself the object of solicitous attention from many quarters. The youth was met here by a representative of the estate and the two are now returning to Chicago.

## BOY HEIR TO \$7,000,000

Traveler Goes to Orient Poor, Returns Wealthy.

SAN FRANCISCO, Cal., Nov. 19.—When L. H. Vilas, a Chicago boy, left here recently on a Japanese steamer for a trip around the world, he was traveling on a limited expense account provided by his widowed mother, and on his outward voyage he attracted no more attention than any other 17-year-old lad. Summoned home from Yokohama, he found the return trip different. "It didn't seem like the same old ship," he said on landing in San Francisco yesterday. The cabin boy, young Vilas, received at the Japanese port told of his mother's death and that he had become heir to an estate said to be valued at \$7,000,000. The fact of herowment and inheritance became known aboard ship and the youth found himself the object of solicitous attention from many quarters. ## FARMERS' UNION TO MEET

Oregon Division of Co-operative Organization to Hold Convention.

THE DALLES, Or., Nov. 19.—(Special.)—A state meeting called by F. A. Sikes, of Millport, will be held at the Oregon division of the Farmers' Educational & Co-operative Union of America, will be held in this city next Tuesday and Wednesday, November 22 and 23.

The national president and secretary-treasurer, Charles S. Barrett and T. J. Brooks, both of Alabama, will be present. Delegates from each of the 100 unions in the state will attend, beside others who are interested. The questions of moment to farmers will be discussed.

## DEATH THREAT SENT JUDGE

Jurist, Who Is to Sentence Union Members, Gets Letter.

BOSTON, Nov. 19.—A threat of death in the event of the officers of the International Photo Engravers' Union being sent to jail next Monday for contempt of court, is said to have been contained in a letter received by one of the justices of a Massachusetts superior court.

The letter was mailed from Chicago, and purported to be signed by a Labor General Crawford saying the women of Dayton had been allowed to vote "at state elections." The correspondence with the Attorney-General referred to the municipal elections, as the authorities here have not yet extended the elective franchise to women in state elections.—R. L. BARRY.

## CATARH OF THE STOMACH

A Pleasant, Simple, But Safe and Effective Cure For It.

Catarh of the stomach has long been considered the next thing to incurable. The usual symptoms are a full or bloating sensation after eating, accompanied sometimes with sour or watery risings, a formation of gases, causing pressure on the heart and lungs and difficult breathing, headaches, fickle appetite, nervousness and a general played out, languid feeling.

There is often a foul taste in the mouth, coated tongue and if the interior of the stomach could be seen it would show a slimy, inflamed condition. The cure for this common and obstinate trouble is found in a treatment which causes the food to be properly, thoroughly digested before it has time to ferment and irritate the delicate mucous surfaces of the stomach. To secure a prompt and perfect recovery is the one necessary thing to do and when normal digestion is secured the catarrhal condition will have disappeared.

According to Dr. Harrison, the safest and best treatment is to use after each meal a tablet, composed of Diastase, Asapic, Pepsin, a little Nux, Glycerin and fruit acids. These tablets can now be found at all drug stores under the name of Stuart's Dyspepsia Tablets and not being a patent medicine can be used with perfect safety and assurance that healthy appetite and thorough digestion will follow their regular use after meals.

Mr. R. E. Workman, Chicago, Ill., writes: "Catarh is a local condition resulting from a neglected cold in the head, whereby the lining membrane of the nose becomes inflamed and the poisonous discharge therefrom passing backward into the throat reaches the stomach, thus producing catarrh of the stomach. Medical advice has been prescribed for me for three years for catarrh of stomach without cure, but today I am the happiest of men after using only one box of Stuart's Dyspepsia Tablets. I cannot find appropriate words to express my good feeling. I have found flesh, appetite and sound rest from their use."

Stuart's Dyspepsia Tablets is the safest preparation as well as the simplest and most convenient remedy for any form of indigestion, catarrh of stomach, nervousness, sour stomach, heartburn and bloating after meals.

other night, and it made him so miserable that he deemed it necessary to "end it all." So he wrote his mother that he had planned to shoot the girl and then himself, and he asked that his parents attend his funeral.

Yesterday the boy entered a restaurant where his sweetheart is employed as a waitress and posted a prescription at her. She telephoned for the police and managed to temporize with him until an officer arrived and seized the youth. The letter to his mother was found in his pocket.

## No More Tired Feet, No More Aching Feet—TIZ Does It

Try the New Wonder, Makes Well—Sore Feet, Swollen Feet, Sweaty Feet, Smelly Feet, Corns, Callouses and Bunions—Quick.

Feet Tired? TIZ Will Make Your Feet Feel Like a June Morning.

Still the good work goes on. Pretty soon there won't be any sore feet in Portland. Try this marvel—TIZ! The surprise of the tender-footed—is making the sore feet, the sweaty feet, the swollen feet, the aching feet, the feet with corns, callouses or bunions, well again and doing it right off quick. If you haven't tried it yet, get into the band wagon and do it today. Remember TIZ is not a foot powder. It is not like anything you ever heard of, but it's a wonder just the same. No matter what ails your feet or what under heaven you have used without getting relief, just use TIZ. It acts right off. It cures sore feet to stay cured. It's the only foot remedy ever made which acts on the principle of drawing out all the poisonous exudations which cause sore feet. Powders and other remedies merely clog up the pores. TIZ cleans them out and keeps them clean. You will feel better the first time it's used. Use it a week and you can forget you ever had sore feet. There is nothing on earth that can compare with it. TIZ is for sale at all drugists—at 25c per box. Made by Walter Luther Dodge & Co., Chicago, Ill. Recommended and sold by Owl Drug Co.
