Evening and Afternoon Gowns  
In Other Words Our First Disposal  
Of the Season

—There is a steadily growing demand in Portland for afternoon and evening gowns. We are constantly receiving new importations and in order to show new gowns at all times those that arrive first MUST GO. Therefore we have assembled these gowns—about 75 in number—into one group and marked them

**\$53.50**

Regular \$75.00 to \$150.00

—Unlike any other store in the city we do not exhibit these gowns in the windows nor have them worn by models to be handled and seen by the multitudes.

—Our gowns are kept in cabinets and shown only to intending customers, consequently you'll find these beautiful dresses fresh and new and as spick and span as the day they left the dressmakers' hands.

—We realize fully that women do not care to wear a gown at a reception or a tea that has been exhibited in a show window with a price placard on for months. Consequently in buying one of these dresses we doubt if any of your friends have ever seen them at all, as many have arrived in the store within the past four or five weeks.
