# GILL DENIES COIN IS DUE PROBE AGENT

Seattle's Mayor Charges Investigation Hired Crook to Get Evidence.

### EXECUTIVE READS REPORT

Charges Against City Administration Only Glittering Generalities, and Worthless as Court Evidence,

So He Contends.

SEATTLE, Wash., Dec. 2 .- (Special.) The City Council investigating com mittee, that is now conducting a probe into the alleged corruption in the city administration of Scattle, will never get the unpaid balance of the \$111 due William McLune, alias W. H. Lindsay, for services as special agent for the committee, if I can prevent it. Mc-Lane, who admits that he is a crook, is an unmitigated liar, and he proved this when he testified before the in-vestigators that I shared in \$48,000 graft to permit gambling to run in Scattle.

The foregoing statement was issued The foregoing statement was issued tonight by Hirsm C. Gill, after he had completed reading the first of a batch of transcript delivered to him by the committee. Mayor Gill further says the investigators must file every copy of the transcript taken with the Controller, or the atmographers will not be paid. The Council appropriated \$250 for the investigation, and the probers now want \$1500 more.

### McLane Draws Money.

"The Council investigating commit-tee ought to have been warned." he said, "against McLare, allas L'udsay, the moment he admitted he had an-sumed another name. His testimony shows that he admitted before the committee that he was a crook, in that he had engaged in unlawful pursuits, yet this committee, sworn to make an honest investigation, takes this admitted crook of two names and puts him on the pay roll as a special agent. one bill already presented, McLane, alias Lindsay, is shown to have drawn a abare in a \$100 payment made to three men. Now Blaine comes in with

a statement that there is an unpaid balance of \$111 due McLane. That unpaid claim will never be al-lowed McLane alias Lindsay, if I can lowed McLane alias Lindsay, if I can prevent it. It savors too much of buy-ing an admitted laschreaker's testi-mony and services. What value can anybody conceive that any court could place on the testimony of a man who admits at the outset that he travels under two names and that he has openly broken the statute felony laws?

### Charges Only General.

"It is true that McLane, alias Lindsay, subsequently admitted that all he swore to was mere hearsay testimony and that he really did not know anything material beyond the fact that he was a lawbreaker himself, but that circumstance is minim-

"I am going through the transcript of testimony that the Council committee furnished me as carefully as I can. When I have completed an examination of the record I will make an answer to the Council. I have not yet received the complete copy of the record, and of course cannot take any action until I do. It may be that in a careful analysis of the record I will find some important testimony, but a cursory examination indicates that it is a mass of irrelevant and facountsetent testimony, coupled with a glazing series of the broken promises by members of the committee, including the promise given witnesses that nothing they record I will make an answer to the promise given witnesses that nothing they said would be given to the press or would be ever made known."

# How I Made My Hair Grow

I was greatly troubled with dandroff and failing hair. I tried many advertises hair preparations and various prescriptions, but they all signally failed; minny, of them made my hair greasy so it was impossible to comb it or do it up properly. I think that many of the things I tried were positively injurious and from my own experience I cannot too strongly caution you against using preparations containing wood alcohol and other poisonous substances. I believe they injure the roots of the hair. After my long list of failures, I finally found a simple prescription which I can unhesitatingly state is beyond doubt the most wonderful thing for the hair I have ever seen. Many of my friends have also used it, and obtained wonderful effects therefrom. It not only is a powerful stimulant to the growth of the hair and for restoring gray hair to its natural color, but it is equally good for removing dandruff, giving the hair life and brilliancy, etc., and for the purpose of keeping the scalp in first-class condition. It also makes the hair easier to comb and arrange in nice form. I have a friend who used it two months and during that time it has not only is opped the failing of his hair and wonderfully increased its growth, but it practically restored all of his hair to its natural color. You can obtain the ingredients for making this wonderful preparation from aimost any druggist. The prescription is as follows:

Churchill was refused a hearing at Lincoln this afternoon.
