To Grow Hair on a Bald Head

By a Specialist.

Thousands of people suffer from baldness and falling hair. Who have tried nearly every advertised hair tonic and hair grower without results, have resigned themselves to baldness and its attendant discomforts. Yet their case is not hopeless; the following simple home prescription has made hair grow after years of baldness, and is also unequalled for restoring gray hair to its original color, stopping hair from falling out, and for destroying the dandruff germ. It not only makes the hair grow, and can be put up by any chemist: Bay Rum 6 ounces, Lavone de Compose 2 ounces, Menol Crystals 10 drachm. If you wish it perfumed add half to one teaspoonful of To-Kalon Perfume, which unites perfectly with the other ingredients. This preparation is highly recommended by physicians and specialists, and is absolutely harmless, as it contains none of the poisonous wood alcohol so frequently found in hair tonics. Do not apply to the face or where hair is not desired.
