A DIAMOND FOR THE NEW YEAR

START THE NEW YEAR RIGHT by investing in a beautiful diamond, and when the next New Year comes you can easily add ten per cent to your investment. In other words, you have opened a DIAMOND BANK ACCOUNT.

WE HAVE BEEN NOTIFIED of another rise in diamonds which will take place shortly, and, fortunately, we have an extra large stock on hand which we can sell you at a big saving.

\$750 for a 20th century cut gem weighing 2 1/4 to 3-64 karats.

\$1000 for an extra large diamond weighing 6 1/2 to 1-32 karats. This is a big bargain, as we took it in on a trade, and the party from whom we purchased it claimed he paid \$1500 for it. We consider it an extra fine value.

ANY PRICED DIAMOND you wish from \$10.00 to \$1500, set in any style of a mounting. Our stock of loose, as well as mounted, diamonds is one of the largest in the city.

NOW IS THE TIME to have your diamonds looked after to see if they are securely set. Don't run any chance of losing one.

48th Annual Clearance Sale

Begins Tuesday A. M., January 3, 1911

We shall demonstrate beyond the pale of all argument that no Portland clothes buyer mindful of his own interests can afford not to patronize this store; we shall prove to YOUR satisfaction, and to the satisfaction of ALL who visit this store, that the reductions we make are genuine and bona-fide cut prices. As long as newspaper space is available, and exaggerated store announcements remain nonpenalized, just so long must the public rely on experience and good judgment in choosing the store worthy of confidence; experience has taught the majority of Portland's clothing buyers that A. B. Steinbach & Co. is a store NOT of extravagant claims. Forty-eight years of clean and actual performances made this the greatest clothing store in Portland.

Folder Map Is Comprehensive.

An interesting publication is the excellent folder map of Oregon which has just been issued by the Southern Pacific Company. Prospective settlers

especially will find it of much value. It is considered one of the most comprehensive ever published in large quantities, and the review of the state's resources which is included in the publication has been compiled with the ut-

most care. The folder made its first appearance at the Land and Irrigation Exposition recently held in Chicago, where there was a large demand for it. The Southern Pacific Company has

folded in the hands of every person who is desirous of knowing about Oregon and the opportunities for investment here. There are 11 periodic comets of which the return has been observed.

You Will Find Us in the Yeon Building After February 15th

We take unbounded pleasure in announcing in advance our removal to this splendid building. We will occupy a large store on Fifth street, next to the entrance. The interior is being fitted up especially better to display the beautiful jewelry we make and sell. For some time we've needed not only display space but working-rooms, wherein our craftsmen could bring from gold and silver the distinctive workmanship that has always characterized our special jewelry service. It is with gratitude at flood tide that we thank the patronage that has made and is increasing the volume of our business, and that has created the need for our new, palatial quarters. Yet we know customers must be not only pleased with the external beauty of jewelry, silverware, but the wear and price as well. Well, we're in the pleasing business to stay—and our new quarters will offer greater facilities to do so. Whenever you have to select something extra fine in our line—just say: Meet me at—
