Mann Bill Amendments for Panama Canal Regulation Blow to "Coasters."

### PRESIDENT MAY FIX RATES

Proposal to Allow American Boats Engaged in Coastwise Trade to Have Reduction in Charges, Excepts Railway Vessels,

WASHINGTON, Jan. 7 .- Aiming a blow directly at railroad-owned steamships engaged in American coastwise trade, the Senate committee on inter-oceanic canals today adopted material amendments to the Mann bill to provide

amendments to the Mann bill to provide for the government of the Panama Ca-nal zone and for the regulation of the Panama Canal.

The chief amendment was one intro-duced by Chairman Flint and is de-signed to encourage the establishment of lines of independently owned ves-

The amendment asks the President to fix the freight and passenger charges for using the canal, but freight charges must not be less than 50 cents nor more than \$1.50 per net ton. It is provided also that no charges shall be paid for vessels in ballast, nor for vessels owned or operated for or on account of the United States Government, or for merchant vessels of the United States engaged in the coastwise trade of this country.

A provise is added, however, that the exemptions shall not apply to any vessels.

exemptions shall not apply to any ves-sel in coastwise trade which is owned in whole or in part, or which is con-trolled, directly or indirectly, by any railroad company.

The proviso refers especially to such

The proviso refers especially to such railroad companies as seek to avoid or reduce the effect of the competition of ocean traffic between eastern and western seaboards of the United States, on transcontinental railway rates.

The effect of the amendment would be to deny free passage of the canal to the ships of the Pacific Mail Steamship Company or any line which has connection with transcontinental railroads.

Another proviso would authorize the United States to take for its own use any vessel which accepts free toll and pay for the same at a fair valuation, to be determined afterward.

### SHIPPING POOL IS DENOUNCED

### Representative Humphrey Would Bar Ships From Ports.

WASHINGTON, Jan. 7.—A bill was in-troduced in the House today by Repre-sentative Humphrey, of Washington, which would bar from American ports the vessel lines forming a foreign ship-

ping pool.

The foreign lines, Mr. Humphrey pharged, give rebates and other advanages to favored shippers, with "special Ates" to the Standard Oil, the Steel Trust and the harvester combine.

This combination," he said, "Is the greatest trust in the world; bigger than the handard Oil. Foreign trade is absolutely at its mercy. The Hamburg-American Company, the controlling factor in the Atantic combine, makes a net profit of 25 per cent on a capitalization of 26,80,000. Their answer always is that the United States has no jurisdiction."

### CANNON WANTS NO INCREASE

### Speaker of House Thinks It Unwise to Emarge Membership.

# Hope For Consumptives

We have a message of cheer for consumptives and lung sufferers – many of whom may have given up hope of ever being well and happy again. Look, listen and learn—this testimony should stir you into action. A Physician Tells How

### A Physician Cures His Wife of Consumption Gentlemen:-

"My wife was down with Consumption, when I ordered a bottle of Aicsol (Lloyd). She was very weak from night sweats, cough, and in a feverish condition. I noticed a change for the better after ten days' treatment, and from that time on up to three months, when the cure was completed. Alcsol (Lloyd) kills the Tubercle Bacillus in the blood and tissue, and it is the only remedy so far discovered that will do this. It is a preventative as well as a cure. It should be used by those who are run down, or those who fear the approach of Consumption. It can be truthfully said that Aicsol (Lloyd), for the cure and prevention of Consumption, is the most wonderful compound of the presentage." DR. W. H. KNIGHT,

East Baugus, Mass.

J. A. Ward, M. D., Will-ing To Make Oath

Gentlemen:

Had you spent \$25,000.00 in advertising your remedy to the people for the benefit of consumption and all the chronic lung troubles, instead of distributing it among physicians who put samples in out-of-the-wayplaces and perhaps never think of them again, you would now, in all probability, have a paying trade, while many poor victims of the White Plague that are now in their graves would be well and attending to business.

I believe you have one of the best remedies ever offered to the people. I believe it to be a general reconstructor of tissue and indicated in all cases where a reconstructor is called for. I have used Alcsol (Lloyd) for nearly five years, and know what I am talking about.

Once the remedy becomes generally known there will be but little trouble disposing of it.

You can use my name in any way you see fit fin advertising, as I have said nothing in regard to the matter to which I will not be willing to make oath where such course is necessary.

Very respectfully.

Consumption May

To Whom It May Concern:—
This is to show that I have used AICSOL (Lloyd), a medicine made and sold by ILOYD CHEMICAL CORP., of St. Louis, Mo., on one case of pulmonary consumption, on a lady in Kentucky, who was 47 years of age, and she recovered, and is now well and performing her ordinary duties and household work as of yore; is a gratified and sound woman. The above case was far advanced in the second stage; night sweats, daily chilis, hectic flush, and in the stage of menopause, which is one of the most critical periods in woman's life.

I believe it will cure nine out of ten cases for which it is made, thereby saving and prolonging life, bringing health, happiness and saving immense suffering and in the aggregate, worry and thousands and millions of money. I heartly recommend AICSOL (Lloyd) to all interested and suffering with any forms of consumption, and give permission to use my name in placing AICSOL (Lloyd) before the public.

Very respectfully.

Many patients begin its use when suffering from weakness, blood-spitting, pus filled sputum, night sweats, chills, fever, constipation, loss of fiesh, painful lungs, distressing cough, wasted bodies, loss of hope and strength, full of despair. Aren't these terribly true symptoms of dreaded consumption?

When these same patients, after a few months' use of Alcsol (Lloyd), report that they ARE CURED, strong, able to work, have not an ache or pain, happy, full of praise for this marvelous treatment, it's time for you to be interested. The sworn testimony of just such remarkable results with names and addresses of these patients will be sent you.
