

A Sale So Immense in Magnitude as Ours Is Seldom Held

mighty crowds that have thronged this store from eight in the morning until six at night the past four days is conclusive evidence that the people of Portland realize that a genuine money-saving sale is in progress. Never before have high and medium grade furniture, carpets, etc., been sold at such ridiculous prices but necessity of disposing of every piece of stock before moving into new building is the end in view—Profits have been thrown to the wind and prices have been cut so deep it is useless to try comparison.

Actual saving of from 25 per cent to 70 per cent. It is positively the most wonderful example of merchandising on a giant scale that this city has ever known. Come here tomorrow sure, see the tremendous force concentrated to turn this big stock into cash. Mark well our vigorous efforts to draw big crowds of buyers. Consider price reductions that have been made on every article in this store. It is certainly far and away the greatest value-giving event in furniture ever recorded in this progressive "City of Homes."
