

CURE OF HARPER'S HEMORRHOIDS

Washington Senator Says Collector of Customs Obnoxious to Him.

JOB WANTED FOR BOURNE

Taft Reappoints Harper Because He Has Made Good, but Piles and Bourne May Combine to Get Adverse Report Made.

OREGONIAN NEWS BUREAU, Washington, Jan. 28.—Senator Piles, following in the footsteps of Senator Bourne, has denied his war paint and is demanding the scalp of President Taft's choice for Collector of Customs for the State of Washington.

Frederick C. Harper was renominated for his office yesterday and today Piles is laying plans to have the nomination rejected on the ground that Harper is personally obnoxious. The President has reappointed Harper for two months being implored the President to name his brother, Matt Piles, of Seattle, as Collector of Customs, and the President has refused to do so.

Harper was renominated because he, like Malcolm at Portland, has "made good." It would not be surprising to see Piles in the same office with the President's name being implored the President to name his brother, Matt Piles, of Seattle, as Collector of Customs, and the President has refused to do so.

In neither case can the objecting Senator make any great gain by defeating the pending nominations, for if Harper is rejected, the President will not make a new appointment until Piles is out of office and, if Malcolm is rejected, Bourne will not be permitted to select his successor.

COAL LAND BILL REPORTED

Senate Committee Unanimous for Hearing in Alaska.

WASHINGTON, Jan. 28.—The Senate committee on public lands today authorized its chairman, Senator Nelson, of Minnesota, to report favorably the Administration bill providing for the leasing of the coal lands in Alaska. Transportation, competition and their stockholders are barred from operations.

The action of the committee was unanimous. The Interstate Commerce Commission is delegated to fix the price at which coal mined on the leased lands may be sold or transported.

The price of land which may be leased to any person or corporation is limited to 2560 acres and both a rental on the land and a royalty on the coal are to be exacted. The royalty is placed at 5 cents a ton if the lease is made within 10 years from the passage of the act; after that time it may run as high as 10 cents a ton.

Under the terms of the bill coal is to be reserved to the United States in all patents to mineral lands in Alaska.

The program for the convention is in the hands of L. C. Crow, state president, of the Farmers' Union, and will be announced until his arrival here next Wednesday.

The convention will take up two subjects. The first will seek immediate legislation in the Legislatures of three states. Included in this is action against state-aid highways and favoring the full operation of the rate mill in the Washington Territory.

The other subject refers to committees which are to report at the regular delegates convention next Summer. Several resolutions, including the registration of threshing machines and the report of grain threshed, are included under this topic.

BOXES WIN OVER BARRELS

Walla Walla Valley Applegrowers Fight Coopers' Prices.

WALLA WALLA, Wash., Jan. 28.—(Special.)—After investigations and comparisons of prices submitted by Eastern coopers, fruitgrowers of the Walla Walla Valley have decided that they will continue to use boxes and not barrels for the packing of the lower grades of apples.

It was thought that money could be saved by this means, but prices averaged from several estimates showed that this would not be the case. Barrels would cost about 33 cents and packing would add 10 cents to this expense. This leaves no margin of economy over the box system. The box also makes a more attractive and salable package.

SAILORS KILL OFFICERS

Mutineers on Dredge in Virginia Murder Captain and Mate.

COLONIAL BEACH, Va., Jan. 28.—Mutinous sailors of the dredge Irene Ruth, of Fairmont, Md., ran amuck today aboard the vessel, murdered Captain Allen Dorsey and crushed the skull of First Mate John Adams. One sailor killed the mutineers by jumping overboard and swimming ashore.

Feeling had existed between several members of the crew and the officers and it took a serious turn today. After the fight the mutineers moved the dredge into a shallow water and made their escape. A posse started in pursuit.

VANCOUVER, Wash., Jan. 28.—(Special.)—The Northwestern Electric Com-

Besides furnishing power to the city, the company also expects to furnish power and light to the Crown Columbia Paper & Pulp mills in Camas.

Both the Northwestern Electric Company and the Cascade Electric & Power Company, which is also incorporated here for \$2,000,000, are fighting for the same sites on the Lewis River, and the former company has filed a petition of which are held by the latter company. The matter is to be settled in the Superior Court at Vancouver, when a hearing has been set by Judge McMaster.

BIG GROWTH FORESEEN

PROFESSOR PREDICTS OREGON WILL DOUBLE POPULATION.

Historian at University of Oregon Says State Will Have Wonderful Expansion in Decade.

UNIVERSITY OF OREGON, Eugene, Jan. 28.—(Special.)—"Guided in my judgment by a mass of historical references which have convinced me that Oregon will double its population within the next decade."

This statement was made by Dr. Joseph Schaefer, the Oregon historian, who recently returned from the annual meeting of the American Historical Association, held in Indianapolis. Dr. Schaefer, who is the head of the history department at the University of Oregon, is the author of "History of the Pacific Northwest," and has contributed many original papers to the leading historical publications of the world, of which, "The British Attitude Toward the Oregon Question, 1813-1846," appeared in the current issue of the American Historical Review.

Oregon is now standing at the margin of a new era in population development," continued Professor Schaefer. "This is the one definite prediction that was left upon my mind as a result of my recent trip through the States of North Dakota, Wisconsin, Indiana and Kansas. In addition, I discussed the population problem with authorities from Illinois, Minnesota and Iowa.

"The whole region of the Upper Mississippi Valley, commonly known as the Middle West, is facing at this time a peculiar problem in the comparative arrest of its growth in population. These states are practically stationary in the matter of population increase.

"The significance of this condition is simply that these states are passing their stage, which has been marked off by the exhaustion of their supply of cheap land. The land will no longer respond to the ordinary methods of development.

"In almost every case it can be shown from the census returns that these states have had at least one decade more than doubled in population, in which that population went up so rapidly as to double in a single ten-year period.

"Wisconsin, for example, more than doubled her population between 1810 and 1820, and nearly doubled it again between 1820 and 1830; that Indiana more than doubled in the '30s; and fully doubled once more in the '40s; that Illinois nearly doubled in the '40s; that Iowa more than tripled in the '50s; and that Wisconsin, Minnesota and Kansas all had their decades of especially rapid growth.

"Not during the entire period the increase has been so large that these societies have regarded themselves as rapidly growing societies. That is why the recent Federal census, which suggests that the great problem in the future will be to find ways of once more introducing a gain in population.

"The comparison of the population of Oregon during the 10-year period the State of Oregon has now reached the point where, as suggested by the history of other Western States, it is expected to increase most rapidly. Indeed, if history is any guide in these matters, we are fully warranted in expecting that the decade 1910-1920 will be Oregon's decade for developing its population and going over into the seven-figure column.

"If we are to assume that this expectation is reasonable, the inference is that it will be wise for the people of this state to plan for this new time. All of our operations, all of our investments, all of our business enterprises, should be planned with reference to the fact that we shall be operating for at least a generation on a rapidly rising tide of population. For one year we put us near the 1,500,000 mark by 1920."

BLOOM FESTIVAL IS IDEA

Walla Walla to Show Fruit Blossoms in Annual Fair.

WALLA WALLA, Wash., Jan. 28.—(Special.)—Planning a flower festival to be held here the first week in May, the business men and growers of the city and valley hope to institute an annual blossom festival that will be to Walla Walla what the Rose Festival is to Portland. The idea is to have a beautiful display of blossoms that are to be obtained here in the Spring, the promoters of the festival believe, would make one of the most beautiful events of the kind in the city and would rival in beauty even the cherry blossom festivals of Japan.

The city is to be lavishly decorated with apple and other blossoms and contests of all kinds in which the blossoms can be used are to be features of the festival.

SENATORIAL FIGHT IN IDAHO

Democrats Court Support of Mormons With Elimination of Dubois.

BOAH MAY BE IN RACE

If Republican Legislature Wins Two Years Hence Bohar Will Be His Own Successor—Heyburn Not Likely to Oppose Him.

BY C. E. ARNEY.

BOISE, Idaho, Jan. 28.—(Special.)—Idaho in its 1911 general election will choose a Legislature whose duty, among other things, will be to elect a United States Senator for a term of six

years thereafter Senator Bohar, Republican, defeated Dubois, who had since become a Democrat.

Elections Full of Interest.

Idaho has had seven Senatorial elections. All have been attended with unusual interest, and little seemed less attached to any of them. The two Senators from Idaho today are Republicans. Senator Heyburn lives at Wallace in the north, and Senator Bohar, in Boise, the south. Although both Republicans, it would be scarcely possible to find two men at home or in the Senate who as cordially disagree with each other as these two men. Both are strong men in their personal and political convictions. Each has a positive following. Senator Heyburn can be measured as an extreme standpatter. Senator Bohar talks and usually votes with the Insurgents. Both are independent, eloquent, logical, clear and decisive. Both have made great success at their profession. The law. Both have represented their constituents with comparative satisfaction.

Senator Bohar will undoubtedly succeed himself, if his party wins the Legislature two years hence.

Against him will be the Democratic party of the state, headed by Governor Hawley, and Little seemed less attached to any of them. The two Senators from Idaho today are Republicans. PROSECUTOR'S BITTER

Sister's Character Attacked in Will Contest.

MARRIAGE BROKER FAILS

Evidence Is That Mrs. Klein-Taylor Had Views of Her Own—Testator's Ambition to Be Governor Is Disclosed.

CORVALLIS, Or., Jan. 28.—(Special.)—Bitter has been the contest over the will of the late Simon L. Kline, which has consumed the greater part of the week before Judge Harris in the Circuit Court here. Defending the will brought by his sister to break the will of her father, who almost disinherited her because of her marriage to a man of a different religious faith, the brother of Mrs. Hazel Kline-Taylor attacked his sister's character, going back to a time when the young woman was only 12 years old and lived in Corvallis.

The proceedings came to sudden end yesterday because of the absence of Mrs. Emma L. Kline, the mother, who is said to be in San Francisco. The daughter, who is seeking to break the will, contends that undue influence was brought to bear upon her father, and that he really had forgiven her after she was divorced from Taylor. The contestant was born in Corvallis, was educated at Mills' Seminary and is an accomplished musician. In her father's will she was named as executrix and spent six weeks in an endeavor prior to the death of the testator.

Memories Overcome Witness.

Mrs. Kline-Taylor was on the stand a full day. Under examination forced by her brother's side, in which she was asked concerning certain incidents of her early life, she was overpowered by her emotions and broke down and sobbed on the witness stand. There was evidence concerning the alleged discrimination between her and her brother in the father's will, based on the father's displeasure over her marriage to Taylor, who was a Gentile. Letters were submitted and a witness to the signature of the will testified to the effect that the sister desired that his daughter should marry a young man of her own faith, and that when informed of her marriage to Taylor, he spent six weeks in an endeavor to annul the marriage.

Failing in this, the witness said, Mr. Kline at once wrote a new will, called in two friends to witness the document and indicated to them his disapproval of his daughter's act.

This fact was brought out in the testimony of Charles Schlessinger, one of the witnesses to the signature of the will.

There was testimony also to the effect that after the daughter had obtained a divorce from her Gentile husband, Mr. and Mrs. Kline engaged the services of a "schadick," or professional marriage broker, under whose direction Kline-Taylor was taken to New York, and stayed at several leading Jewish hotels and apartment houses, with a view of meeting and becoming acquainted with a young man of the Jewish faith.

Money Paid to Broker Wasted.

Letters introduced in evidence told of the payment of large sums to Mrs. Kline-Taylor by the marriage broker, and of the failure to accomplish anything, because Hazel had a will of her own and insisted upon making her own choice.

One of the incidents of the hearing was the disclosure in some of the letters of the ambition of Mr. Kline to be Governor of Oregon. The language used in the trial was so plain at times that the presiding judge seriously had under consideration the advisability of excluding all minors from the courtroom.

Missing witnesses will be examined before a commissioner in San Francisco and arguments will be heard in March. A decision is expected in April.
