THAT'S GAPES, when little chicks stand around with mouths open and wings hanging loose, sneeze, cough, seem unable to swallow or to breathe. The gape worms from infected ground or drinking water crowd the windpipe to suffocation; they sap the vitality of the chicks; most treatments are as hard on the chick as on the gape worms. Fact is, gapes are hard to treat. Conkey's Gape Remedy is successful and it builds up the strength of the chick as well as kills the worms; price 50c. Get Conkey's and get a true remedy for gapes.
