

WOODLAWN CAMP OF ODDFELLOWS WINS TROPHY AND ARE CHAMPIONS

Staples Cup for Best Drill Taken in Recent Contest With Orient Lodge—Impressive Work Was Viewed by 1500 Members of Lodge at Masonic Temple.

Top Row, Commencing at the Left, Kelt, Lawrence, Hamilton, Young and Keller. Second Row from Top—Amber, Litcher, Gullen, Galbraith, Stillwell, Roberts, Cattanch, and Davis. Third Row—Van Heven, Bager, Haynes, Circle, Robinson (Captain), Cason, Shoemaker and McGillivray. Fourth Row—Weed, Renne, Greene, White, Robertson, Friese, Funderburk. Fifth Row—Palmer, Myers, McIntosh. The Two Remaining Are J. S. Hyatt and H. Getty.

AT AN IMPRESSIVE and interesting contest for the Staples cup between the degree teams of Woodlawn Lodge, No. 171, and Orient Lodge, No. 15, Independent Order of Oddfellows, Woodlawn won out. The contest took place on last Tuesday night, May 16, at the Masonic Temple on West Park and Yamhill streets. There were about 1500 Oddfellows present. Many of them were delegates to the Grand Lodge of Oregon, which was in session here for three days last week.

This beautiful silver loving cup was given by Isaac E. Staples as a trophy to be contested for by the first degree team of any lodge of Oddfellows. This cup was first won by the first degree team of Hassalo Lodge, No. 15, of this city during the meeting of the Sovereign Grand Lodge at the A. Y. P. exposition, Seattle, September 21, 1899. The next contestant for the cup was the degree team of Orient Lodge, No. 15, of this city, March 14, 1911, at the Masonic Temple.

The challenge of Woodlawn, Mr. Robinson then got busy with his team of 24 picked men from Woodlawn Lodge, No. 171, and drilling began in earnest. Mr. Robinson also acted as drill master, working early and late to drill his team and bring it to the perfection necessary to win in a contest with the champions of the world and holders of the cup. The team, appreciating his efforts, took an equal interest in perfecting themselves for the occasion, worked hard and stuck to it manfully up to the night of the contest.

After this contest, and before the judges had announced their decision, Charles A. Robinson, degree master of the Woodlawn lodge, challenged the winning team for a like contest. The judges then announced that Orient had won. A few days later Orient accepted the challenge of Woodlawn. Mr. Robinson then got busy with his team of 24 picked men from Woodlawn Lodge, No. 171, and drilling began in earnest. Mr. Robinson also acted as drill master, working early and late to drill his team and bring it to the perfection necessary to win in a contest with the champions of the world and holders of the cup. The team, appreciating his efforts, took an equal interest in perfecting themselves for the occasion, worked hard and stuck to it manfully up to the night of the contest.

The purpose of these contests is to furnish an incentive to train the teams, both Orient and Woodlawn teams certainly showed themselves to be masters of the work. The generalship and ability of their degree masters, R. Andrews, of Orient, and Charles A. Robinson, of Woodlawn, was also shown. Both lodges may well be proud of their teams. The Woodlawn team will rest during the summer, after which they will defend the cup against all comers.

The following are the names of the members of the winning team: Charles A. Robinson, H. A. Circle, W. O. White, G. H. Friese, Robert Renne, F. E. Weed, E. E. Robertson, E. J. Lawrence, G. H. Hamilton, J. S. Hyatt, Fred Keller, Charles Cason, Arthur Roberts, William Gullen, T. Bennett Galbraith, W. G. Stillwell, William Cattanch, E. E. Litcher, S. S. Shoemaker, H. N. Haynes, W. L. Green, C. A. Ambrose, V. K. Paisley, L. M. Myers, A. E. McGillivray, W. W. McIntosh, H. Van Hevenlanger, J. G. Funderburk, William C. Kelt and H. E. Davis.

The Most Easily Driven of All Electrics

The most delicate woman—a 12-year-old child—can handle the largest Rauch & Lang Electric with perfect ease. You merely push a hand forward when you want to start, pull it back when you want to stop. Pulling it back not only starts the car, but it also puts on a strong brake. The car stops almost immediately. You can use the foot-brake, too, if you wish, but it isn't necessary.

After one ride you'll have absolute confidence in your own ability to drive the car anywhere and everywhere. We have furnished the car inside and finished it outside just as handsomely, as richly and as tastefully as you would do it yourself.

It's the largest and most luxurious of all electrics.

Why Not Classy Teeth--- Alveolar Dentistry IS THAT PLUS

It Does Away Entirely With Plates and Bridgework

Alveolar Stands for Quality

The name Alveolar in dentistry has the same significance as sterling when stamped on silver—both are the mark of quality. Alveolar stands for quality in dentistry, and it is the most beautiful, comfortable, serviceable and only way missing teeth can be replaced and guaranteed for life.

Alveolar Teeth Where Bridgework is Impossible. If only your front teeth are left, say three or four or more, we can replace all those that have been lost on any sides, clear back, with perfect Alveolar teeth, whilst bridgework would be impossible even if you had eight or ten front teeth to tie to. If you have only two back teeth on each side, say molars, we can supply all the front teeth that are missing with beautiful serviceable, lifelike Alveolar teeth. This could not possibly be done by the bridge route. And where bridgework is possible there is no comparison between the two. A very large percentage of our work is taking out bridgework put in by supposedly high-class dentists and replacing it with the beautiful and artistic Alveolar teeth. And, unlike bridgework in another respect, it is practically painless. No boring or cutting into the gums, nothing to be dreaded. Now, then, priced below equal, which would you choose?

Curing Pyorrhea (loose teeth), a disease given up by other specialists as incurable, is another of our specialties. We cure it absolutely. It's a beautiful statement to make, but we can do anything that is possible in dentistry, and what we do is always of the very highest class. Our booklets, Alveolar Dentistry, are free. Write for one if you cannot call. We have samples of our work to show at all times, and the very best of references, an army of them in this city and state.
