

# TRUSTS TO SUFFER SECOND ASSAULT

### Suit Against Lumber Dealers Will Be Made in Middle West Next.

## COAST MAY GO SCOT FREE

### Government Seems to Believe That Manufacturers in Pacific Northwest Are Not Combined.

## Government Seems to Believe That Manufacturers in Pacific Northwest Are Not Combined.

OREGONIAN NEWS BUREAU, Washington, May 20.—While officials of the Department of Justice and Bureau of Corporations are reluctant about discussing additional prosecutions that are planned against the lumber trust, it is learned from official sources that suits are likely soon to be filed in the Middle West, probably at St. Paul and Chicago, similar to those instituted yesterday at New York.

These suits will be brought against lumber dealers, rather than lumber manufacturers, it is declared, for information gathered by Government agents indicates that a combination exists among wholesale and retail lumbermen rather than among millmen and loggers.

It could not be learned that any suits are now planned in the Pacific Northwest. The attitude assumed by the Department of Justice seems to indicate that the Administration, after investigation, has come to accept the opinion expressed by Weyerhaeuser and Hines that there is no combination among lumber manufacturers; that these interests have always sold to purchasers everywhere and have not undertaken to operate "in restraint of trade." If this be true, then the Pacific Northwest may not figure in lumber prosecutions to any great extent, at least at this time.

Very little information is obtainable here today because of extreme reticence of Commissioner of Corporations Smith, who is understood to have gathered the information on which the Attorney-General is basing his action. He has far made public only a report as to the ownership of standing timber. He was not able to say when he will make a report as to combinations that exist in the lumber trade in the United States. This information may be held in reserve for use by the Government when the lumber cases come to trial.

## BURNS EXPECTED SOON

### Chief Detective for Prosecution in Dynamite Cases Due.

LOS ANGELES, Cal., May 20.—Preparation for the presentation in court of evidence in the case of John J. McNamara, and his brother James B. McNamara, charged with murder by dynamiting, is being perfected quietly by both prosecution and defense.

Each side declares that it is busy but has no further announcement to make. The prosecution expects to be reinforced soon by the arrival here of W. A. Burns, the detective whose operation resulted in the arrest of the men and the defense says that Clarence Darrow, the Chicago attorney, will reach this city in a few days to assume the duties of leading counsel for the accused brothers.

Meanwhile the McNamaras and Orrie E. McNamara, alleged accomplice in the confession resulted in the arrest of the other two, are conforming well to the regulations of the County Jail, where they are being visited only by their attorney and a few liberal union leaders but sympathizers who are not permitted to see them frequently call at the jail and leave food and fruits.

## CHINESE TROOPS MUTINY

### Government Forces Routed; Many Villagers Burned in Hamlets.

VICTORIA, B. C., May 20.—The Chinese are having trouble on the Russo-Chinese border, according to a dispatch brought by the Empress of India. The Novaya Zhenia, published at Vladivostok, says the Chinese garrison at Blagovestchenak mutinied and murdered its officers when they sought to arrest some anti-foreign agitators. The mutineers attacked the Chinese town of Khomops, looting many shops. Many villages were burned, and the boundary for protection. The mutineers have been joined by a number of brigades and are endeavoring to recruit from other garrisons along the Amur bank between Blagovestchenak and Aigun.

The Mongolian rebellion is giving the Chinese government apprehension. The Mongolians who had attacked a number of villages south of Taitshar, where atrocities were committed, many villages being burned, and the destroyed hamlets, routed the government troops sent against them.

## IDAHO DEFEATS WHITMAN

### One Man Decides Contest Between College and University.

WALLA WALLA, Wash., May 20.—(Special.)—Whitman College tonight was defeated by the University of Idaho in debate, the subject being the employers' liability law.

One judge presided over the debate. This is a radical departure from the three-judge system that has been in vogue since time immemorial. Judge Humeke, of the Spokane Superior Court, decided the contest.

Whitman and Idaho had two debates tonight, one in Walla Walla and one in Moscow, both on the same subject, which is "Resolved, That it is undesirable to compel employers to railroad to pay damages for industrial accidents."

Whitman had the affirmative here and the negative in Moscow. The Whitman team that debated here was composed of Newton Barrett, Earl Robinson and Alvah Kitt. The team that debated at Moscow in Harvard Duchette, Stanley Yates and Edmund Mills. The Idaho team that debated here is composed of Paul Dugrie, Thomas Driscoll and Charles Hornung.

# ARIZONAN LEADS FOR STATEHOOD

### Delegates Also Ask New Mexico's Constitution Be Approved.

## RECALL FEATURE MOOT

### Incidentally During Debate Impetus Is Given to Wilson Boom for Presidency in Washington.

## AFFINITIES ARE OUSTED

### MEMBER OF MULTI-MILLION-AIRE DRUMMONDS GETS TIP.

### Mrs. Jack Cudaby, Heroine of Many Bohemian Suppers, Also Asked to Vacate.

LOS ANGELES, Cal., May 20.—(Special.)—When the management of the Hotel Alexandria ascertained early today that Charles R. Drummond, youngest son of the multi-millionaire St. Louis tobacco family, was a guest, with his affinity, under the names of Mr. and Mrs. Charles R. Dunbar, it immediately found that it needed the suite they occupied that night. The house detective was sent up to break the news as painlessly as possible and found two bellboys carrying in full champagne bottles and two others bringing out empty ones.

Drummond was beginning to get up and was too busy to talk business. Two hours later, when the champagne procession had dwindled to one boy, the detective succeeded in his mission. Drummond and the woman, who is supposed to be the same who helped him see Paris, packed up and hurried away.

He announced that they were going to San Francisco, but they eventually went to the Hotel Virginia at Long Beach.

About the same time, Mrs. Jack Cudaby received a similar message from the hotel management. She asked and was granted a day's grace, that she could make travel reservations and will leave tomorrow for Kansas City. She has been the central figure in many Bohemian suppers at late hours and there was so much sparkle in some of them that the hotel decided to substitute something quieter.

## CAR RUNS DOWN MAN

### HENRY ROSS MAY DIE AS RESULT OF INJURIES.

### Victim Is Caught by Streetcar as Later Is Backed at Second and Stark Streets.

Caught under the wheels of a backing streetcar, at Second and Stark streets, yesterday afternoon, Henry Ross, foreman for the Pacific Hocking Company, was so seriously hurt that it is doubtful whether he will recover. Police officers, who investigated the accident, reported that little precaution was taken by the car driver, as they saw that no one was in danger behind them.

Ross was crossing Second street when the car started to run backward. He was knocked down and made an effort to scramble out of the way. Before he could do so the wheels caught him, crushing both legs and his chest.

Ross is now in St. Vincent's Hospital, where the right leg was amputated and the left foot was removed at the mid-dle. He was found to be suffering greatly from shock and loss of blood and his condition last night was critical. He lives at 455 Rodney avenue, and is 59 years old.

Use of two tracks in one street for cars running in the same direction is said to have been indirectly responsible for the accident. This practice has been criticized frequently by the police, who in reports to their superiors have predicted serious accidents. Just before Ross was run down the car, which was of the Vancouver line, was sent backward hurriedly to avoid running into an Alberta car where the two accidents met in one. The car was operated by Motorman J. P. Mackey.

## MRS. MARTHA ADAIR DIES

### Mother of Mrs. Sigler Was Early Pioneer of Oregon.

Mrs. Martha M. Adair, pioneer of 1852 and mother of Mrs. Bluford D. Sigler, wife of County Assessor Sigler, died at her home, 424 Tenth street, early Saturday morning. She was 75 years old. Mrs. Adair, whose maiden name was Kemp, was born in Missouri, crossing the plains in Oregon in 1852 and locating at Salem.

In 1854, while en route from Salem to Albany on the Steamer Gaselle, she married Dr. E. C. Adair, who was attracted to California from the East in the gold excitement of 1849, afterward removing to Salem. The ceremony was performed by Judge Perry. Dr. Adair died in 1849 and Mrs. Adair came to Portland 11 years ago and made her home with her daughter, Miss Florence C. Adair. Of six children, only two survive the mother. They are Miss Adair and Mrs. Sigler, both of Portland. Lloyd C. Cherry, of Seattle, is a surviving grandson. Mrs. Adair's mother, Mrs. Sarah Kemp, died in 1868 at the advanced age of 162 years and two months.

Funeral services will be conducted at Holman's undertaking chapel at 2 o'clock this afternoon. Burial will take place tomorrow afternoon in the family plot in the Oddfellows' cemetery at Salem.

## FOR SALE.

That very desirable parcel of land 100 by 139 feet, southwest corner of East Tenth and Gilliam streets, particularly suited for industrial purposes. Address, W. F. Woodward, Fourth and Washington streets.

## Recital Series Arranged.

Marshall Darrach has been engaged by the Irvington Club for a series of Shakespearean recitals at the club-house at East Twenty-second and Thompson streets, as follows: May 25, Thursday evening, 8 o'clock, "Comedy of Errors"; May 27, Saturday evening, 8 o'clock, "Midsummer Night's Dream"; May 29, Monday evening, 8 o'clock, "Julius Caesar." Mr. Darrach's recitations are of the highest order of dramatic excellence.

## Marion to Get New Schoolhouses.

SALEM, Or., May 20.—(Special.)—Plans are being made for the erection of four new schoolhouses in Marion County. These will be at Donald, Walker, Pleasant View and in the McKenna district. Superintendent Smith has already approved plans for a \$4000 school at Donald, and construction work will be commenced there immediately on a two-room structure. Plans are being prepared for the other buildings.

# ARIZONAN LEADS FOR STATEHOOD

### Delegates Also Ask New Mexico's Constitution Be Approved.

## RECALL FEATURE MOOT

### Incidentally During Debate Impetus Is Given to Wilson Boom for Presidency in Washington.

## AFFINITIES ARE OUSTED

### MEMBER OF MULTI-MILLION-AIRE DRUMMONDS GETS TIP.

### Mrs. Jack Cudaby, Heroine of Many Bohemian Suppers, Also Asked to Vacate.

WASHINGTON, May 20.—"I am here today begging Republicans and Democrats alike to let Arizona into the Union and to do it now," said Delegate Ralph Cameron, of Arizona, in today's debate in the House on the statehood resolution.

He recommended the plan for the immediate approval of New Mexico's constitution and the submission to the people of Arizona of the question of striking out the recall feature.

Representative Oimstead, of Pennsylvania (Republican), took a similar position today and gave new impetus to the Clark Presidential boom. Mr. Oimstead referred to a newspaper report that three-quarters of the Democratic members of the House favored Governor Woodrow Wilson for the Presidency.

Representative Graham, of Illinois, said he did not favor the recall of Judges, but that if a state wanted it, it was entitled to act on its own judgment.

Republican Leader Mann contended it had been the purpose of the makers of the Federal Constitution to admit all states upon an equal footing with the original states, but that in the admission of several conditions had been imposed by Congress.

All the arguments made against the recall of Judges by popular vote could be made with equal force against the proposal to elect Judges at popular elections, said Representative Hardy, of Texas, in support of the Arizona-New Mexico statehood resolution. Mr. Hardy declared that Rome had the recall up to the time Caesar had refused to be recalled from beyond the Alps and from that moment Rome lost her former liberty of popular action.

## FREE WOOL MEN ARE BEATEN

### Democrats Will Only Reduce Duty About 50 Per Cent.

WASHINGTON, May 20.—Democratic advocates of free raw wool had completely surrendered, it was declared, when the House ways and means committee continued today the work of revising the tariff on wool. Members of the committee who had been fighting against Chairman Underwood and Speaker Clark to place raw wool on the free list were said to have agreed to the retention of a reduced duty.

Though the exact rates to be assessed on raw wool and manufactured articles have not been disclosed, the tentative bill to be submitted to the Democratic caucus probably would be a flat revenue measure with raw wool cut about 50 per cent or more, and the manufactured articles reduced from 60 to 40 per cent, dependent on the decision of the committee as to how low the figure can go without seriously impairing the revenues. A lively discussion of the bill is expected in the Democratic caucus.

## Reciprocity Report Is Near.

WASHINGTON, May 20.—The Senate finance committee will conclude the hearings on the reciprocity bill early the coming week, and it is expected, will return to the Senate by Thursday next, possibly without either favorable or adverse report.

Two members of the committee only positively favor the reciprocity measure. Stone and Williams, giving the factory and negative approval are Penrose, Lodge and Chilton. Positively opposed are McCumber, Smoot, Gallinger, Clark, Follette, Bailey, Simmons and Johnson.

## Steel Probe to Begin Monday.

WASHINGTON, May 20.—The record of the inquiry made by the Department of Justice into the operations of the Steel Corporation is to be utilized by the special House committee selected to investigate the corporation. The committee will begin examination of all records available on Monday next.

## 25-MINUTE CARS PLANNED

### Railway Promises to Improve Vancouver-Portland Run.

VANCOUVER, Wash., May 20.—(Special.)—A 25-minute car service between Vancouver and Portland, operated by the Portland Railway, Light & Power Company in a short time. The schedule has been 40 minutes for years. The service across the river from Vancouver to Hayden Island will not be interrupted on the third Monday of the month, when boilers in the boat are washed, but the Jessie Harking will take the passengers back and forth.

This increased service will require one more train, making at least three in all. It may be that a fourth train will be added, if traffic demands it. The Vancouver car no longer makes local stops on Union avenue, except at Stafford street, near Columbia boulevard. This has the effect of compelling those living in Woodlawn and Piedmont to take Woodlawn or Union-avenue cars, instead of Vancouver cars.

## Milton Has Seven Graduates.

MILTON, Or., May 20.—(Special.)—Graduating exercises of the class of 1911 of the Milton High School are being held here this week. The seven graduates are Misses Wilma Shelton, Della Danner, Cecilia Armstrong, Evelyn Brinker, Hazel Anderson, Mina Wilcox and Lloyd Yates. President Penrose of Whitman College, delivered the baccalaureate sermon to the class at the Christian Church Sunday evening. The public schools here will close next Friday.

## SON NOT FIT TO MARRY

### PIERCE SAYS HE WAS UNDER INFLUENCE OF 45 DRINKS.

Oil Magnate Tells Reasons for Objecting to Marriage—He Refused to Buy Off Wife.

NEWBURGH, N. Y., May 20.—The action in behalf of Roy E. Pierce, son of Henry Clay Pierce, of St. Louis, the oil magnate, to annul his marriage to Mrs. Bessie Chapman Pierce was tried in the Supreme Court today. No defense was interposed. Justice Morehouse took the papers and will render a decision early next week.

The petition denied that any agreement existed whereby the action would not be defended. Young Pierce did not appear, but his father told in detail his objections to his son's wife, and also said he had refused to pay her \$25,000, which his son demanded to recompense her for the income she had lost by reason of her marriage to Pierce.

The father thought Pierce mentally incompetent to contract a marriage, as at the time, he said, the young man was suffering the effects of about 45 drinks and 50 cigarettes a day.

Dr. Carlos G. McDonald, called as an expert, gave it as his opinion that a person who drank and smoked so much was in no condition of mind to contract a marriage.

## JAPANESE CHILDREN BURN

### Little Ones Left in Bunkhouse at California Camp Meet Death.

STOCKTON, Cal., May 20.—In a fire which destroyed the building at camp No. 4, in the Orwood tract near here this morning, two Japanese children, aged six and four years, were burned to death. The children were left in the bunkhouse by their parents, who were at work in the fields. When the fire started it is believed that the oldest child attempted to open the door and in doing so locked it. The bodies have not been recovered.
