Pioneer Week---A Tribute to Oregon's Old Settlers!

THIS is the week all Oregon pays tribute to the men and women who crossed the plains three score years ago—who suffered the hardships of early days, fought the Indians, paved the way for the great, progressive land of plenty which we know today!

Many of the old settlers—still our patrons—were acquainted with Aaron Meier, the founder of this business, and will remember the little store on Front street, where The Meier & Frank Company had its beginning in 1857. The Oregon Pioneer Association is holding its 39th Annual Reunion this week, and Wednesday, June 21st, will be Pioneer Day. We cordially invite all our old friends to visit the store this week. We shall be delighted to conduct you through the store and point out the wonderful steps which have been made in store-keeping methods since 1857.
