

MULTNOMAH CLUB PUSHED TO FINISH

Finest Quarters of Any Athletic Organization in West Nearly Done.

GRANDSTAND IS LARGER

Construction Work on Building Is Going Ahead Rapidly—Field Will Be Improved More When Structure Is Completed.

Portland is soon to have the finest athletic clubhouses and grounds in the West, for the new home of the Multnomah Amateur Athletic Club is being rushed to completion with all possible speed.

Construction work on the new quarters of the club has progressed to such an extent that the foundations are in, and the cement work embracing the handball courts, squash courts and swimming pool, as well as the locker-room and basement, is completed. Work on the steel superstructure is now in progress.

The grandstand has been entirely reconstructed, even to the reinforcing of the cement foundation of the former stands destroyed by the fire of nearly a year ago. The new structure is two tiers of seats longer than the former structure. The new grandstand is shown in the accompanying illustrations, and all that remains to complete this structure is the placing of the roof. Another feature of this new stand is that it will contain dressing-rooms and other accommodations for spectators, as well as the athletes, though the latter will probably find the quarters at the club buildings much more suitably appointed.

More Courts Likely.

There are six newly constructed tennis courts and two more are likely to be added as soon as the more necessary buildings and portions of the grounds are made ready for occupancy. The field itself has as yet received but little attention, for the club is concentrating its energies toward erecting the clubhouse and the completion of the grandstand, and aside from the rolling of the field, making it level enough for baseball, no attention has been paid to this adjunct to the club.

An effort is to be made to construct a cinder path for the 100-yard dash and shorter sprints in the near future. The field at present affords no opportunity for the training of sprinters, as the dirt is too soft and slippery to allow successful foot racing. It is doubted whether the cinder path can be constructed in time to be useful this season, and if this is so, this work will be deferred entirely until next Spring.

One of the accompanying photographs was taken on Salmon street and shows what will be the main floor, entrance and reception hall of the new clubhouse. While this will be the main floor of the club, it will in reality be the third floor of the structure, which, when completed, will stand three additional stories higher than the Salmon-street level.

Veranda Will Be Feature.

The main floor will have a broad veranda extending the entire length of the north front, which will face the stadium, or field. The frontage on Salmon street will also have a long porch and spacious driveway, the latter for the accommodation of automobiles and vehicles.

The view of the main club buildings taken from the new grandstand shows the present height of the structure from the north. The additional three stories yet to be added will give the structure a commanding appearance from the street side. The cement work on the foundations has been completed and the big swimming tank, 75 by 35 feet, is completed except for the tile work, which will not be installed until the superstructure of the building has been placed.

Every day Multnomah clubmen gather at the new buildings to watch progress on their new home, and preparations for the opening of the structure will soon be taken up by the officers of the club.

CHAMPION IS BEST

Hazel Hotchkiss Defeats Florence Sutton.

MATCH MOST GRILLING

Only After Most Desperate Rallies Seen in Woman's Tennis Play, Is "Champ" Able to Retain Title of Country's Cleverest.

PHILADELPHIA, June 17.—Miss Hazel Hotchkiss of Berkeley, Cal., defeated Miss Florence Sutton of Pasadena, Cal., in the challenge round for the women's national tennis championship today and thereby regains the title.

Miss Hotchkiss won two sets to one, the score being 8-10, 6-1, 9-7. The mixed doubles championship, which she won last year, was also up for grabs, but it was only after a series of the most desperate rallies that Miss Hotchkiss was able to win.

Miss Sutton overcame a lead of 4-2 against her in the first set by winning three straight games, but 13 games were necessary before she captured the set.

In the second set Miss Hotchkiss summoned all her skill and resourcefulness and reeled off six games during five of which Miss Sutton gained but eight points.

The third set was nip and tuck throughout. At two games all, Miss Hotchkiss started lobbing tactics for the first time in the match, and this, together with some keen cross-court shots, won her the match.

The mixed doubles championship was won by Miss Hotchkiss and Wallace F. Johnston, who defeated in straight sets Miss Edna Wildey and Herbert M. Tidball.

Rain prevented the playing of the women's doubles final, in which Miss Hotchkiss and Miss Eleanor Sears, of Boston, are opposed to Miss Sneyd and Miss Dorothy Green, of Philadelphia.

OLD BUILDING BURNED

Brick Structure at Front and Stark Is Gutted.

One of the oldest brick buildings in Portland was gutted in a blaze at 5 o'clock yesterday morning, that destroyed about \$10,000 worth of stock of the Pioneer Paint Company and damaged the building to the extent of \$15,000. The building is near the corner of Front and Stark streets.

Adjoining property was practically uninjured, but efforts to save the paint stock were useless. Spontaneous combustion is given as the cause. The damage will be repaired at once.

The building was of only one story when built in June, 1857, for F. Davis and was the first brick building in Portland, which was erected in 1853 by the late W. S. Ladd.

LEWIS IS WINNER

Katz Trophy Goes to New Man in Multnomah Play.

THREE HARD SETS PLAYED

Tennis Match, Replete With Brilliant Rallies, Is Won by Scores of 6-3, 6-3, 7-5—Doubles Tourney on Tomorrow.

Playing a strong, pretty game, Percy W. Lewis yesterday won the Katz cup for the Multnomah Amateur Athletic Club annual Spring handicap tennis tournament, beating James F. Ewing in straight sets. The scores were 6-3, 6-3, 7-5. Both men played a brilliant game, volleying nicely throughout.

Ewing played a steady, consistent game, but Lewis' pretty work, coupled with a handicap was too much for him. Ewing owed 15, while Lewis received 15. Lewis is a new man in Portland tennis circles, having played only a few years. Nevertheless he has mastered a splendid variety of strokes and played them nicely yesterday. His service was good and his getting in the back work particularly fine.

It was apparent from the first set that Lewis had the match won, taking it 6-3. Ewing, however, fought for every point and in the last set pulled up from 1-4 to 5-4, but Lewis won the final two games, the set and the match. Some of the prettiest rallying seen in the tournament was done in yesterday's championship match, it being about equal between the men in this department. Ewing, as in the past, played brilliantly at the net, killing repeatedly. Lewis did killing prettily.

Lewis' win is the second on the Katz cup, R. C. Gorrill having won the championship last year by beating Brandt H. Wickersham, winner of the Ladd cup in 1909.

Play in the men's doubles department of the Multnomah Club tournament will commence tomorrow afternoon. There are nearly a score of teams entered and the finals probably will be played on Saturday afternoon. The Multnomah Club is giving silver cups to the winners in the men's doubles.

B'NAI B'RITH HEADS DUE

GRAND PRESIDENT AND GRAND SECRETARY COMING.

San Francisco Officers to Attend Portland Lodges' Meeting Tuesday—Orator Expected.

Otto Irving Wise, grand president of district No. 4, Independent Order B'nai B'rith, and I. J. Aschheim, grand secretary of the same order, will arrive this afternoon from San Francisco to attend a meeting of the two local lodges, Theodore Herzl and Portland, which will be held Tuesday night. Martin A. Meyer, grand orator of the order, will arrive from San Francisco Tuesday afternoon.

Mr. Wise is a well-known lawyer of San Francisco and has been prominent in the B'nai B'rith for many years. He is a brother of Dr. Stephen S. Wise, formerly rabbi of Temple Beth Israel in this city and now one of the leading clergymen of New York.

Mr. Aschheim was formerly a resident of Portland and has been a member of B'nai B'rith for the last 20 years. Mr. Meyer is rabbi of Temple Emmanuel of San Francisco, successor of the late Rabbi Voorananger. These officers will probably participate in the propaganda soon to be undertaken by the local lodges. The two Portland lodges have approximately 400 members. A lot 35x150 feet was purchased recently on Thirteenth street near Main street, on which it is proposed to construct a three-story building for the organization.

SUPPOSED HEIRESS HERE

PORTLAND WOMAN AFTER PART OF \$50,000,000.

Mrs. Hetty R. Linehan One of Several Fighting for Vast Pennsylvania Estate.

Information has reached Portland from Lexington, Ky., that Mrs. Hetty R. Linehan, of 431 First street, is one of several heirs contesting for possession of an estate in Pennsylvania estimated to be worth \$50,000,000. Other heirs to admit that such a contest is pending and that she is one of three of the heirs most directly interested, Mrs. Linehan would not discuss the case yesterday.

Mrs. Linehan is a granddaughter of the late George Robb, who left an estate consisting of real estate, railroads and mines, principally in Beaver, Beaver Falls, Harmony and Economy, in Beaver County, Pennsylvania. Proceedings have been started in Pennsylvania to escheat this property to the state for the reason that it was believed there were no legal heirs to the property. This action aroused Mrs. Linehan and the other heirs, who reside in Kentucky, Missouri and Michigan, with the result that they will endeavor to acquire the property.

Some time ago the heirs employed three prominent Kentucky lawyers, who went to Pennsylvania, inspected the property and examined the title. These lawyers are of the opinion that

the claim of Mrs. Linehan and the other heirs is tenable and they will take immediate steps to establish the claim of their clients to the property.

HOP MAN NEARLY DROWNED

Conrad Krebs Falls in Lake While Fishing, but Is Rescued.

Conrad Krebs, of Salem, one of the best-known hop men in the West, experienced a close call from death by drowning at Three Rivers Lake, in Tillamook County, Thursday. Mr. Krebs left Portland Wednesday in company with Kola Nels and Julius Pincus, and intended spending the week fishing in Tillamook County. The story of his adventure was brought out by Sam Goldsmith, of Tillamook, who was at the Helvedere Hotel yesterday.

Mr. Krebs fell from a boat while trying to land a large trout and before he could be seized had sunk twice. Mr. Nels leaped into the water after him and also came near drowning. The two of them then succeeded in getting Krebs to the shore, where after a time he was revived and taken to a farmhouse.
