

BOSTON WAS FINE TRIP TO ASTORA

Cruiser With Naval Militia Aboard Reached River Yesterday.

ONLY ONE MAN SEASICK

Journey From Bremerton Is Made Without Untoward Incident and Ship Leaves Early for Rainier and Portland.

ASTORIA, Or., June 17.—(Special.)—Manned and officered by Oregon Naval Militiamen and presenting the appearance of a formidable warship, the motor cruiser Boston slipped quietly into the Astoria harbor this morning and dropped anchor at 10:15 o'clock.

With the exception of six men assigned from the Puget Sound Navy-yard at Bremerton, the boat was manned entirely by the Naval Militia, which accompanied the ship like seasoned sailors during the entire trip, which was slow because but half the boiler equipment could be used.

Those on board from the Navy-yard were: E. J. Gavin, chief gunner's mate; W. Morrow, boatswain's mate; L. A. Cantor, water tender; W. A. Porter, quartermaster; G. E. Russell, electrician; and J. A. Clark, fireman. Three boys were on board from the Philadelphia, Harry Auerbright, B. Edmunds and C. D. Christensen.

Acting Mayor Curtis and W. F. McGregor, collector of customs, paid the ship a short formal visit. Acting as the navigating officer was Captain J. J. Reynolds, of Portland, who reported that but one man was seasick during the entire trip, which was slow because but half the boiler equipment could be used.

Those on board from the Navy-yard were: E. J. Gavin, chief gunner's mate; W. Morrow, boatswain's mate; L. A. Cantor, water tender; W. A. Porter, quartermaster; G. E. Russell, electrician; and J. A. Clark, fireman. Three boys were on board from the Philadelphia, Harry Auerbright, B. Edmunds and C. D. Christensen.

It is not certain whether Governor West will go to Rainier on the return of the Boston, the Mayor being unable to attend. Members of the Council, the Executive Board, and perhaps other officials will leave for Rainier on the 8 o'clock train this morning.

ALVEOLAR DENTISTRY

Does Away Entirely With Plates and Bridge Work To Do a Thing and Do It Your Level Best

The latest report from him is that he is not content in simply turning out a product that will sell.

But to get a standard HIGHER AND HIGHER as an expression and knowledge grow.

That is more than mere occupation—it is a work worthy of any one and has need to worry about making that plate in case these teeth give out; they are not going to give out there are solid.
