WASHINGTON, July 8. - President Gompers, of the American Federation of Labor, today told members of a Senare committee that Justice Wright, of the Supreme Court of the District of Columbia, should be impeached. He de-ciared, however, that he knew the Sen-ate would not institute impeachment proceedings, and that he did not intend his remarks as a suggestion to the committee to take the initiative. "I do not doubt that if we had the

recall in the District of Columbia Judge Wright would have been recalled before this," the labor leader added.

TEDDY, JR., NO INSURGENT Son of ex-President Joins Regulars in Bay City Politics.

SAN FRANCISCO, July 8 .- (Special.) SAN FRANCISCO, July 8.—(Special.)

—Theodore Rooseveit, Jr., has gone into local politics as a relaxation from the cares of the carpet business. He was made a member of the Republican county committee last week. Apparently Teddy, Jr., prefers the game of politics to social life, for the morning following his participation in the meeting of the county committee, his name appeared in the local newspapers as also having been at one of the swell functions of the June bride season at the same hour.

Young Rooseveit, while bearing a striking resemblance to his Presidential sire in features differs from the latter in that he is not a ready talker, and met the demands for a speech with a bow in pleased but blushing avoidance of the many calls from his fel-

Roosevelt, Jr., in this, his initial appearance in machine politics, was "regular," taking programme as against the "insurrector," who were ondeavoring to break the slate in the interests of Tom Finn for Sheriff. The usual date for paying of the marines is the first of the month and the men who came back from Guantanamo had four months' pay due them, which they expected to receive in time to make a holiday of the Fourth.
