

WITNESS  
ARRESTED

Complainant in Graft Cases  
Dismissed on Request  
to Leave City.

RECALL QUICKLY ORDERED

Judge Tatwell Says He Is Opposed  
to Ordering Any One Out of  
Town—Charges Against Offi-  
cers Are Heard.

Irene Carter, complaining witness  
against Detective Carpenter in an in-  
vestigation of alleged graft, under-  
went the experience of being arrested  
twice within 24 hours, and is now in  
the City Jail and will be held there till  
the graft atmosphere is cleared.

Thursday afternoon the Carter woman  
was arrested by Patrolman Lytle on  
instructions from Acting Chief of  
Police Slover and taken to the station.  
Two hours later Lytle swore to a com-  
plaint charging her with vagrancy and  
her bail was placed at \$250. Thurs-  
day night the Carter woman was taken  
before Acting Chief Slover and Chair-  
man Coffey, of the Police Committee  
and questioned as to alleged graft  
given Detective Carpenter and Patrol-  
man Madden.

Yesterday, when she was arraigned  
in Municipal Court, Judge Tatwell sus-  
pended sentence and the woman left  
the courtroom.

A report was spread that Judge Tat-  
well had ordered the woman out of the  
city, and he ordered her re-arrested.

"I did not order the woman out of  
the city," said Judge Tatwell, last  
night. "I am opposed to ordering any-  
one out of the city."

Patrolman Lytle  
said the woman wanted to leave the city,  
that she wanted to go to friends in  
Montana, and that if she was released  
it would be satisfactory to the Chief  
and himself. As there was nothing  
but a charge of vagrancy against her  
and she was not a person of bad re-  
putation, he suspended her.

"It has been my policy in such cases,  
when the defendant is charged with  
nothing more than vagrancy and the  
defendant wanted to leave the city, to  
suspend sentence and allow them to get  
out."

Last night Judge Tatwell ordered  
the police to arrest the Carter woman  
and Patrolman Lytle, in plain  
clothes, arrested her in Denny's, an  
eating and drinking place at Third and  
Jefferson streets. The docket at the  
station reads that she was arrested on  
complaint of Judge Tatwell.

When brought to the station the woman  
said she thought she was going to be  
given an opportunity to get out of the  
city.

IOLA, Kan., Aug. 12.—Freed by a  
pardon by Mayor Hollinger, Mrs. E. H.  
Reese, recently sentenced to the chain  
gang by Municipal Judge Smeltzer, yester-  
day stepped from the jail into the

The Reeses were estranged several

and later was arrested. The husband  
said he would take his wife home  
with him.

Grafting Process Only Way of Sav-  
ing Young Woman's Speech.

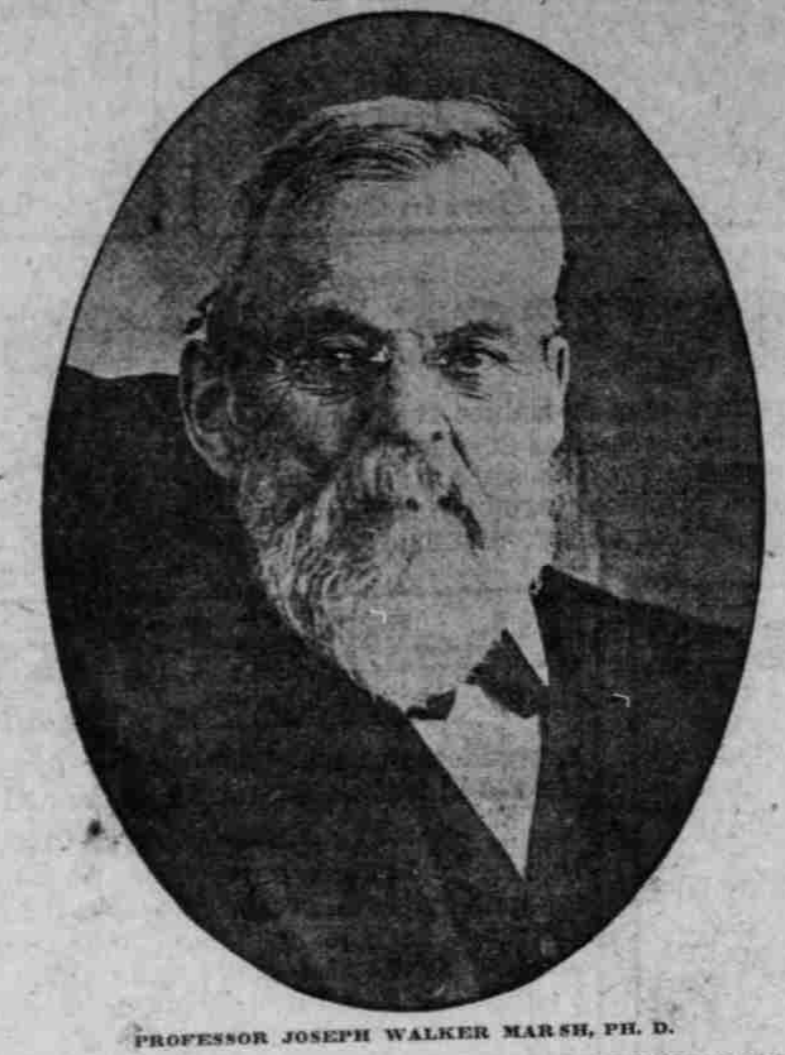

KANSAS CITY, Mo., Aug. 12.—Anyone  
willing to part with about an inch of  
his tongue can strike a bargain with  
the parents of Miss Inez Long, of In-  
dependence, Mo., who yesterday lost  
part of her tongue in an automobile  
accident.

Miss Long was thrown out of the  
car, her head striking the ground with  
great force. She bit her tongue al-  
most off. Miss Long's physicians be-  
lieve the only hope of saving the  
tongue will be by grafting a new piece  
to the lost part.

Professor Marsh, Librarian at  
Pacific, Resigns.

NOTABLE WORK IS DONE

University's "Grand Old Man"  
Passes 44 Years at Forest Grove  
Institution and Aids in Se-  
curing Carnegie Library.

PACIFIC UNIVERSITY, Forest Grove,  
Or., Aug. 12.—Professor Joseph Walk-  
er Marsh, Pacific's "Grand Old Man,"  
after nearly 54 years of active work  
as a professor, 44 of which have been  
passed at Forest Grove, has resigned his  
position as librarian of Pacific Univer-  
sity.

With ardent enthusiasm he has given  
the best of his life to the young people  
of Oregon and since his first year in  
Forest Grove, 1867, there have been few  
students whom Dr. Marsh has for-  
gotten.

He was graduated from the University  
of Vermont in 1857 and later re-  
ceived his Ph. D. degree at the Union  
Theological Seminary. His father, once  
the president of the University of Ver-  
mont, and his great-grandfather, who  
founded Dartmouth College, formed a  
foundation for Professor Marsh's love  
of learning.

There is not a department  
of the modern curriculum which is un-  
familiar to him.

In 1889 he was appointed librarian and  
he has become acquainted with every  
volume of the 16,000 books.

Professor Marsh has at last realized  
his ambition, the new Carnegie library  
buildings which is soon to be construct-  
ed on the campus. He retires at the  
age of 75 years.

let go of any.

Edwin Pearson, a neighbor, who came  
as near as any one to the hut, is au-  
thority for the statement that the estate  
will not fall below \$50,000. Deputy sheriffs

RENTON PASSENGERS BALK AS  
TRANSFERS ARE DENIED.

Mayor Dilling Tries to Settle Diffi-  
culty Pending Decision of Fed-  
eral Supreme Court.

SEATTLE, Wash., Aug. 12.—Mayor  
Dilling postponed his trip to North  
Yakima for the day in an attempt  
to bring about some arrange-  
ments for the exchange of transfers  
between the Seattle, Renton & South-  
ern and the Seattle Electric railways,  
which will quiet the trouble in the  
Rainier Valley and remain in force un-  
til the Supreme Court of the United  
States has decided the appeal of the  
Renton line from the decision of the  
State Supreme Court ordering the giv-  
ing of transfers.

The protesters of the Rainier Valley  
have declared a strike until Tuesday  
morning in the hope of seeing an am-  
icable settlement.

The day was one of bitter fighting.  
Trouble began when the first inbound  
car pulled into Columbia City. This  
was the 6:10 P. M. Where, Thursday  
morning not more than 50 passengers  
had refused to pay on refusal of trans-  
fers or receipts, yesterday the num-  
ber of protesters was doubled. With-  
in two hours' time four cars had been  
sidetracked, some of them were prac-  
tically emptied, and at various points  
along the line one and more cars were  
stalled. The operation of the road prac-  
tically was discontinued during that  
period.

Police made their appearance on the  
scene at 7:30 A. M. The demonstration  
was at its height an hour later and a  
crowd of more than 200 male women  
and children gathered about the stalled  
cars and gave their moral sup-  
port to the passengers.

AUTO ROAD MOVE FOUGHT

Medford Club to Work to Convert  
Better Highway Opponents.

MEDFORD, Or., Aug. 12.—(Special.)—  
Because of the opposition to the good  
roads move that has risen in Ashland  
and remote sections, the Medford Com-  
mercial Club will call a mass meeting  
of all the voters of the county soon.  
The meeting will be held all over the  
county, the largest to be here, and the  
voters will be addressed by the County  
Judge, the Commissioners and other  
good-road boosters.

"We want to educate the people on  
this occasion," declared Judge William  
Convig, president of the Commercial  
Club. "Personally, I favor a campaign  
for two long roads running from Ash-  
land to Grants Pass and from Applegate  
to Butte Falls through Central  
Point. We must promise the protec-  
tors something definite if we want  
their support."

Alleged Thieves Arrested.

Frank Howard and James Phelan  
were arrested at Third and Ankeny  
streets last night by Detectives Mal-  
lett and Abbott, on a charge of rob-  
bing R. I. Green. Green said he had  
been "strong armed" and robbed of \$35.  
Green was drunk and had difficulty in  
identifying the men as his assailants,  
but the detectives have several news-  
boys as witnesses, who say they saw  
the men rob Green.

Admiral Visits Department

HE RETURNS TO NEW YORK

Count Spends First Real Japanese  
Evening Since He Landed in  
United States, Only Country-  
men Being at Feast.

NEW YORK, Aug. 12.—Greeted by  
scores of Japanese and hundreds of  
Americans, who mingled their shouts of  
"bansai" in an enthusiastic welcome,  
Admiral Togo returned here at 6 o'clock  
from his tour of Washington, Baltimore  
and Philadelphia.

The distinguished visitor yesterday  
spent his first real Japanese evening  
since he left his native country in  
April. He was the guest of Consul  
General Midrino, at a dinner attended  
only by Japanese.

Earlier in the day, in Philadelphia,  
Count Togo saw the American women  
do his shopping. On a sight-seeing  
tour he and his party visited a large  
department store. Word that the Jap-  
anese hero was in the store spread rap-  
idly, and women flocked for the mo-  
ment their all-absorbing occupation and  
turned their attention to the Admiral.

The Admiral next was shown Inde-  
pendence Hall and the Liberty Bell.  
Well acquainted with American history,  
he observed minutely the various tab-  
lets and relics, with their inscriptions.

The party stopped also at the United  
States mint, saw lots of money coined  
and completed the morning tour with  
a ride through the parks and suburbs  
of the city.

Another engagement was added to  
Admiral Togo's itinerary today, when  
it was arranged that he should motor  
to Oyster Bay next Sunday morning and  
take luncheon with Colonel Roosevelt.

LANE SCORNS BETTER PAY

Commerce Commissioner Will Not  
Argue Against Own Policies.

SAN FRANCISCO, Aug. 12.—Frank-  
lin K. Lane, Interstate Commerce Com-  
missioner, here on a vacation, has re-  
fused several telegrams from a large  
Eastern corporation in New York, ask-  
ing him to become its legal representa-  
tive. Although the salary is more than  
twice as much as he receives from the  
Government, Commissioner Lane re-  
fused the offer.

"It was a case of having to appear  
before the Interstate Commerce Com-  
mission and the United States Supreme  
Court for my clients," said Lane. "That  
would have been distasteful to me. I  
should have had to argue against  
policies I have tried conscientiously to  
build up."

FIGHTERS DEFY OFFICERS

Medford Men Box Outside City and  
Authorities Are Powerless.

MEDFORD, Or., Aug. 12.—(Special.)—  
Defying the Mayor and his "no fight"  
ordinance, Roy Johnson and Will  
Carroll, two local boys, fought three  
rounds just outside the city limits last  
night. The fight was witnessed by  
several automobile loads of spectators  
and a crowd of onlookers. The fight  
was taken up for the benefit of the  
benefit of the principals. Policeman  
Cincade was present but could do  
nothing and neither the Deputy Sheriff  
nor the Mayor could do anything.

Promoters here are now considering  
the erection of a house just outside  
the city limits in which gladiators  
may hold without fear of interfer-  
ence from the Mayor. It is rumored to-  
night's fight was merely a test case.

of passing a worthless checkuring in

located in San Francisco.

KANSAS CITY, Aug. 12.—With thun-

In general throughout the territory  
which has been scizzling, it was from  
one to three degrees cooler, but the  
humidity was greater yesterday than  
before. The temperature was 103 de-

perpetrators of the crime hid their loot  
in the well, but were unable to re-
