HOP TRADE EXCITED

Yakima Market, Lifted to 35

REPORTED SHORT INTEREST

Over 1000 Bales Change Hands During the Day-Oregon Market Is Also Active-Cables Are Bullish.

The Yakima hop market was lifted to 35 cents yesteriay. There was excited buying throughout the day and over 1000 bales passed out of growers' hands. It is reported that a large short interest exists in Yakimas, and if so this explains the activity. Only a few thousand bales remain unsold in that

The largest huyer of Yakimas yestarday was Robert Livesley., Among his purchases were the following lots: his purchases were the following lots:
Jackson 65 bales at 25 cents; Brown.
48 hales at 24 cents: Moreford, carlead
at 24 cents or better; Slavin, 60 bales at
24 or 24% cents. Mitchell hought the
Morrison lot at 24 cents or better.
Klaber, Wolf & Netter paid 25 cents
for the Mondours crop of 210 bales. McNeff Bros. bought the Campbell lot of
145 bales.
Other Washington purchases were
the Nick Perfield tot of 217 bales at
Summer and the M. McCue crop of 154
bales at Buckley, both by Robert Livesley.

There was also a good volume of business in Oregon. McNeff Bros-bought 75 bales at McKee and 56 bales at Harrisburg around 55 cents; 75 bales from John Walling, of Lincoln, 150 bales from Victor Fink, of Sheridar, and 160 bales around St. Paul and New-

Klaber, Wolf & Netter bought the Wist crop at Newberg and 150 hales from a local dealer. Catlin & Linn paid 32 cents for the Kucher crop of 64 hales at Sheridan. William Brown hought the Allen lot of 60 bales at St. Paul at 32 cents.

There is no question now that export orders are in the market. The coming week should see prices of 25 cents or more paid in Oregon. The fol-lowing cables were received yesterday

by local dealers:

"London, Oct 7.—Prices for all descriptions continue to advance. Quotations, 150 to 200 shillings."

"London, Oct, 7.—Market better. Good demand for olds. Seventy-five per cent of English crop sold."

OATS IN STRONG DEMAND AND HIGHER Inquiry From the East for North Pacific Coast Wheat,

There is something of a boom on in the oats market. There is a strong California demand in the vailey, where a number of buyers from the Southern state are operating, and also a better cats trade locally, owing to the scarcity of barley. Sales were made on the Portland markets and a second to the portland markets. ity of barley. Sales were made on the Portland market yesterday at \$30 and business was also worked at \$30.50 \$31.50 for October-Nevember delivery. California purchasers to date are larger than for several seasons. A firm market was reparted on the Sound. Barley was quoted up to \$32.50, both here and in the Sound markets.

The wheat market was quist and unchanged. Buyers are holding back, owing to the uncertainty as to the strike situation.

There is some inquiry for Coast wheat from Kansan City and other Eastern points. It is not known that any business has been worked yet, but there is likely to be some movement of wheat custward in the near future, as prices are now at a level where such business could be done.

Local receipts, in cars, were reported by the Merchants' Exchange as follows:

Two-thirds of the Oregon mion crep has been burvested, according to reports made at yesterday's menting of the Confederated Onion Growers' Association. The remainder of the crop will soon be gathered, as the weather is favorable. The quality of the crop is very good and the yield will hold up to 500 cars of commercial colons.

The minimum selling price was fixed at 1 cent a pound on track at Portland and several cars have been sold, but the growers will not offer freely until after November 1, as they will be too busily engaged with farm work up to that time.

EASTERN CONCORD GRAPES RECEIVED California Grapes Will He Higher Monday-Good Apple Trade.

The fruit trade was active resterday, but the street did not clean up. A good many peaches were on hand at the close.

close.

California grapes were firm and will be quoted higher Menday. A carload of Eastern Concords arrived too late for distribution. They will probably offer at 27% 650c for eight-pound baskets. Local Concords were scarce and sold at 15c to 10c. Niagaras brought 10c to 15c. There was a good demand for apples of all kinds, especially low-priced cooking varieties. High-grade table apples also sold well.

No improvement in Poultry.
The poultry market closed quiet without improvement in prices. Receipts have been light all week, but buyers were indifferent.
Eggs were firm and very scarce.
There were no changes in the butter or chesse markets.

After Heavy Session, Stock Losses Are Regained.

STEEL IS UNDER PRESSURE

Decline in Allis-Chalmers B Without Explanation - Bonds Are

Steady—More Hopeful Feeling
in English Money Circles.

NEW YORK Oct. 7.—Trading in stocks was again in light volume during today's session and movements were narrow. The market showed further heaviness during most of the short session, but toward the close recognish were general and most of the sective stocks made small gains.

There was further heavy pressure against United States Steel, but bear efforts met obstinate resistance. The stock at its lowest price showed a loss of less than a point, and ended the day with a fractional gain.

The conspicuously weak stock in the list was Allis-Chalmers. The 5 per cent bonds broke more than 7 points, the preferred stock 3 points and the common 28. The issues sold at the lowest price showed a loss of less than a point, and ended the day with a fractional gain.

The conspicuously weak stock in the list was Allis-Chalmers. The 5 per cent bonds broke more than 7 points, the preferred stock 3 points and the common 28. The issues sold at the lowest price showed a loss of record since the company was formed in 1991, with no authenticated information to account for the decline. American stocks were fractionally lower in London, where a more hopeful feeling prevailed as a result of the relaxation from the recent strain.

The expected loss in cash by the banks was revealed in the bank statement, in addition to the decrease occasioned by exportation of \$3,500,000 gold, the banks lost on operations with the interior.

The Pinancier will say:
Computed on the basis of averages, the New York Clearing-House institutions lost during the week ending October 7 specie and legals to the amount of \$10,769,900.

Taking the statement of actual conditions as shown Saturday, however, the loss in cash was \$7,329,000. The excess reserve above the 25 per cent minimum figure on the average system decreased \$8,712,500, making the present surphis \$15,242,550, whereas the decrease in reserve, based on the average system decreased \$8,712,542,550, leaving the excess at \$14,315,200. The shrinkage in reserve was brought about by the direct loss of \$7,229,000 in cash, caused by the demand for funds from the interior, gold exports and operations with the Subtreasury. The loss fitch, according to the actual statement report, increased \$1,165,-000.

It is worth noting, however, that the exercise states as a series of the exercise of the exerc

000.

It is worth noting, however, that the separate report of trust companies showed a decrease in loans and investments of \$21,000, indicating that the trust companies have been shifting loans to the banks. SAN FRANCISCO PRODUCE MARKET Prices Quoted at the Bay City for Vege-

Year Ago and at Chicago Shipments Are Exceeded by Arrivals-Big Visible Expected.

CHICAGO. Oct. 7.—Prospects of brighter weather coaxed the entire grain list today in a downward direc-tion. At the close wheat was %c to %c under last night, corn off % to %c and

tion. At the close wheat was 1/2 to 1/3 under last night, corn off 1/3 to 1/3 cand oats 1/4 to 1/3 c. Hog products showed a net advance of 2/4 to 1/3 c.

Wheat traders in particular gave attention to the offical forecast indicating a period of more settled atmospheric conditions ahead. In addition, receipts in the Northwest were larger than a year ago and there were arrivals here which for the week exceeded shipments by nearly 250,000 busheis. The outlook for a big increase in the visible supply Monday tended to keep speculators in anything but a builtsh frame of mind. Altogether the market had an easy tone and finished within 1/4 or the lowest point of the day. Betwen the opening and closing December ranged from 51/4 c. Some important commission house selling had a depressing effect on corn, December fluctuated from 64/4 to 64/4 and closed 1/4 1/4 c. her. lower at 54/4 sellow closed 1/4 1/4 c. PORTLAND DAY DRAWS LARGE CROWDS TO VANCOUVER.

Football Games, Monoplane Wedding and Band Concerts, Aided by Fine Weather, Please.

VANCOUVER, Wash., Oct. 7 .- (Special.)-Portland day at Clark County Fair was the magnet that drew a large crowd from across the Columbia River to Vancouver today. All were delighted with the entertainment pro-

The fair will remain open tomorrow and preparations are being made for a record crowd in excess of those that have attended the three preceding days. Fine weather has been a conspicuous feature of the festival.

Music was furnished all day by the
First Infantry Band and the throngs
that poured into the enclosure from 10
o'clock this morning were pleased
particularly with the excellent exhibition of horseback riding and the livestock parade, all the animals being
decorated with their ribbon awards.

Two football games were played, Hill
Military Acadamy defeating Vancouver
High School by a score of 11 to 5. The
State School for the Deaf defeated the
high school boys in the morning, 10
to 5.

Miss Nina Stanley, widely heralded as the "balloon bride," was married to Henry Claasen by Rev. H. S. Temple-ton, of the First Presbyterian Church, under the wings of a twin-screw mono-plane. The balloonists, who were to plane. The balloonists, who were to have supplied the giant bag, broke their contract. "Here Comes the Bride" was played by the Infantry Band as the wedding march formed.

Three bands will furnish music at intervals tomorrow and all the exhibits will be kept in place. After the close of the fair they will be packed and sent for exhibition to various land shows in St. Paul, New York, Omaha and Chicago.

Six thousand dollars will be appropriated by the County Commissioners for next year's fair. This will be expended on a racetrack, one-half mile in length, and on other improvements.

It was learned last night that the wounds received by Calvin in his fight with the officers at Eatonville, immediately after the shooting of Mrs. Irving, were not serious. Two shots took effect, one between the bones of the wrist and the other just below the

elbow.

Yesterday Calvin sent word to his father at Toledo to bring the Sheriff that he might surrender. He says after hiding in the brush two nights he made his way to Tenino and stayed in hiding there two nights.

Next night he went into Centralia, walking straight through one of the business streets and passing two policemen on the sidewalk. He continued on to Chehalis and here hired a team and drove to Toledo, where he went to and drove to Toledo, where he went to the house of a brother-in-law and then to Ben Anderson's.

The result has been that for the first time in years, Australian Bour has come into the Hongkong market to the extent of over 140,000 hags, ordered in June for delivery in July, August and September. Australian wheatgrowers are gind to dispose of their product upon the basis of Liverpool prices, which Pacific Cosast farmers have not been willing to do.

Conditions in the North China flour market are reported by Consul E. Carrieton Baker, of Antung, as follows:

A remarkable advance in the sale of American flour has taken place in this district within the last six months, while the consumption of native flour has shown a corresponding diminution. Although the sale of American flour here in 1907 amounted to only 123 hundredweight, it rapidly decreased until 1909, when the import amounted to only 123 hundredweight. Although there was a slight upward tendency in 1919, when the importation reached 4819 hundredweight, the advance was comparatively small.

Native flour, on the other % and, showed a remarkable gain during the same four years in 1907 the importation amounted to only 25831, hundredweight, and in 1901 it reached 125,791 hundredweight. During the last six months, however, the attuition has been exactly reversed. In that time 60.028 hundredweight, respectively was imported, as sgainst 5348 hundredweight of Russian and Japanese flour (6507 hm 185 hundredweight, respectively) was imported during the same period, the figures show a slight decrease for each.
