STRIKE OVER, BOTH SAY

OFFICIALS AND WORKMEN DRAW CONCLUSIONS DIFFERENTLY.

Railroad Men Declare Conditions Splendid—Former Employees Are Confident of Winning.

Aroused to conscious loyalty by the encouraging words of John J. Sothons, grand lodge deputy of the Brotherhood of Railway Carmen of America, striking shopmen, formerly employed by the Harriman lines in Portland, at a mass meeting yesterday afternoon enthusiastically determined to remain firm in their position demanding recognition for their federation.
Regularly, both the strikers and the company officials yesterday declared that the strike is virtually over—but the two sides drew conclusions from conflicting sources. The strikers said that the company is now so badly hampered by crippled locomotives and "bad order" cars that it is on the verge of meeting the men and granting their demands. On the other hand, the officials assert that they have the shops well manned and that recruits are being added to the ranks every day. They reported that 18 more men were employed yesterday.
The strikers declare that the recent visit of a party of newspaper men to the shops under the guidance of officials was for the purpose of discouraging the men.
The stage was set, they say, and men gathered from every possible source within the fences to man the machinery while the reporters were inside. Such tactics, they state, are

WAGON LOADS RESTRICTED

Polk County Court Makes Law to Keep Highways in Good Shape.

SHERIDAN, Or., Oct. 14.—(Special)—The ranchers of Polk County have adopted a novel way whereby they mean to save the roads. The farmers advocated restricting loads being drawn over the best roads, which exceed a certain weight, and the County Court was appealed to for assistance in the matter. As a result, the Polk County Court has just placed legal restrictions on the size of loads that may be carried over certain prescribed thoroughfares. Hereafter it will be unlawful in Polk County to haul over prohibitive roads, loads in excess of 3500 pounds on wagons with tires less than four inches wide, or 4500 pounds on vehicles with tires between four and six inches wide, the weight of the wagon being considered as a part of the load.
The roads affected by the new ruling are the Dallas and Leviston road, the Carwood road, the Dallas and Salt Creek road and the Willamina and Butler road.

Tells Consumptives How He Got Well

"Tuberculosis is said to be curable by simply living in the open air and taking an abundance of fresh eggs and milk. Undoubtedly some persons are benefited in this way; but the appropriate remedy for consumption is Eckman's Alternative. Do all you possibly can to add to strength and increase weight, eat wholesome, nourishing food, and breathe the cleanest and purest air—then with sensible things of right living, add the tonic and curative effects of Eckman's Alternative. Read what it did in this case."
809 West street, Wilmington, Del.
"Gentlemen: In January, 1908, I was taken with hemorrhages of the lungs. My physician, one of the leading practitioners, said that it was lung trouble. I took eggs and milk in quantities, but I got very weak, and I kept on working in the store. The doctors said I would not gain in weight as long as I stayed in the store, but I kept on working and prayed each day that I might get well. I believe my prayers were answered. For Mr. C. A. Lippincott, my employer (Lippincott & Co. Department Store, 306 to 314 Market street, Wilmington, Del.), had learned of a remedy called Eckman's Alternative that had done great good, and upon his recommendation I began taking it at once. This was about June, 1908. I continued faithfully, using no other remedy, and finally noticed the clearing of the lungs, which appeared to be old chunks of blood coming up. I now have no trouble with my lungs. I firmly believe Eckman's Alternative saved my life. I sent my bottle later to the State Board of Health, to be examined for tuberculous bacilli, and none were found.
"My mother died from consumption when I was about two years old.
"I make this statement so that others may learn of the wonderful merits of Eckman's Alternative. I regard my recovery as being miraculous."
JAS. SQUIRES.
(Signed Affidavit)
Eckman's Alternative is effective in Bronchitis, Asthma, Hay Fever, Throat and Lung Troubles, and in upbuilding the system. Does not contain poisons, opiates or habit-forming drugs. For sale by the Owl Drug Co., and other leading druggists. Ask for booklet of cured cases and write to Eckman Laboratory, Philadelphia, Pa., for additional evidence.

GLIMPSE OF HARTMAN & THOMPSON'S OFFICE DURING THE PARKROSE RUSH

Hartman & Thompson's new addition, Parkrose, has broken all selling records in Portland's history. The above shows one of the scenes enacted daily ever since the opening announcement a short time ago. On several occasions the crowd of eager buyers grew so large as to make it almost necessary to close the doors.
