REPUBLICAN PLAN OPPOSED

Young Chinese Say Office Holders Balk Their Efforts.

Sixty Chinese in Portland, who hold offices under the Imperial government or have received honors from the Emperor, are endeavoring to balk the efforts of the Portland branch of the Young China Association, recently organized, according to Lee Quin, the secretary of the Portland revolutionary committee. This committee, which has been spreading false reports, is springing fear in local Chinese and in other ways trying to keep them from supporting the effort to obtain a republican form of government in China. There are no Manchus in Portland, but the desire to keep the honors and emoluments from the Imperial throne, which would be cut off by the republic, is given by Lee Quin as their reason for supporting the Imperialist throne. With more than 100 active members, the Young China Association in Portland has been organized and in its short life has already sent more than \$500 to the Young China Association of San Francisco, which is handling all campaign money from Chinese on the Pacific Coast.

A parade in the near future, in which more than 3000 Chinese who will be in Portland when the canny men and the hop-pickers come back to town, is being planned. The great flag of the desired republic, has been made and quarters for the society will soon be engaged.

ELKS TO DINE FAIR ONES

Women to Be Dinner Guests at Portland Hotel Wednesday.

Elks of Portland and their visiting brothers will entertain their wives and fair friends at a dinner in the Portland Hotel next Wednesday evening in an endeavor to arouse enthusiasm among the women in the grand lodge convention to be held here next July. Austin; "The Convention of 1912," by D. Solis Cohen, chairman of the publicity committee; "The Ladies," by Mrs. V. M. C. Silva, wife of Captain Silva. Banquet guests are expected to be seated at 6:30 P. M. The speaking will be concluded soon after 9 o'clock, after which the entire party will go to the Elks' clubrooms, where an entertainment will be given by some of the best vaudeville artists at the local theaters and a number of well-known Portland musicians. It is probable that several committees of women will be named to assist the men in providing entertainment for convention visitors and to aid in receiving the wives and families of Elks who will be here for the big week.

PEKIN GUARD IS ENLARGED

500 Marines to Protect United States Legation, Says Sergeant.

That the Marine guard at the United States Legation in Peking, China, has been increased by 100 men, and that 400 more are on their way, is the statement of Thomas W. Dench, sergeant of United States Marines at the Portland recruiting office. "Conditions in China now are the same as in the boxer rebellion of 1900," said Sergeant Dench. "The walls around the American legation have been reinforced by sandbags in readiness for an attack and the Marine guard is kept constantly under arms. "Marines to the number of 1100, still in the Philippines, could be embarked on short notice and landed in China within six days. Marines being used as an expeditionary force are always first to land when there is prospect of trouble."
