

CROWD WELCOMES TRAVELERS TO SEE GOVERNORS

Travelers Welcomed Home to St. Paul From Boundary Effacing Journey.

EARLY HOPES EXCEEDED

Brady, of Idaho, Summarizing Results, Says East Has Been Taught to Turn Face Westward, and Nation Has Been United.

ST. PAUL, Dec. 16.—Although snow was falling when the Governors' special arrived home from its tour of the East today, there was a big crowd at the station to meet the executives and each was enthusiastically received.

"Imaginary Lines" Effaced. All the Governors agreed that the trip had been of incalculable benefit to both sections of the country and as Governor Odell, of Nevada, said, it had completely effaced an imaginary line.

At noon the Governors were guests at luncheon given by the Association of Commerce, after which they rested until night, when the individual Governors were the dinner guests at the homes of leading St. Paul citizens.

The Governors, whose purpose it was to bring the East and West into a closer social and business relationship and exploit the resources of the various states represented, are enthusiastic over the results of the trip.

Brady Summarizes Results. Ex-Governor Brady, of Idaho, chief of the expedition, summed up the accomplishments of the trip as follows: "The Western Governors' special tour has assumed larger proportions than its most sanguine friends ever hoped for."

"The result of this tour will cause the people of the East to turn their faces toward the West; the different sections of the country will become more harmonious, and we will in the future be one great united Nation."

"We have taught the people of the East that the great co-operating feeling existing in the West is the secret of our success, and they have learned that the security is worth emulating."

"Our exhibit cars have been visited by more than 50,000 people, who have studied and been astonished at our 'exhibits.'"

The Governors tonight formed a permanent organization to be known as the Western Governors' Association. The first meeting will be held here on Monday night when Walter L. Fisher, Secretary of the Interior, will be the principal speaker.

Governor Norris, of Montana, was elected president, and Governor West, of Oregon, secretary. It was decided to hold next year's meeting at Boise, Idaho.

The object of the association will be to discuss questions of importance regarding the development of the West, with a view toward concerted action.

ALL DIFFERENT, SAYS WEST. Lobbies and Button-holding Done Away With in Oregon.

MINNEAPOLIS, Dec. 16.—How they handled politics in Oregon, today to the members of the Saturday Lunch Club, at a dinner which was given in his honor.

The old guard has been whipped to a frazzle," Governor West said. "Politicians are kept away from the polls and button-holding has almost disappeared with them. There are no more lobbies in the Legislature."

Governor West refused to reply to the criticism made by W. H. Hill, president of the Great Northern Railway, that the Governor had insisted on talking politics on his Eastern trip instead of the development of the West.

BIG SUPPLY HOUSE PLAN. San Francisco to Have \$200,000 Building for Marine Corps.

SAN FRANCISCO, Dec. 16.—Ground will be broken shortly in this city for a million-dollar marine supply department. The site has been selected and work is to be begun immediately.

EVIDENCE IS SWALLOWED. Judge, However, Sentences Crook Who Gulps Down Money.

SALT LAKE CITY, Dec. 16.—The fact that he had swallowed the only prima facie evidence against him, did not save Walter Watson, charged with attempting to pass a \$2 bill which had been raised to \$10, from prison.

DURBAR OVER, KING HUNTS. India's Great Durbar Is Brought to End in State.

DELHI, India, Dec. 16.—The great durbar, with its round of festivities lasting since the arrival of the King-Emperor and Queen-Empress on December 1, was brought to a conclusion today. Their Majesties left the camp station being lined with British and native troops.

King George has departed for Nepal on a shooting expedition, while Queen Mary has gone to Agra.

WAR MENACE SEEN

Canadian Legislator Thinks Germany Wants Trouble.

WORLD WILL BE SHAKEN

Real Reason for Defeat of Reciprocity Declared to Be Desire to Promote British Union to Meet Crisis.

NEW YORK, Dec. 16.—John Norton Griffiths, Conservative Member of Parliament for Wednesbury, says that within the next six years England and Germany will feel the effects of the conflict.

"The people of Canada," said Mr. Griffiths, "realized in their election that a far greater problem than disunity with the United States confronted them and that problem was the bringing together of the English empire in unity to confront the menace of a world which would soon threaten the existence of the mother nation."

"I believe there is no doubt," he continued, "that within six years—may be much sooner—England and Germany will be at war and all Europe will be shaken by the conflict. Yes, and America, too, for America could not help but be drawn into the struggle."

"The German nation is seeking a way out at every turn," he said. "The whole nation is behind a thing like this there is no stopping it. The bankers stopped war at the time of the recent crisis, but war was very near and the bankers cannot always stand in the way of a whole people."

SENATE IGNORES PROTEST. President Taft's message on departmental affairs, to go to Congress next Thursday. The meeting lasted more than three hours.

Through the day an effort was made in official quarters to minimize the importance of the Russian Ambassador's action.

"Russia has made no formal protest against the abrogation of the treaty or against the Sulzer resolution," Secretary of State Knox said. "The Russian Ambassador refused to discuss the matter in any way. The Ambassador, however, eagerly sought information as to the probable attitude of the Senate."

President Consults Leaders. President Taft sent for several of the Senate leaders today and placed the subject before them. He is said to have urged that the resolution of abrogation be modified. The President, it was said, had not given up hope that the negotiations undertaken some time ago with the St. Petersburg government would meet with success.

Republican leaders in the House were inclined to criticize the Democrats for having required the adoption of the Sulzer resolution. They had endeavored, they said, to have the resolution amended. When that effort failed, they voted for it in its original terms.

The resolution was carried, 269 to 1, the only negative vote being cast by Representative Malby, of New York, a Republican. The Democrats were quick to defend their action and Chairman Sulzer tonight issued a statement in which he declared that everything cited in the resolution was true, and that the Russian Ambassador would not attempt to deny it.

Speedy Action Promised. Senator Culberson, of Texas, Democratic, will lead the fight on Monday for the adoption of his resolution, which is a counterpart of the House document. The Republican leaders are trying to get together on a substitute which they hope will be accepted. It was said that the House, in its desire for speedy action, might accept a modified resolution rather than get into a wrangle with the Senate and have the matter go over until after the Christmas holidays.

The indications tonight were that a resolution agreed upon by both houses would be in the hands of President Taft not later than Wednesday next. There is no thought that the President will veto the resolution in its final form.

Chairman Sulzer, in his statement, said: "Of course I don't know what the Russian Ambassador said to the Secretary of War, but I am satisfied he did not tell him that Russia would now and henceforth live up to her treaty obligations with the United States and recognize passports held by American citizens without discrimination on account of race and religion."

"You tell me that the Russian Ambassador objects to the declaration in my resolution that Russia has violated the treaty." This is true and there can be no question about it. The record in the case is conclusive and I am surprised that the Ambassador objects to the truth. Official Russia seems to be getting sensitive about the matter at last, and that certainly is a good sign and means much, I hope, for the future.

"As a matter of fact, there is nothing offensive in the resolution. To say so is absurd and begs the question. I drew the resolution carefully, with a desire to say nothing in it to which official Russia or any friend or sympathizer with Russia could take objection. The resolution is in diplomatic form and follows the precedents heretofore adopted by Congress, only it is not so forcible and so drastic in language as some which have been passed by Congress. It says nothing we do not mean, and it means nothing we have not said before."

BISHOP IS STRICKEN

Rev. John Mills Kendrick's Death Is Tragic.

WIFE IS DANGEROUSLY ILL

Daughter in Another City Also in Critical Condition—Churchman's Health Broken by Service in Civil War.

LOS ANGELES, Dec. 16.—(Special.)—Death came suddenly today to Right Rev. John Mills Kendrick, Episcopal bishop of Arizona and New Mexico. The circumstances of his passing are particularly distressing because Mrs. Kendrick now lies dangerously ill at Oceanside. It is feared she cannot recover. His daughter is critically ill in Phoenix.

Twice last Summer Bishop Kendrick fell on the streets of Los Angeles and was taken to the hospital. Several weeks ago he again came up from Oceanside, this time to seek medical aid for himself, and was taken with apoplexy.

Bishop Kendrick was a veteran of the Civil War and broke his health in the service of his country. He has done a remarkable work as bishop of Arizona and New Mexico. He was 75 years old, a native of Gambier, O. He graduated from Marietta College in 1851; was admitted to the New York bar in 1858; entered the Civil War as First Lieutenant of volunteers in the 33d Ohio Infantry in 1861; was promoted to Captain in 1862 and resigned near the close of that year because of ill-health. He was made a deacon in the Episcopal church in 1864 and a priest in 1865 and sent as a missionary to Putlin-Baylo. In 1878 he was made general missionary of the diocese of Southern Ohio and in 1885 was consecrated as bishop of Arizona and New Mexico.

GIRLS RUSH INTO BLAZE

LAUNDRY WORKERS INJURED IN HOTEL FIRE.

After Escape They Return for Valuables and Four Are Hurt—Fireman Has Fall.

SANTA BARBARA, Cal., Dec. 16.—The annex to the Hotel Potter, one of the principal tourist hotels on the Pacific Coast, was destroyed by fire late today and for more than an hour the main building was seriously threatened. Five persons were slightly injured. The loss will reach about \$50,000.

It is thought the fire was started by an explosion of gasoline in the drying-room of the laundry.

There were about 50 girls at work in the laundry, and these at once made a rush for the door. All reached safety without being injured, but four of them, who thought of their clothing and wages hanging in the dressing-room, returned for these articles and were caught in the flames and smoke. Hannah Lacey was pulled out of the building by the firemen nearly suffocated. Stella Rush jumped from a third-story window and suffered a fracture of her left thigh. Mrs. Agnes Schultz and her daughter, Marian, aged 12, jumped from a second-story window. Mrs. Schultz being badly hurt about her body, but the girl escaping with minor bruises. John Dominguez, a fireman, was compelled by the heat to jump from a ladder at the second story and his right leg was broken.

MONMOUTH WANTS GOOD WATER. MONMOUTH, Or., Dec. 16.—The city of Monmouth is advertising for bids for the erection of the new \$20,000 water system. Monmouth has long wanted a good water system, as the one now in use lacks in the quantity of water supplied and that furnished is not satisfactory as to quality.

SHERIDAN BOY SCOUTS ORGANIZE. SHERIDAN, Or., Dec. 16.—(Special.)—The youths of the city have been organized into a Boy Scout troop by Professor A. Dawkins, principal of the Sheridan schools. The charter members are 25 and it is the plan to double this number before the winter is over and make the Sheridan troop one of the largest and most active in the Valley. The Scouts took their first "hike" Saturday, when they stormed the hills north of the city. With knapsacks and pikepoles the Boy Scout troop marched through the main street.

SCHOOLBOOKS 70 CENTS A PUPIL. SACRAMENTO, Dec. 16.—Statements of debaters on the textbook question in the Senate, that the cost of books for school pupils averaged as high as \$5 a year, caused Superintendent Hyatt to figure out the cost yesterday. His statement shows that for the year 1910-1911 the cost of books for each pupil averaged 70 cents.

ADVERTISE WHAT YOU HAVE TO SELL. IT is sure to advertise the article and nothing else. Lots of wording in most ads has no relation whatever to the subject advertised. That is wasting money. If you have something of worth that the people would buy if they were told of its advantages, seek out a competent advertising writer and put your advertisement in his hands. A six months' newspaper advertising campaign will not cost you more than \$200 per month. Results are sure.

MEXICAN PAPER BITTER. "PHANTASM" OF INTERVENTION SEEN TO THREATEN. El Parcel Predicts Situation Similar to Recent One Will Soon Confront Madero.

MEXICO CITY, Dec. 16.—El Parcel, at this late date, prints an editorial regarding President Taft's message to Congress on foreign relations, which was presented December 7. The affirmations contained in the message, the newspaper says, are so definite that they may be taken as outlining a policy applicable to all cases, that policy can be called simply intervention, inasmuch as the Madero government may find itself shortly confronting a similar situation to that in which the Diaz government was placed. The newspaper points to the President's message as proof that the "phantasm" of intervention confronts the Mexican nation. It refers satirically to Ambassador Wilson's "penetration, which, at the early date of his interview with Mr. Taft, enabled him to perceive a situation which no Mexican law and which only presented itself later."
